Debut author Aminah Mae Safi's honest and smart young adult novel is about how easy it can be to hurt those around you even if—especially

Praise for Not the Girls You're Looking For: "Safi's prose style has a lively staccato rhythm that captures Lulu's spirited nature. . . In addition to Safi's focus on multicultural identity, her story provides a candid perspective on female friendships that are full of conflict, love, and angst. . . Safi offers a refreshing perspective on conformity and the path to self-actualization." —Publishers Weekly, starred review "Safi's debut novel offers Arab and Muslim readers a teenager they can relate to as they too learn to navigate racial and religious tensions in a predominantly white society. Girl Mans Up - M-E Girard 2016-09-06
Lambda Literary Award Winner! "Pen is an
inspiration to anyone who's struggled to be
understood, and a vital addition to the growing
world of genderqueer protagonists." —New York
Times Book Review All Pen wants is to be the
kind of girl she's always been. So why does
everyone have a problem with it? They think the
way she looks and acts means she's trying to be
a boy—that she should quit trying to be
something she's not. If she dresses like a girl,
and does what her folks want, it will show
respect. If she takes orders and does what her

friend Colby wants, it will show her loyalty. But
respect and loyalty, Pen discovers, are empty
words. Old-world parents, disintegrating
friendships, and strong feelings for other girls
drive Pen to see the truth—that in order to be
who she truly wants to be, she'll have to man up.

Twenty-six-year-old editorial assistant Nella Rogers is tired of being the only Black employee at Wagner Books. Fed up with the isolation and microaggressions, she's thrilled when Harlem-born and bred Hazel starts working in the cubicle beside hers. They've only just started comparing natural hair care regimens, though, when a string of uncomfortable events elevates

Hazel to Office Darling, and Nella is left in the dust. Then the notes begin to appear on Nella's desk: LEAVE WAGNER. NOW. It's hard to believe Hazel is behind these hostile messages. But as Nella starts to spiral and obsess over the sinister forces at play, she soon realizes that there's a lot more at stake than just her career. A whip-smart and dynamic thriller and sly social commentary that is perfect for anyone who has ever felt manipulated, threatened, or overlooked in the workplace, *The Other Black Girl* will keep you on the edge of your seat until the very last twist.

How to Attract Women - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many,

many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn

attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each

situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. What is the purpose of this journal? In this world full of anxiety, stress, depression people forget to smile and that's the exact reason to create this journal, we want people to smile and be happy. We created this journal to do all those things which

the world will tell you not to do, Things like - throwing this journal out of the window, frying it in the pan, crumbling it into pieces, beating it with a stick - just for the sake of that little moment of happiness. Believe it or not we all enjoy destroying things and that's the principle behind this journal. How to use this journal? First of all, think of it as your greatest enemy or the person you dislike most and want to beat them badly. Now start with very first activity like in this journal the activity is "Crumble this page" so you have to cut that page and then tear it into small pieces. Don't just tear it, think of it as your enemy and you're tearing them apart and believe me you'll feel the pleasure you have never felt in your life. Remember always use this negative power with this journal not in the real world. Whenever you feel bored or unhappy again, open this journal and move to next activity. For whom this will be a perfect fit? As everyone enjoys destroying things and destroying this journal has no real effects so this

Take Three Girls - Cath Crowley 2021-05-11

Three authors. Three appealing and relatable characters. One smart YA novel about a trio of unlikely friends who team up to take down the school cyberbully. "Mean stuff spreads so fast. One click. Post. Send. Share. Online bullying = sometimes suicides, so all the private schools have strategies for dealing with it. At St Hilda's, it's Wellness classes. We greeted the idea with genuine enthusiasm. Why not? Everyone loves the chance to slack off." Popular Ady seems cool and confident at school, but at home her family is falling apart. Brainiac Kate wants to pursue her dreams of playing music, even if it jeopardizes her academic scholarship. And swim champ Clem finds herself disenchanted with the

sport . . . and falling for a very wrong boy. When these three very different girls are forced to team up in a wellness class, they're not too pleased. But over time, they bond—and when they're all targeted by PSST, a website that dishes out malicious gossip and lies, they decide to take a stand, uncover the culprits, and fight back. But can they really fix a broken system? With each girl's story told by a different author, as well as intriguing questionnaires from the wellness class included throughout, this empowering novel explores today's most relevant topics— from cyberbullying and fat shaming to drug abuse and financial stress. *Tell Me How You Really Feel* - Aminah Mae Safi 2019-06-11

Aminah Mae Safi's *Tell Me How You Really Feel* is an ode to romantic comedies, following two girls on opposite sides of the social scale as they work together to make a movie and try very hard not to fall in love. The first time Sana Khan asked out a girl-Rachel Recht--it went so badly

that she never did it again. Rachel is a film buff and aspiring director, and she's seen Carrie enough times to learn you can never trust cheerleaders (and beautiful people). Rachel was furious that Sana tried to prank her by asking her on a date. But when it comes time for Rachel to cast her senior project, she realizes that there's no more perfect lead than Sana--the girl she's sneered at in the halls for the past three years. And poor Sana--she says yes. She never did really get over that first crush, even if Rachel can barely stand to be in the same room as her. Told in alternative viewpoints and set against the backdrop of Los Angeles in the springtime, when the rainy season rolls in and the Santa Ana's can still blow--these two girls are about to learn that in the city of dreams, anything is possible--even love.

2020-10-29

Having spent her childhood shunned by her adoptive parents in favour of her 'golden child' older sister, Mia vowed never to be the black sheep again. Since those lonely days, she's looked after Number One, lotus-eating abroad courtesy of a very rich man. But her charmed existence is interrupted when her sister dupes her into returning home for a short stint as a carer. Housebound in England with her life in Sardinia in tatters, Mia's world is turned upside down. Yet Mia's not prepared for the secrets she discovers lying beyond her mother's grave - what was the significance of the old knitting bag

embroidered with peacocks her mother continually clutched? Does Mia dare to discover a life she never knew existed?
