The Awkward Squad - Sophie Hénaff 2017-03-09

Suspended from her job as a promising police officer for firing "one bullet too many", Anne Capestan is expecting the worst when she is summoned to H.Q. to learn her fate. Instead, she is surprised to be told that she is to head up a new police squad, working on solving old cold cases. Though relieved to still have a job, Capestan is not overjoyed by the prospect of her new role. Even less so when she meets her new team: a crowd of misfits, troublemakers and problem cases, none of whom are fit for purpose and yet none of whom can be fired. But from this inauspicious start, investigating the cold cases throws up a number a number of strange mysteries for Capestan and her team: was the old lady murdered seven years ago really just the victim of a botched robbery? Who was behind the dead sailor discovered in the Seine with three gunshot wounds? And why does there seem to be a curious link with a ferry that was shipwrecked off the Florida coast many years previously? Translated from the French by Sam Gordon

*Falling for my Brother's Best Friend* - Piper Rayne 2019-02-20

Let's say you're an independent, self-sufficient woman who runs the family company and you find yourself falling for your little brother's best friend. Now, more than ever, you need to count all the reasons why you need to abandon falling. Abandon Falling #1 - He's a womanizer. Hasn't had a serious relationship a day in his life and changes women more often than he changes his sheets. Abandon Falling #2 - He's never serious. He cracks one-liners, mostly at your expense. Abandon Falling #3 - When things go wrong, he seems unfazed and always remains in control. It's so annoying. Abandon Falling #4 - He has tattoos. Lots of them. Everywhere. Not to mention, he owns a tattoo parlor. (Damn it! Why doesn't that sound like a bad thing anymore?) Abandon Falling #5 - There's a growing list of how different you two are. You can't get along for fifteen minutes—a lifetime together would land one of you in prison. Keep repeating those reasons and drown yourself in work. Pretend you don't notice his good qualities or how enticing he looks without a shirt, and do not, I repeat, do not agree to live with the man while your place is being repaired from flood damage. Trust me, even the strongest of us can only forego temptation for so long.

**Crop Circles** - Michael Glickman 2009-05-12

How does mankind deal with miracles? This question has assumed a more-than-theoretical importance in the life of Michael Glickman, who has been witnessing the miraculous on a regular basis since he investigated his first crop circle in 1990. In the years since then, an intensive study of the crop-circle phenomenon in the region of its most important appearances—the English countryside—has given Glickman extraordinary personal insight into a subject usually known only through secondhand reports and speculation. More than eight years in the writing, *Crop Circles: The Bones of God* is unique among books on this modern enigma in that it combines the author's firsthand field encounters with some of the most famous crop-circle formations (such as Alton Barnes 1990 and Silbury Hill 1997, as well as more recent circles) with intricate and dazzling analyses of the structure and content of those formations. This beautifully illustrated mix of personal narrative with detailed study informs a larger discussion of the role of crop circles in the modern world and their unprecedented promise of new chapters in the history of consciousness.
