Princeton Alumni Weekly - Jesse Lynch Williams 1986

Playlist - Palais de Tokyo (Museum : Paris, France) 2004

"Playlist n'est pas une exposition thématique; les artistes rassemblés ici travaillent à partir d'une similaire intuition de l'espace mental contemporain ... Ils perçoivent la culture de ce début du vingt-et-unième siècle comme un champ chaotique infini dont l'artiste serait le navigateur par excellence. N. Bourriaud.

RX Ambush - Paul Stessel 2001-01-20

A pharmaceutical company is in serious and funny trouble trying to promote a flawed aphrodisiac product. The trouble includes industrial espionage, romantic turmoil, private eyes and Congressional investigations. All recognized in today's headlines. Woodruff, the company's CEO, Parsons, the bent new executive male and female research scientist, congressmen, prostitutes, advertising and public relations agencies and Wall Street manipulators are all trapped in their own ambitious schemes. The action races through corporate offices, a

SoHo loft, laboratories, secret experiments, Senate hearings and missing drugs with a key revelation from 14th century Florence. In the end Parson's nefarious use of sexual and financial weapons and theft are uncovered by Woodruff and his allies and revealed in surprising developments during a Senate hearing. The author has had extensive experience in pharmaceutical company management, as well as a background in journalism.

Parallel Presents - Amelia Barikin 2012-09-14
The first book-length art historical examination of a major contemporary French artist. Over the past two decades, French artist Pierre Huyghe has produced an extraordinary body of work in constant dialogue with temporality. Investigating the possibility of a hypothetical mode of timekeeping—"parallel presents"—Huyghe has researched the architecture of the incomplete, directed a puppet opera, founded a temporary school,

established a pirate television station, staged celebrations, scripted scenarios, and journeyed to Antarctica in search of a mythological penguin. In this first book-length art historical examination of Huyghe and his work, Amelia Barikin traces the artist's continual negotiation with the time codes of contemporary society. Barikin finds in Huyghe's projects an alternate way of thinking about history—a "topological historicity" that deprograms (or reprograms) temporal formats. Barikin offers pioneering analyses of Huyghe's lesser-known early works as well as sustained readings of later, critically acclaimed projects, including *No Ghost Just a Shell* (2000), *L'Expédition scintillante* (2002), and *A Journey That Wasn't* (2005). She emphasizes Huyghe's concepts of "freed time" and "the open present," in which anything might happen. Bringing together an eclectic array of subjects and characters—from moon walking to situationist practices, from *Snow White* to Gilles Deleuze—*Parallel Presents* offers a highly

Teens & Sex - Hal Marcovitz 2014-09-02

The teenage pregnancy rate has dropped in recent years, yet each year more than 320,000 teen girls in the United States give birth. This volume examines the changing attitudes of teenagers toward contraception, abstinence, sexually transmitted diseases, media influences, and other issues involving young people and sex. *Departments of Labor and Health, Education, and Welfare and Related Agencies Appropriations for Fiscal Year 1978* - United States. Breaking van Gogh - James Ottar Grundvig 2016-10-04

In *Breaking van Gogh*, James Grundvig investigates the history and authenticity of van Gogh's iconic *Wheat Field with Cypresses*, currently on display at the Metropolitan Museum of Art in New York. Relying on a vast array of techniques from the study of the painter's biography and personal correspondence to the examination of the painting's style and technical characteristics, Grundvig proves that "the most expensive purchase" housed in the Met is a fake. The *Wheat Field with Cypresses* is traditionally considered to date to the time of van Gogh's stay in the Saint-Rémy mental asylum, where the artist produced many of his masterpieces. After his suicide, these paintings languished for a decade, until his sister-in-law took them to a family friend for restoration. The restorer had other ideas. In the course of his investigation, Grundvig traces the incredible story of this piece from the artist's brushstrokes in sunlit southern France to a forger's den in Paris, the art collections of a prominent Jewish banking family

and a Nazi-sympathizing Swiss arms dealer, and finally the walls of the Met. The riveting narrative weaves its way through the turbulent history of twentieth-century Europe, as the painting's fate is intimately bound with some of its major players.

Hi, I'm Luna. I'm a Sex Addict - Nic Penrake
2012-05-01

At 38, Luna's career as a painter takes a sudden dive. The credit crunch is still grinding on and her regular buyers are too busy guarding their second mortgages to invest in modern art. As her financial anxieties escalate, and she digs deeper for new, more 'commercial' ideas, she returns to the Pandora's Box of the past, the sexual and physical abuse she experienced as a child... ..until, one day, she chances upon an idea for a new series of paintings that seems to offer her not just a way out of debt, but a way in to the dark side of her sexuality where nagging questions still remain, demanding answers before she is too advanced in years to have a

child of her own. But at what cost? Her idea is a radical one and upsets her actor boyfriend. She goes for it nonetheless. And in pursuing her ambition, she throws herself into a sexual odyssey with a French swinging couple that brings her to the edge of losing control. Will her daring bear fruit, or end in a triptych of death and disaster?

Come as You Are - Alexandra Schwartz
2015-01-02

"Come as You Are: Art of the 1990s is the largest and most ambitious contemporary art exhibition ever to be mounted by the Montclair Art Museum. The exhibition and book spotlight a pivotal moment in the recent history of art. Chronicling the "long" 1990s between 1989 and 2001-from the fall of the Berlin Wall to 9/11-

The Dam Code - Lise Rochon 2023-04-25

This is a dangerous book to read so the reader is warned to be prepared and read the Introduction first to be more acquainted with that new knowledge. This book is dedicated to women. This book relates how The Code of Words and Letters and other Occult sciences were infiltrated in the general population at all levels for about 2000 years to the very poor, uneducated to the very rich and educated. This book is inspirational. It is an empirical study

therefore its length. This book came to me as only a few clues to eventually become a tsunami of inspiration.

Spy - 1989-10

Smart. Funny. Fearless. "It's pretty safe to say that Spy was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented" --Dave Eggers. "It's a piece of garbage" --Donald Trump.
