Most people only know one London; but what if there were several? Kell is one of the last Travelers—magicians with a rare ability to travel between parallel Londons. There's Grey London, dirty and crowded and without magic, home to the mad king George III. There's Red London, where life and magic are revered. Then, White London, ruled by whoever has murdered their way to the throne. But once upon a time, there was Black London...

The Slave That I Am - K. A. Young 2019-01-16
Hunters. A species forged between a pureblood vampire and a human. Turned against their

creators for their sheer humanity, the hunters fight for those who cannot protect themselves, the sentinels of the humankind. Among those born to this species, a gifted trait, a rarity in its own rite: blood magic. What the vampires live for, turned into a magical weapon, blood magic is feared and cautioned by the vampire society. Annika Larson, a hunter born with the blood magic trait, is given the opportunity when she's thirteen to observe what the hunters are responsible for. That night changes the course of her life, watching as her older sister, Alyssa, is killed for being bitten by a pureblood vampire. As Annika watches her sister's existence flicker out, she defends her life with the use of her blood magic from another seeking to end it. After that night, Annika quits her training and moves to live with her grandparents, her blood magic but a distant memory as she lives her life among humans. That is, until her twenty-first birthday, when she's faced with a demon from her past. Captured for what she is, it's up to her to discover what she should have trained all those years ago for.....to end those who torment the weak. How can she save others when she can hardly fight for herself?

The Shadows - Cheyenne McCray 2018-06-14

He is the one man Hannah can never, ever trust—especially because of her dangerous attraction to him. Garran knows the beautiful, headstrong Hannah is wary of him for having banished his people to a life underground. But now Garran can right that wrong by helping her and the other gray witches in their battle against the demons of Underworld—even if doing so means sacrificing the passion he's found only in Hannah's arms.

hear. I'm not going to tell you the story filled with lovey-dovey sparkle love shit. You all enjoy a good love story, don't you? Filled with romance and mystery? That's not my story...at least, that's not what I had planned on doing when I crossed over from the Dominion Plain in Hell to Earth. Everyone knows that sex demons are incapable of...well...save for the incubus King Keegan and Eris...Lust, sin, violence...oh, let's not forget seducing, my loves! Yes, you could consider me a one-night stand type of guy, just here to fuck and take your energy. Let's hope I don't get too carried away, otherwise, I might accidentally take that irresistible soul of yours...who am I kidding? I'd do it on purpose in a heartbeat. Speaking of which, who's big idea was it to give me an angel as a soulmate? I'm laughing so hard...can't you tell? Now really...an evil fucking demonic being with a sweet...okay...prude guardian angel as their mate. Really? Come on now...are you trying to wash away my sins? Or...shall she indulge in mine? Let's find out which one it is, shall we?

To Seduce a Vampire - K. A. Young 2020-04-16

"Too bad the things that make you mad, are my favorite things." Cunning and agile, Adrasteia descends from a long line of assassins, her position within her vampire coven is one she doesn't take lightly. In fact, she's only revealed herself to make a kill and then resumes to hide away in the shadows. Always watchful, it takes one time, one moment of her stepping out of the shadows and into the glimmer of the full moon, for the Incubus King to lay eyes on her. Keegan's father, Bram was a tyrannical leader, who once ruled over the Dominion Plane, otherwise known as Hell. After losing his would-be wife to a pureblood vampire, the incubi, succubi, and the many other demons turned on their king, killing Bram. It was in Keegan's best interest, to also turn on his father in a split-second decision that earned him the throne. Ruling with an iron fist, but much more personable than his father, he's had countless succubi, but none compare to the one he lost. Will a vampire satisfy his insatiable desires? Or will she kill him in order to return to her beloved?

To Seduce a Succubus - K. A. Young

2020-02-14
I'm not like them.....the vampires. No, I'm something very different. I'm the flicker in your

mind while you sleep at night. My image projections ignite that burning passion deep within you, bringing out your carnal desires. Whether I choose to show myself to you physically, is of my discretion. That was until I killed my master. Why did I kill him? I was tired of being a broken toy. Who was my master? Oh, I'll tell you a tale you'll soon never forget. I've seen the rise and fall of the vampires. Their kind leaving a bitter mark on this world. I was cast out of the Dominion Plain, Hell if you will...where all demons originate from and return to when they die. Yes, even the vampires. Their King and Queen keep everything in order, every vampire belonging to a coven, except for the rogue vampires.....they are the ones mainly tracked down and executed by the hunters. They don't like to play by the rules. Sentenced to a life of emptiness and seclusion, I am stuck in corporeal form. I live a life I regret most days, feeding on the energy of humans. I keep to myself, working at the Dv8 strip club in Portland, Oregon I make money and feed on the clientele to sustain myself. I have one rule. Stay away from vampires. Why? I can't seduce them, and they have no soul. I can feel their energy, but I cannot steal it. They are nothing but trouble. So, you can imagine my bewilderment, when one night I end up in a private room performing for a vampire. Not just a vampire.....a pureblood. Not just a pureblood.....a rogue. Why did a pureblood go rogue? Your guess is as good as mine, but I'm sure we'll find out together.

Sent to Bull Creek by the Paranormal Council, Dimitri Everest kept a close eye on the hodge-podge collection of residents that made up the community, too busy to open his eyes or his heart to the possibilities of romance. [The Rules of Magic](#) - Alice Hoffman 2017-10-10
Everyone needs a little magic in their lives... The

Rules of Magic is the long-awaited prequel to Practical Magic, and a New York Times bestseller and Reese Witherspoon's Book Club pick! In this sparkling prequel we meet the Aunts from Practical Magic, sisters Frances and Jet and Vincent, their brother. From the beginning their mother Susanna knew they were unique: Franny with her skin as pale as milk and blood red hair, who could commune with birds; Jet as shy as she is beautiful, who knows what others are thinking, and Vincent so charismatic that he was built for trouble. Susanna needed to set some rules of magic: no walking in the moonlight, no red shoes, no wearing black, no cats, no crows, no candles and certainly, absolutely, no books about magic... But the Owens siblings are desperate to uncover who they really are. Each heads down a life-altering course, filled with secrets and truths, devastation and joy, and magic and love. Despite the warning handed down through the family for centuries - Know that for our family, love is a curse - they will all strive to break the rules and find true love. ***A perfect read for crisp autumn nights!*** Praise for The Rules of Magic: ‘The combination of magic with the universal themes of romantic love and the bond between siblings allows the reader to have one foot in a magical world and another in the realities of family life. Much like the bewitching heroines in this book.’ - The Lady ‘Utterly spellbinding’ - Heat ‘Shows the author at their best... She neatly intertwines their lives with a backdrop that brims with periodic detail. Gnomonic maxims add to a wise, seductive, fabular tone... Thrilling and transportive’ - Sunday Times ‘Enchanting... Spellbinding and entertaining’ - Sunday Express ‘Hoffman explores Aunt Frances and Aunt Bridget’s (known here as Jet) awakening to the craft in the 1960s. Franny and Jet, along with their brother Vincent, stay with their Aunt Isabelle. Each of their gifts grow, but can they use them to break the family curse? The Rules of Magic is a gentle tale, perfect as the nights draw in’ - Press Association ‘As efficient a slice of escapism as you would expect from Hoffman... Hoffman’s skill is to ground her light-as-a-feather tale in a very specific time and place: Manhattan in the Sixties. Wisely, she doesn’t rely on the momentous times to do too much work, but the heady atmospheric are expertly

interwoven' - Daily Mail 'A bewitching, hard to put down tale of the consequences of magic, love and family' - Bookbag

She has only seven days to live. Unaware of the family's witchcraft lineage and all it entails, one of the young sisters of the new Owens generation has fallen in love. As the curse strikes once again, her love's fate hangs in the balance, spurring three generations of Owens to venture back to where it all began and use their gifts to break the spell that has marked all their lives. This novel is a testament to the human spirit and to love rising from the ashes of war. But most of all, this novel is one that will never be forgotten by a reader.'
