Another Country - Mary Bray Pipher 2000

The landscape of age is that of *Another Country*. In this helpful, hopeful field guide, Mary Pipher turns her keen eye to a troubled passage -- the journey into old age. She writes about our parents and grandparents, because as they grow older, the relationships among us become more complex and difficult just when they need to be the closest and strongest. And the aging process can be just as painful for us -- daughters and sons, granddaughters and grandsons -- as it is for them. The gradual turning of life's tide can take us by surprise, as we find ourselves unprepared to begin caring for those who have always cared for us. And many of us realize that we are also lacking a useful way to think about growing older ourselves. We need new ways of supporting one another -- new ways of sharing our time and our energy and our love. In *Another Country*, Mary Pipher shows us how.

Love In Another Country - Mulugeta Semework 2007-07

Jasmin Whiteside is the favored daughter of a typically rich, white American family. But when she falls in love with a bright, handsome Ethiopian named Getawork, the couple is suddenly propelled into a world full of doubt, insecurity, and fear. Jasmin and Getawork meet at Georgia State University, where both of them are studying for a master's degree. Quickly falling in love, Jasmin and Getawork do not see race when they look at each other, but Jasmin's family sees little else. She refuses to stop seeing Getawork and even threatens suicide if her family tries to end the relationship, and he vows to stay by her side. Facing intolerance and fear, the couple bravely defies the odds, clinging to their love when the world around them does nothing but point a censoring finger. But when

long-buried family secrets of the Whiteside family suddenly emerge, Jasmin and Getawork's relationship is again threatened. With their love hanging in the balance, Jasmin faces a decision she doesn't want to make. Will love be stronger than family loyalty? Love in *Another Country* weaves a tantalizing tale of forbidden love, prodigious enigmas and kinfolk fanaticism.

Tall Talk: The Language of the Frontier - Katarzyna Paluba
2008-01-15

Seminar paper from the year 2006 in the subject American Studies - Literature, grade: 2,3, Johannes Gutenberg University Mainz (Angewandte Sprach- und Kulturwissenschaft), course: New Eden, The White Whale, and Marilyn Monroe: Cultural Symbols and Icons in American Literature (including German Translations), language: English, abstract: According to the Oxford Advanced Learner's Dictionary of Current English a frontier is a "part of a country bordering on another country". In the American English this word has one more meaning: in the past a frontier was the "farthest part of a country to which settlement has spread, beyond which there is wild or unsettled land" (352). So the language of the frontier is first of all the language of people who settled at the western frontier of United States. The settlers were plain people, backwoodsmen, most of them were illiterate and spoke a simple, substandard English, often even dialects that originated from their old fatherland (Sorbonne). That all influenced of course the language as the whole. The language of the frontiersmen is well documented and can be

an object of scientific studies thanks to tall tales, which were oral stories, before they were written down. So The Tall Tales of Davy Crockett can be a very rich source of examples of words and grammar rules used by people those days. It is also interesting to examine the characteristics of texts written in the beginnings of the 19th century.

Take It Easy, Vol 1 Talks on Zen Buddhism - Osho 2023-03-07

Religion is the vast sky of existence. Reason is a tiny human phenomenon. The reason has to be lost, has to be dropped. Only by going beyond the mind does one start understanding what is. That's the radical change. No philosophy can bring that radical change - only religion. Religion is non-philosophic, anti-philosophic, and Zen is the purest form of religion. Zen is the very essence of religion. Hence it is irrational, it is absurd. If you try to understand it logically you will be bewildered. It can only be understood illogically. It has to be approached in deep sympathy and love. YOU CANNOT approach Zen through empirical, scientific, objective concepts. They all have to be dropped. It is a heart phenomenon. You have to feel it rather than think it. You have to BE it to know it. Being is knowing. And there is no other knowing.

Around the World in 80 Girls - Neil Skywalker 2012-06-07

Neil Skywalker traveled around the world for nearly three continuous years to over forty countries. He went from a regular shy guy from Holland to a womanizing heartbreaker ravishing his way through the world. His travels brought him from unknown cities in Russia's Far East to the sunny beaches in Brazil. From having a beauty contestant begging him to stay longer to girls giving him the death stare. From a heartbreaking romance in Russia to Cambodian prostitutes fist fighting each other to stay with him for FREE. From rice three times a day in the Philippines to saucy steaks in Argentina. From sleeping in the streets to living the life in five star hotels for FREE. From Mount Fuji in Japan to Mount DOOM in New Zealand. From cup A to F and from teenagers to MILFS. He approached girls with little more than a few dollars in his pockets and a couple of words of the local language andsucceeded. Around the world in 80 girls is a unique travel story. The sight seeing, the love and drama, the conquering of approach anxiety, the backpacking and living in horrible conditions, the emotional rollercoastering, the building of life long friendships, the Sex, Drugs and Rock & Roll, the cultural differences and of course the lying and cheating, heart breaking (including his own) and seduction of dozens of

A Little Girl in Old Pittsburg - Amanda M. Douglas 1909

A Little Girl in Old Pittsburg Christmas came. There was not much made of it here, as there had been in Virginia, no gift-giving, but family dinners that often ended in a regular carouse, sometimes a fight. For Pittsburg had not reached any high point of refinement, and was such a conglomerate that they could hardly be expected to agree on all points. The little girl lost interest presently in watching for her father, and half believed he was not coming. She was very fond of grandad, and Norry, and the wonderful stories she heard about fairies and "little folk," who came to your house at night, and did wonderful things—sometimes spun the whole night long, and at others did bits of mischief. This was when you had offended them some way. She liked the Leprecawn so much. He was a fairy shoemaker, and when all was still in the night you sometimes heard him. "Tip tap, rip rap, Tick a tack too!" And the little Eily, who wished so for red shoes, but her folks were too poor to buy them. So she

was to find six four-leaf clovers, and lay them on the doorstep, which she did. "What a queer noise there was in the night," said the mother. "It was like this, 'Tip tap, rip rap,'" "Sho!" said the father, "it was the swallows in the chimney." Eily held her peace, but she put four-leafed clovers again on the doorstep, and tried to keep awake, so she could hear the little shoemaker. "I'll clear them swallows out of the chimney, they disturb me so," declared the father, and he got a long pole and scraped down several nests. But the next night the sound came again, and the mother began to feel afeared. But when Eily went downstairs there was a pair of little red shoes standing in the corner, and Eily caught them up and kissed them, she was so full of joy. Then her mother said, "The Leprecawn has been here. And, Eily, you must never wear them out of doors at the full of the moon, or you'll be carried off."

Ussa: the Past Is Another Country - Peter Wludyka 2010-07-20

USSA: The Past is Another Country is about what might have been as seen through the eyes of 17 year old Alex Nurov, son of a prominent Russian father and a beautiful American mother. Growing up on a barrier island near Charleston, S.C., Alex has to deal with his dual ancestry in a world in which Russian snobbery views Americans as lazy and parasitic. Alex's unquestioning view of the world gradually unravels when he discovers something he calls The Book. He soon realizes this is not one of the mysteries he loves to read it is the lunatic ravings of Father Piotr Babulieski who presents an entirely different and dangerous history of the Great Uprising that produced socialist America. And who is this Jesus Christ? A general? USSA: The Past is Another Country takes place in vividly described locales in coastal South Carolina and the mountains of North Carolina. Near Charleston, the Nurov family lives on a barrier island on which Alex and his beautiful, enigmatic mother swim and share long walks. On the island's northern end is a huge dune the tops of giant oaks rise from it like the green plume from an extinct volcano which is 17 year old Alex's secret place where he reads his mysteries and daydreams far from the prying eyes of student block commander Gregorov. Alex attends school in the old city of Charleston which is used by Alex's history teacher Brownsky as the example of pre Great Uprising America in which

the decadent rich exploited the workers and slaves whose toil was converted into luxurious homes for a handful of capitalists. Near the Nurovs mountain house Alexs discovers what he calls The Book. Alexs knows he should turn The Book over to his father. Or at least destroy it. Instead this discovery turns Alex into one of the detectives he admires, drawing him into a dangerous quest to prove that The Book is full of liesor that everything he has been taught is a lie. There are three women in Alexs life Alexs American mother envisions a great future for her son and expects him to pursue the destiny she has earned for him through marriage. She is willing to use her beauty and almost mystical charm to

make sure her hopes cometo fruition. Alex is infatuated with a fellow student, the athletic and gorgeous Martina Antipova, a true Russian and the epitome of socialist womanhood. Dedicated, unquestioning and intelligent she is certainly the right choice. While Alexs curiosity about The Book grows, he encounters Celeste, a wispy young American woman. Easy and indifferent to the strict morality that governs Martina Antipova, she introduces Alex to the seamy underbelly of old Charleston and more
