how much I want to kiss you?" His eyes were silver in the
moonlight, his breath full of sake."No," I whispered, putting my
arms around his neck. "It would be really wrong not to do it,
though.""You think?" His lips met mine before I could think of a
response, before I could think at all. He tasted like sake, too, but
so did I. I wasn't sure it was the sake, though, that was sending
the fire flowing through my veins as we kissed. I slipped a hand
through his hair, all those dark curls, as his mouth slanted across
mine and our tongues began to explore. I forgot where we were, I
forgot everything but the feel of his body against mine, my
breasts pressed against his chest as he pulled me in closer."Janie,
I want you," he whispered, kissing my neck, enveloping me in his
arms. I could feel that—his cock hard through his trousers,
pressed against my belly. "Would it be wrong to take you home
with me tonight?"I shivered as he lavished kisses over my neck
and shoulders, his breath hot, coming almost as fast as mine. I
wanted to answer him, to tell him yes, but I was too afraid. What
would happen then, I wondered? What would it be like, waking up
with Josh but having to face Catherine in the morning? How was
this going to work?"Josh," I murmured as his hands moved down
my back, cupping my ass, squeezing gently as his tongue made
little circles over my collarbone. God, if he kept that up, I was
going to be inviting him back to my place, and I didn't even want
to think about the consequences of that, what Ronnie and TJ
would say."You feel so good," he groaned, and before I knew it,
we were kissing on a park bench, Josh pulling me into his lap.My
dress was too tight to allow me to straddle him properly, so he
pushed it up and grabbed my hips, crushing the red silk of my

panties directly against the heat of his erection. I could feel it through his trousers, riding up and down as we rocked together. "Oh god," I moaned softly when he broke off to stroke my breasts through my dress, kissing the swell of my cleavage. I could see the hunger in his eyes when he looked up at me in the glow of a street light. "Please, Josh..." He slipped a hand behind my neck, pulling my mouth down to his, kissing me breathless. When I slid my hand between us to feel the length of his cock through the thin material, he groaned...

The Life and Death of Sophie Stark Anna North 2015-05-19

Winner of the 2016 Lambda Literary Award for Bisexual Fiction "I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story."—Emma Donoghue, New York Times bestselling author of *Room* "This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy."—Lena Dunham Gripping and provocative, *The Life and Death of Sophie Stark* is a haunting story of fame, love, and legacy told through the propulsive rise of an iconoclastic artist. Sophie Stark begins her filmmaking career by creating a documentary about her obsession, Daniel, a college basketball star. But when she becomes too invasive, she finds herself the victim of a cruel retribution. The humiliation doesn't stop her. Visionary and unapologetic, Sophie begins to use stories from the lives of those around her to create movies, and as she gains critical recognition and acclaim, she risks betraying the one she loves most. Told in a chorus of voices belonging to those who knew Sophie best, *The Life and Death of Sophie Stark* is an intimate portrait of an elusive woman whose monumental talent and relentless pursuit of truth reveal the cost of producing great art. It is "not only a dissection of genius and the havoc it can wreak, but also a thunderously good story" (Emma Donoghue).

Your Computer Is on Fire Thomas S. Mullaney 2021-03-09 Technology scholars declare an emergency: attention must be paid to the inequality, marginalization, and biases woven into our technological systems. This book sounds an alarm: we can no longer afford to be lulled into complacency by narratives of techno-utopianism, or even techno-neutrality. We should not be reassured by such soothing generalities as "human error," "virtual reality," or "the cloud." We need to realize that nothing is virtual: everything that "happens online," "virtually," or "autonomously" happens offline first, and often involves human beings whose labor is deliberately kept invisible. Everything is IRL. In *Your Computer Is on Fire*, technology scholars train a spotlight on the inequality, marginalization, and biases woven into our technological systems.
