On June 5, 1874, President Grant extended invitations to the governments of the world to participate in the Exhibition. All thirty-nine nations accepted. This was a six-month international event, running from May 1876 to November 1876. The Centennial Exhibition attracted over ten million visitors. It was a showcase of American ingenuity and inventions. Typewriters, telephones, and steam pistons as well as art were displayed. The invited countries displayed their own national products and art. The Turkey delegation brought its crown jewels. While City Council argued about final funding for City Hall, the population and visitors celebrated. American women could not vote. Discrimination and persecution against African Americans was prevalent. Regardless, people met, fell in love, and committed crimes.

She also gives us a glimpse of life in the coastal community of Big Sur, where she was miraculously saved in 1972, and which she calls the land of her "second birth." "When I met Mary and John in 2004 on the mission field, I knew this story needed to be told. The union of a flower child and a warrior in marriage is sure to bring the most dramatic stories. But the beauty of this book comes from the heart of God who continued to prepare, refine, and work by revealing Himself throughout their story. You're going to love this one!" -Andy Braner, author, speaker, teen advocate, but most of all a curious observer, discovering God's Beautiful universe

Priced Out Rachael A. Woldoff 2016-03-15 "On an average morning in Manhattan's Stuyvesant Town housing development, birds chirp as early risers dash off to work, elderly residents enjoy a peaceful morning stroll, and flocks of parents usher their children to school. It seems an unlikely location for conflict and strife, yet this eighteen-block area, initially planned as middle-class affordable housing, is the site of an ongoing struggle between long-term, rent-regulated residents and newer, market-rate tenants. Priced Out takes readers into this heated battle as a transitioning neighborhood wrestles with contemporary capitalist strategies and the struggle to preserve renters' rights. Attempting to replace longtime residents with younger, more affluent tenants, Stuyvesant Town's owners have disrupted native residents' sense of place, community, and perceived quality of life. Through interviews with residents, the authors offer an intimate view into the lives of different groups of tenants involved in this struggle for prime real estate in New York, from students experiencing the city for the first time, to baby boomers hanging on to the vestiges of middle-class urban life, to older residents who have lived in Stuyvestant Town since it opened in 1947. A compelling account of changing urban landscapes and the

Once, the village had been larger, more prosperous, but time and the pendulum of history had reduced it by the 1970s to no more than a cluster of izbas.
