Angelectomy - Robert McFarland 2015-08-26
Robert has an enviable life. He has a rewarding career, a house in the most desirable part of town and he's happily married to Annabel the woman he met and fell in love with whilst at art school. Suddenly his world is plunged into turmoil when Annabel - the woman who has been his partner for twenty-two years is diagnosed with terminal cancer. When Annabel finally succumbs to the illness after a heartrending fight, Robert has to try to come to terms with life without his soul mate. In a desperate attempt to find love again Robert is persuaded to try internet dating and meets a beguiling young Polish woman - Magda who is fifteen years his junior and he becomes

enchanted by her youth and sensuality. However their relationship falters causing him to continue his search. After a series of comedic dating episodes and sexual misadventures, Robert resigns himself to the fact that he may never find love again, until he encounters the beautiful and bewitching Angel. Angel is the kind of woman he had admired but always considered out of his league? Not only is she beautiful but she's sophisticated; a high-flyer with a prestigious position in a large global company. She oozes glamour and sex appeal. But Angel has a dark secret? A secret that has laid waste to all her previous relationships. A torrid and tempestuous love affair begins which is further complicated by the return of

Magda into Robert's life. The love triangle threatens to tear each other apart? A trip to Egypt and the discovery of illicit text messages triggers a series of events which plunge all three lives into turmoil. A cascade of lies, deceit, infidelity and violence follows. An emotional tug of war which sees marriage plans being made and a wedding torpedoed at the eleventh hour! The aftermath sees Robert loose his home and begin the painful process of recovery and the eventual discovery of a new love amongst the wreckage.

[The Claiming of Angelica, the Supernatural Sleuth](#) - Bella Swann 2014-07-17

This is a very explicit sex story of the Claiming of Angelica, a supernatural sleuth who investigates mysterious paranormal events. She enters into the dangerous waters of the Pacific Rim to investigate strange paranormal sightings of Kaiju. In her explorations, Angelica encounters masterful and seductive creatures including a Captain and a lusty First Mate who take control of

her submissive body and force her to submit to waves of sexual pleasure intertwined with pain. This is a work of fiction meant for those over the age of consent and contains elements of dubious consent, dominant male, submissive female, and paranormal encounters.

[Same-sex Marriage](#) - Mathew D. Staver 2004

Staver argues that the allowing of same-sex marriages in San Francisco speaks to the homosexual agenda's cultural assault and the church's timidity in confronting it.

Taboo Sex Stories - Lana Grey 2020-10-30

Lose Yourself In WILD Erotic Stories Of Pleasure, Pain, Punishment, & SelfDiscovery! Ask people what they want in bed, and they won't be able to give you a straight answer. This is a sad reality that most people have to live and die with. For a rare few, however,

they are able to grab life by the horns and live it to the fullest! These are the people who live in pure sexual freedom... and they are the protagonists in this deliciously erotic book by award-winning sex therapist and author, Lana Grey. In TABOO STORIES, Grey is able to bring the world of taboo sex to life! Here, you will read about all the types of sexual misadventures that open people's eyes to the vagaries of life, prompting them to never look back. Over the course of this blissfully taboo book, you will: Get EXCITED as you read all about how Gabriella was able to overcome her sexual trauma and apprehensions in *The Little Mermaid by the Sea* Hype yourself up as you explore the complicated triangle Kyle managed to get himself into as he fucked both daughter AND mother in *The Luckiest Nerd Alive* Witness with amazement as Seth was able to open up the possibilities for sexual pleasure with the most unlikely couple ever in *The Devil with a Black Mirror* Lana Grey has the unique

power to spin the most taboo situations into the sexiest, unbelievably seductive stories that will leave you at the edge of your seat. Her protagonists are an incredible balance of shy and inexplicably courageous, vulnerable and empowered. In her book, you will be getting three titillating stories of sexual pleasure and selfdiscovery, with lots of anguish and confusion in between. So make some tea, curl up in bed, and brace yourself for the most thrilling, erotic stories in the genre! Get Your Own Copy Today!

Wagner's Parsifal - Richard H. Bell 2013-11-12

Parsifal, Wagner's final opera, is considered by many to be one of the greatest religious musical works ever composed; but it is also one of the most difficult to understand and many have questioned whether it can be considered a "Christian" work at all. Added to this is the furious debate that has surrounded the composer as an anti-Semite, racist, and inspiration for Hitler. Richard Bell addresses

such issues and argues that despite any personal failings Wagner makes a fundamental theological contribution through his many writings and ultimately in Parsifal which, he argues, preaches Christ crucified in a way that can never be captured by words alone. He argues that Wagner offers a vision of the divine and a "theology of Good Friday" that can both function as profound therapy and address current theological controversies.

The Sexual Misadventures of Kung Fu Girl - Suke Bei 2003
Three students of superheroine crimefighter Kung Fu Girl invoke a bitch demon with sexy results.

The Sexual Misadventures of Hurt - Kerry Hugh Dillon
2015-02-09

The Sexual Misadventures of Hurt, is a light strictly adult novel which is written through the eyes of a rampant promiscuous youth, and which can at times be amusing, coarse, or outrageous, and which delves into the spirit of adventure and the sensuality of

two youths entering into full manhood, while they are being willingly or unwittingly exposed to more than a little of the seamier and darker sides of life. When young Hurt leaves his dysfunctional family behind and sets out on a personal odyssey across America, his guileless immaturity leaves him quite unprepared for the series of sexual encounters and perilous situations which seem to plague him and his friend Seth. This naivety slowly fades as they both come to grips with the sordid secrets of people's private thoughts and lives, where they often find that running away is usually the safer option.

Theatre, Teens, Sex Ed - Jan Selman
2015-01-12

The phrase "child labour" carries negative undertones in today's society. However, only a century ago on the Canadian Prairies, youngsters laboured alongside their parents' working the land, cleaning stovepipes, and chopping

wood. By shouldering their share of the chores, these children learned the domestic and manual labour skills needed for life on a Prairie family farm. Rollings-Magnusson uses historic research, photographs, and personal anecdotes to describe the kinds of work performed by children and how each task fit into the family economy. This book is a vital contribution to western Canadian history as well as family and gender studies.

Sexual Misadventures -

Rachael Kaye 2018-01-26

Rachael Kaye is a woman on a mission: find someone dominant enough to satisfy her submissive yearnings. Eighteen months ago, she sought help for her own #MeToo story. In the process, she discovered a whole new side to her sexuality and came out to her husband as polyamorous. They've spent the past year on a sexual and emotional rollercoaster... their marriage almost didn't make it and Rachael fell for the wrong man. A self-described chronic overthinker, she started

blogging as a way of expressing herself. And through a lot of soul-searching and self-reflection, found sides of herself she didn't know existed. Rachael writes about her erotic encounters in intimate and candid detail.

From describing a new-found joy of vanilla sex to the endorphin highs of BDSM, she discusses kink, mental health, and her relationships. This book is based on her blog at WrigglyKitty.com and is a true and evocative account of her ongoing quest. Will Rachael succeed in being pushed to her erotic limits of pleasure, pain, anticipation, and sensation? Expect refreshing honesty, strong language, and explicit sexual descriptions.

The Body and the Book -

2015-06-29

The stimulating mix of academics and practising poets that have contributed to this volume provides an unusual and illuminating integration of critical and creative practice and a vibrantly diverse approach to questions of poetry and sexuality. Each section of

essays is complemented by poems which creatively illustrate or develop the theme with which the essays critically engage. Rather than being limited to a specific genre, tradition, time or place, this collection seeks to make a virtue of contrast, comparison and juxtaposition. The collection is arranged into sections that range broadly across the thematic ground of dichotomies, traditions and revisions, microscopic and macroscopic perspectives, women and embodiment, and the notion of play and performance. Positioning eighteenth-century tinkers ballads alongside medieval Hebrew lyrics and the Blues of Gorgeous Puddin', or making Dionysus rub shoulders with Sharon Olds and Mrs Rochester provides new perspectives on familiar material and valuable insights into more obscure work and the nature of sensual poetry as a mode of expression. As the editors suggest, the essays and poems presented collectively argue that writings about

sexuality are always already about the way poets see and represent our bodies, the world and poetic language itself.

Sex, Lies, and Misadventures of Friends - J.

M. Bruney 2020-01-03
Sex, Lies and Misadventures of Friends By: J.M. Bruney Love is the basis of any relationship; family, romance, or friendship. Sometimes, relationships fizzle out, but love can be enough if both parties are willing to fight for it. Friendships help us shape ourselves and our personal growth. Sometimes, these friendships can evolve into meaningful romance. However, it is important to note that no relationship is perfect and perfect is defined

by each person's point-of-view. We all have our own love language and maintaining your language and your partner's is important in a lasting relationship. Often, sex is a part of this love language, craved by both men and women. Sex, Lies, and Misadventures of Friends illustrates sexuality and tell women that their desires are perfectly normal. Let's break the stigma and keep the conversation alive to remove women from society's box of purity.

Mysticism in Newburyport -

Peter James Ford 2023-03-26

MYSTICISM IN

NEWBURYPORT is a seven-book series revealing ancient secrets from masters of all cultures along with modern-day breakthroughs by scientists and quantum physicists of our times. These tales began flowing after Peter's powerful spiritual awakening in Newburyport, Massachusetts. Newburyport is a quaint little, historic seaport on the coast of Massachusetts heading towards New Hampshire. Peter had been sober in the 12-step recovery program for many years and had recovered from his alcoholism. Peter's love of Nature had brought him to the Newburyport area. This area is rich with Nature's treasures, Native American Heritage and many tales from the tall cargo ships of olden days. High street was lined with homes of these Sea Captains. Peter's awakening had given him new

eyes and new highly evolved senses. Peter was to have powerful past lives experience with his Mystery Woman guide named Layne. Layne was a mystic that would tell people things about themselves that there was no way she could know. She would look you in the eyes and tell you your deepest secrets. She also knew about the Earth's electromagnetic grids and helped Peter understand what he was experiencing in Newburyport. Peter's new heightened senses could feel the electromagnet flow of energy and the convergence right below Market Square in Newburyport. Market Square was one of the crossroads for these powerful electromagnet energies that gives life to our planet. Peter was to share the secrets that were revealed to him in his writings.

Bipolar Disorder - Mario Maj
2003-02-07

Bipolar disorder is a serious mental disorder involving episodes of serious mania and depression and affects approximately one to three percent of the population. According to the National Institute of Mental Health nearly two million individuals in the United States alone are diagnosed with this disorder. * This title aims to provide an overview of recent research progress * It explores the impact of this evidence on the practice of expert clinicians of many different countries * It will be an unbiased and reliable reference point with the kudos of WPA endorsement

Churchill's Pocketbook of Surgery E-Book - Andrew T Raftery 2011-01-28

The Fourth Edition of this highly-praised pocketbook provides a concise and didactic account of the essential features of the more common surgical disorders, at both a size and price to suit the pocket. The book covers basic principles, as well as providing essential information on aetiology, diagnosis and management, including pre-operative and postoperative care. The text covers the field of general surgery but also covers the basic needs of the undergraduate as far as the surgical specialities are concerned. The book helps you with the essentials of history-taking, what physical signs to elicit, the differential diagnosis, what investigations to order and how to treat the patient. The text is illustrated with line drawings and imaging. Provides comprehensive coverage of general surgery, as well as an outline of the essentials of the surgical specialties. Identifies the basic

principles together with key information on aetiology, diagnosis and management, as well as pre- and post-operative care. Includes an overview of history-taking, relevant physical signs, differential diagnosis, investigations and practical treatment. Checklist of emergency situations for quick reference The thoroughly updated text for this new edition includes new sections on practical procedures, ENT, gynaecology, audit, evidence-based medicine, clinical governance and medicolegal issues.

The Medical Basis of Psychiatry - S. Hossein Fatemi
2016-03-17

Four years have passed since the last edition (3rd) of this book was published. In the intervening years, several reviews of this book have provided highly encouraging remarks about the value of this book in transmitting information on classification and treatment of psychiatric disorders to the audience. We are proposing to revise all chapters with an eye on

accuracy and ease of use, and this is an especially timely endeavor with the upcoming publication of the Diagnostic and Statistical Manual V. All the appropriate new information on biology, etiology, diagnosis and treatment of psychiatric disorders will be added to the current proposed edition. It is our goal to recruit the same authors (if possible) who contributed to the previous edition. While all chapters will be updated (see TOC), those marked by asterisks will be the most likely to undergo more revision. Psychiatry has emerged as a burgeoning scientific field with major advances in etiology and treatment of several disorders. Just as there was excitement in the anatomic advances that took place a hundred years ago when Emil Kraepelin and his collaborators took on the enormous task of classification of psychiatric disorders based on rational scientific thinking, new advances in genetics, biochemistry, neuroanatomy and pharmacotherapy of

mental disorders have brought us even closer to a better understanding of complex disorders like schizophrenia, bipolar disorder, depression and even autism. The major goal of the previous edition of this classic book was to update the busy clinician, psychiatric resident and medical student with the most up-to-date information on etiology, diagnosis and treatment of psychiatric disorders. This goal

remains the focus of the fourth edition of this book. In this updated and expanded edition, the reader will be provided with the most contemporary information and literature supported by a close survey of the field. This new edition of this classic title, with its focus on biologic and medical aspects of psychiatry, will continue to be of significant help to all interested in the scientific practice of psychiatry.
