Down and Dirty Pictures Peter Biskind 2016-06-16 In the late 1980s a generation of filmmakers began to flower outside the Hollywood studio system and in the following decade, the independent film movement bloomed. Dozens of lesser-known filmmakers such as Steven Soderbergh and Quentin Tarantino began walking away with coveted prizes at Cannes and eventually the Academy Awards. Many of these directors were discovered at Robert Redford's Sundance Film Festival and then scooped up by Harvey and Bob Weinstein, whose company Miramax laid waste to the competition. In *Down and Dirty Pictures*, Peter Biskind tells the incredible story of these filmmakers, the growth of Sundance into the premier showcase of independent film, and the meteoric rise of the controversial Weinstein brothers who left a trail of carnage in their wake yet created an Oscar factory that is the envy of the studios.

sex, lies and videotape Steven Soderbergh 2011-06-02 Like Michael Powell's Peeping Tom, Steven Soderbergh's sex, lies and videotape presents us with a protagonist who can only connect with others through the lens of a camera. Graham is an enigmatic young man who returns to Baton Rouge from a long road trip, mildly irritating his old lawyer friend John and wholly intriguing John's housebound wife Ann. John is conducting a sneaky and entirely sexual affair with Ann's sister Cynthia. For her part, Ann has lost interest in sex, yet Graham's obscurely charming eccentricity stirs something inside her - until she learns that he is functionally impotent and can manage arousal only with the help of a video camera and an agreeably loose-lipped female. Nevertheless, it's the dragging into the open of Graham's dirty little secret that causes all of these characters to confront their own veiled deceptions and hypocrisies. sex, lies and videotape won the Palme d'Or at the 1989 Cannes Film Festival, affirming the arrival of a distinctive new talent and signalling the start of a movement among young independent American film-makers opposed to the values and formats of the Hollywood system. Soderbergh's script is an unerringly elegant, witty and literate study of contemporary perversity.

Shakespeare, The Movie II Richard Burt 2004-02-24 Following on from the phenomenally successful *Shakespeare, The Movie*, this volume brings together an invaluable new collection of essays on cinematic Shakespeares in the 1990s and beyond. *Shakespeare, The Movie II*: *focuses for the first time on the impact of postcolonialism, globalization and digital film on recent adaptations of Shakespeare; *takes in not only American and British films but also adaptations of Shakespeare in Europe and in the Asian diapora; *explores a wide range of film, television, video and DVD adaptations from Almereyda's *Hamlet* to animated tales, via Baz Luhrmann, Kenneth Branagh, and 1990s' *Macbeths*, to name but a few; *offers fresh insight into the issues surrounding Shakespeare on film, such as the interplay between originals and adaptations, the appropriations of popular culture, the question of spectatorship, and the impact of popularization on the canonical status of "the Bard." Combining three key essays from the earlier collection with exciting new work from leading contributors, *Shakespeare, The Movie II* offers sixteen fascinating essays. Extreme Cinema Mattias Frey 2016-03-15 Received an Honorable Mention for the 2017 British Association of Film, Television and Screen Studies (BAFTSS) Best Monograph Award From *Shortbus* to *Shame* and from *Oldboy* to *Irreversible*, film festival premieres regularly make international headlines for their shockingly graphic depictions of sex and violence. Film critics and scholars alike often regard these movies as the work of visionary auteurs, hailing directors like Michael Haneke and Lars von Trier as heirs to a tradition of transgressive art. In this provocative new book, Mattias Frey offers a very different perspective on these films, exposing how they are also calculated products, designed to achieve global notoriety in a competitive marketplace. Paying close attention to the discourses employed by film critics, distributors, and filmmakers themselves, *Extreme Cinema* examines the various tightropes that must be walked when selling transgressive art films to discerning audiences, distinguishing them from generic horror, pornography, and Hollywood product while simultaneously hyping their salacious content. Deftly tracing the links between the local and the global, Frey also shows how the directors and distributors of extreme art house fare from both Europe and East Asia have significant incentives to exaggerate the exotic elements that would differentiate them from Anglo-American product. *Extreme Cinema* also includes original interviews with the programmers of several leading international film festivals and with niche distributors and exhibitors, giving readers a revealing look at how these institutions enjoy a symbiotic relationship with the "taboo-breakers" of art house cinema. Frey also demonstrates how these apparently transgressive films actually operate within a strict set of codes and conventions, carefully calibrated to perpetuate a media industry that fuels itself on provocation.

This book documents the phenomenon, tracing its history, legacy and impact on the soap opera industry and on popular culture at large.

The Cinema of Steven Soderbergh Andrew deWaard 2013-05-07 The industry's only director-cinematographer-screenwriter-producer-actor-editor, Steven Soderbergh is contemporary Hollywood's most innovative and prolific filmmaker. A Palme d'or and Academy Award-winner, Soderbergh has directed nearly thirty films, including political provocations, digital experiments, esoteric documentaries, global blockbusters, and a series of atypical genre films. This volume considers its slippery subject from several perspectives, analyzing Soderbergh as an expressive auteur of art cinema and genre fare, as a politically-motivated guerrilla filmmaker, and as a Hollywood insider. Combining a detective's approach to investigating the truth with a criminal's alternative value system, Soderbergh's films tackle social justice in a corporate world, embodying dozens of cinematic trends and forms advanced in the past twenty-five years. His career demonstrates the richness of contemporary American cinema, and this study gives his complex oeuvre the in-depth analysis it deserves.
