Shark Infested Waters -

Michael Whitehall 2008
"Theatrical agent Michael Whitehall has been involved with the careers of actors ranging from Kenneth More, Tom Courtenay, Colin Firth, Dorothy Tutin, Edward Fox, Jack Davenport, Judi Dench, Ian Charleson, Peter Bowles, Elaine Stritch and Donald Sinden to Nigel Havers, James Fox, Angela Thorne, Richard E Grant, Stewart Granger, Anton Rodgers, Patrick Macnee, John Le Mesurier, Daniel Day Lewis, David Hemmings and Richard Griffiths. In Shark-Infested Waters, Whitehall deftly sketches the social comedy of his eccentric background: growing up in suburban London in the 1950s, his schooldays at Ampleforth,

where he was taught by Basil Hume, and his subsequent adventures as a prep school master ? before becoming an actors? agent. From his eccentric grandfather ? who set the curtains twitching with his penchant for cross-dressing ? to his mother Nora?s aspirations to genteel living, complete with Pekinese Foxgrove Candy Floss ? Michael Whitehall sketches the foibles of his own family with the same deliciously dry wit he reveals when talking about his clients."

The Tragedy of Heterosexuality - Jane Ward
2020-09-01

Winner, 2021 PROSE Award in the Cultural Anthropology & Sociology Category Finalist, 2021 Lambda Literary Award in LGBTQ Studies A troubling account of heterosexual desire in the era of #MeToo Heterosexuality is in crisis. Reports of sexual harassment, misconduct, and rape saturate the news in the era of #MeToo. Straight men and women spend thousands of dollars every day on relationship coaches, seduction boot camps, and couple's therapy in a search for happiness. In *The Tragedy of Heterosexuality*, Jane Ward smartly explores what, exactly, is wrong with heterosexuality in the twenty-first century, and what straight people can do to fix it for good. She shows how straight women, and to a lesser extent straight men, have tried to mend a fraught patriarchal system in which intimacy,

sexual fulfillment, and mutual respect are expected to coexist alongside enduring forms of inequality, alienation, and violence in straight relationships. Ward also takes an intriguing look at the multi-billion-dollar self-help industry, which markets goods and services to help heterosexual couples without addressing the root of their problems. Ultimately, she encourages straight men and women to take a page out of queer culture, reminding them "about the human capacity to desire, fuck, and show respect at the same time."

My Love Is a Beast - Alexander Cheves 2021-10-12
Literary Nonfiction. How does the devout son of evangelical Christians, growing up dedicated to mission work in Africa, become one of America's leading sex columnists and a self-avowed slut committed to kink as his new religion? Across his debut book, *MY LOVE IS A BEAST: CONFESSIONS*, Alexander Cheves details his path from piousness to faithlessness, and

his awakening to the saving power of hedonism. He tells intimate stories of what he sees as the sacred grace of pleasure as he embraces his life as a sex writer, worker, and activist. In stories richly lyrical, boldly erotic, and fearlessly honest, Cheves takes readers on a tour through Savannah, Atlanta, San Francisco, Los Angeles, and New York City. Along the way, he explores the darker corners of Queer culture and his own life, highlighting experiences most will have never considered. His rise to national popularity among LGBTQ+ writers gets balanced by his own struggles with and recovery from substance use-- and his public embrace of kink and fetish as a belief system, way of life, and identity. In the end, Cheves writes with complete, even shocking, transparency and authenticity in the service of shattering sexual shame. Graphic and at times controversial, this book is sure to become a watershed moment among erotic memoirs.

Killing Goldfinger - Wensley Clarkson 2017-06-01

KILLING GOLDFINGER charts the extraordinary rise and spectacular bullet-riddled fall of John Palmer, the richest, most powerful criminal ever to have emerged from the modern British underworld. During the late 1990s, Palmer was rated as rich as The Queen by the Sunday Times Rich List. Palmer earned his nickname Goldfinger after smelting (in his back garden) tens of millions of pounds worth of stolen gold bullion from the 20th century's most lucrative heist; the Brink's-Mat robbery.

legacy.opendemocracy.net
on 2020-04-24 by guest

Palmer then used his share of the millions to become the vicious overlord of a vast illegal timeshare property empire in Tenerife. At the same time, Goldfinger financed huge international drugs shipments as well as some of the most notorious UK robberies of the past 30 years, including the £50m Securitas heist in Kent in 2006 and, many believe, the Hatton Garden heist in 2015. Palmer vowed to hunt down all his underworld enemies. But in the end it was those same criminals who decided to bring his life to an end. Murdered in June 2015, with charges of fraud, money laundering and worse pending, this book tells his murky story for the first time. As outrageous and bullet-riddled as the hit Netflix series *Narcos*, *Killing Goldfinger* tells the true story of Britain's underworld kingpin, who turned the sunshine holiday island of Tenerife into his very own Crime Incorporated and then paid the ultimate price.

[Carry On](#) - Rainbow Rowell

2021-06-08

Rainbow Rowell's #1 New York

Times bestseller *Carry On*, now available in this special bookshelf edition with a brand new case stamp and designed endpapers! Simon Snow is the worst Chosen One who's ever been chosen. That's what his roommate, Baz, says. And Baz might be evil and a vampire and a complete git, but he's probably right. Half the time, Simon can't even make his wand work, and the other half, he starts something on fire. His mentor's avoiding him, his girlfriend broke up with him, and there's a magic-eating monster running around, wearing Simon's face. Baz would be having a field day with all this, if he were here-- it's their last year at the Watford School of Magicks, and Simon's infuriating nemesis didn't even bother to show up. *Carry On* is a ghost story, a love story and a mystery. It has just as much kissing and talking as you'd expect from a Rainbow Rowell story - but far, far more monsters.

The Four - Scott Galloway

2017-10-05

legacy.opendemocracy.net

'A fantastic, provocative book about where we are now and where we are going' Phil Simon Huffington Post Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions: - How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? - Why does the stock market forgive them for sins that would destroy other firms? - And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of

the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

Attraction Explained - Viren

Swami 2021-02-11

When it comes to relationships, there's no shortage of advice from self-help 'experts', pick-up artists, and glossy magazines. But modern-day myths of attraction often have no basis in fact or - worse - are rooted in little more than misogyny. Based on science rather than self-help clichés, psychologist Viren Swami debunks these myths and draws on cutting-edge research to provide a ground-breaking and evidence-based account of relationship formation. At the core of this book is a very simple idea: there are no 'laws of attraction', no fool-proof methods or strategies for getting someone to date you. But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, *Attraction Explained* looks at how factors such as geography, physical appearance, reciprocity, and similarity affect who we fall for and why. With updated statistics, this second edition also includes new content on

online dating, queer relationships, racism in dating, shyness, and individual differences. It remains an engaging and accessible introduction to attraction relationship formation for professionals, students, and general readers.

I Slept with Joey Ramone -

Mickey Leigh 2011-01-11

"A powerful story of punk-rock inspiration and a great rock bio" (Rolling Stone), now in paperback. When the Ramones recorded their debut album in 1976, it heralded the true birth of punk rock. Unforgettable front man Joey Ramone gave voice to the disaffected youth of the seventies and eighties, and the band influenced the counterculture for decades to come. With honesty, humor, and grace, Joey's brother, Mickey Leigh, shares a fascinating, intimate look at the turbulent life of one of America's greatest—and unlikeliest—music icons. While the music lives on for new generations to discover, *I Slept with Joey Ramone* is the enduring portrait of a man who

struggled to find his voice and of the brother who loved him.

'I'm interested in one thing and one thing only, and that's catching bent coppers.' Line of

Duty: The Real Story is an astonishing exposé from inside the secret world of police corruption, starring a cast of twisted cops more chilling than all four H's put together. Who are the real-life Kates and Steves, tasked with hunting these corrupt cops? How has corruption invaded today's UK police forces? Who are the masterminds behind it all? In *Line of Duty: The Real Story*, bestselling author Wensley Clarkson goes behind the headlines and the hit show to look back at the history of corruption, and the AC-12 units which sniff out and expose the crooked coppers among the good. Referencing real-life historic and notable cases and people, from a range of sources and first-person interviews, this book tells the shocking truth behind the fiction, and its hard-hitting impact on real-life modern policing.
