For Alexa McIntyre, the answer to everything comes down to numbers. Three sons. One divorce. One great life...except her boys are getting older and they really need a man around. Enter the number twenty, as in after twenty minutes with someone she knows whether or not she wants them in her life. So, she hatches a plan to meet any man who remotely strikes her interest—for a twenty-minute date at her favorite coffee shop. It's the perfect way to find her perfect match in the most efficient way

possible. Too bad coffee shop owner Marshall Calloway isn't keen on her using his shop as her speed-dating zone, especially since she's made it clear he's too young to be a contender. But against her better judgement, Alexa finds herself drawn to Marshall in ways she can't quantify. There's no easy answer, and once the kids become involved, her well-ordered world threatens to fall apart—twenty minutes at a time.

Sullivan has made a fortune developing computer applications. When his best friend asks him to test a new app that's going to take the world by storm, he reluctantly agrees. As soon as the Crazy Love app matches him with Holly Miller he knows the project is doomed. Holly's career as an artist has taken her to places she only dreamed about. When tragedy strikes, she returns to Montana to rebuild her life. Falling for a billionaire who lives beside an emerald lake was never part of her plans. With a secret life he can't know about, and a father she wants to forget, Daniel is the last person she needs in her life. With more at stake than a computer app, Daniel knows he's found his perfect match. All he has to do is convince Holly that a little crazy love is all she needs. Discover the magic of Montana in Crazy Love, the third book in the Emerald Lake series. All of Leeanna's series are linked, so if you meet a character you like, you could find them in another book. Happy reading! Praise for books in the Emerald Lake Series:

Modern Romance - Aziz Ansari 2015-06-16 The #1 New York Times Bestseller “An engaging look at the often head-scratching, frequently infuriating mating behaviors that shape our love lives.” —Refinery 29 A hilarious, thoughtful, and in-depth exploration of the pleasures and perils of modern romance from Aziz Ansari, the star of Master of None and one of this generation’s sharpest comedic voices At some point, every one of us embarks on a journey to find love. We meet people, date, get into and out of relationships, all with the hope of finding someone with whom we share a deep connection. This seems standard now, but it’s wildly different from what people did even just decades ago. Single people today have more romantic options than at any point in human history. With technology, our abilities to connect with and sort through these options are

staggering. So why are so many people frustrated? Some of our problems are unique to our time. “Why did this guy just text me an emoji of a pizza?” “Should I go out with this girl even though she listed Combos as one of her favorite snack foods? Combos?!” “My girlfriend just got a message from some dude named Nathan. Who’s Nathan? Did he just send her a photo of his penis? Should I check just to be sure?” But the transformation of our romantic lives can’t be explained by technology alone. In a short period of time, the whole culture of finding love has changed dramatically. A few decades ago, people would find a decent person who lived in their neighborhood. Their families would meet and, after deciding neither party seemed like a murderer, they would get married and soon have a kid, all by the time they were twenty-four. Today, people marry later than ever and spend years of their lives on a quest to find the perfect person, a soul mate. For years, Aziz Ansari has been aiming his comic insight at modern

romance, but for *Modern Romance*, the book, he decided he needed to take things to another level. He teamed up with NYU sociologist Eric Klinenberg and designed a massive research project, including hundreds of interviews and focus groups conducted everywhere from Tokyo to Buenos Aires to Wichita. They analyzed behavioral data and surveys and created their own online research forum on Reddit, which drew thousands of messages. They enlisted the world’s leading social scientists, including Andrew Cherlin, Eli Finkel, Helen Fisher, Sheena Iyengar, Barry Schwartz, Sherry Turkle, and Robb Willer. The result is unlike any social science or humor book we’ve seen before. In *Modern Romance*, Ansari combines his irreverent humor with cutting-edge social science to give us an unforgettable tour of our new romantic world.

Musings of a Baby Boomer - Kay Hoflander
2022-04-26

An honest, humorous, and refreshing look back on the experiences of a unique generation and the challenges of growing older in the digital age. *Musings of a Baby Boomer: Life Before X, Y, and Z* is a collection of selected shorts from Hoflander's weekly newspaper column "Full Circle," featuring sometimes funny and sometimes philosophical stories with a continuous theme: the reluctant, but generally happy, aging of the Baby Boomer generation. In this collection, Hoflander tells stories about

everything from yard flamingos and college move-in day to battling internet bots. She reflects on the simpler times of her childhood and addresses present-day changes to which, as a baby boomer, she adapts: memory loss, evolving technology, and politics. Through it all, she uses humor and wit to remind readers not to take life too seriously—and to focus on the things that really matter. "This book entails family, friends, and wisdom from the perspective of the baby boomer generation! A great read for all! Delightful." —Teresa Parson, First Lady of Missouri "America needs healing, and instead of destroying our history, perhaps musings from those who have been part of history can provide a way forward. That is what Kay Hoflander's book offers." —Lieutenant Colonel Allen B. West (US Army, Retired), Member, 112th U.S. Congress, Former Chairman, Republican Party of Texas "Hoflander has the magical skills to hit upon daily life with humor and understanding . . . MY STORY ON ONLINE DATING APPS

The book profiles my time as an over-40s man engaged with online dating apps, during which period I was stood up, ghosted, verbally abused, propositioned for sex and asked to be a surrogate father to an unborn child. The lessons I learned have been encapsulated in this book for the benefit of men and women engaged with online dating sites and apps such as ‘Tinder’, ‘Bumble’, ‘Hinge’ and others, and who wish to avoid the first date mistakes that I made. STATE OF INTERNET DATE My book also provides an overview of Internet dating’s major issues, including;

- Why you have a less than 20 per cent chance of finding love online.
- Why black women who seek love should never use ‘Tinder’.
- Why all online dating apps should carry a government health warning.
- Why Internet dating apps

Love in the Time of Algorithms - Dan Slater
2013-01-24

“If online dating can blunt the emotional pain of separation, if adults can afford to be increasingly demanding about what they want from a relationship, the effect of online dating seems positive. But what if it’s also the case that the prospect of finding an ever more compatible mate with the click of a mouse means a future of relationship instability, a paradox of choice that keeps us chasing the illusive bunny around the dating track?” It’s the mother of all search problems: how to find a spouse, a mate, a date. The escalating marriage age and declining marriage rate mean we’re spending a greater portion of our lives unattached, searching for love well into our thirties and forties. It’s no wonder that a third of America’s 90 million

singles are turning to dating Web sites. Once considered the realm of the lonely and desperate, sites like eHarmony, Match, OkCupid, and Plenty of Fish have been embraced by pretty much every demographic. Thanks to the increasingly efficient algorithms that power these sites, dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless. Now anyone—young, old, straight, gay, and even married—can search for exactly what they want, connect with more people, and get more information about those people than ever before. As journalist Dan Slater shows, online dating is changing society in more profound ways than we imagine. He explores how these new technologies, by altering our perception of what’s possible, are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life. Like the sexual revolution of the 1960s and ’70s, the digital revolution is forcing us to ask new questions

Downloaded from
legacy.opendemocracy.net on 2023-09-13

about what constitutes “normal”: Why should we settle for someone who falls short of our expectations if there are thousands of other options just a click away? Can commitment thrive in a world of unlimited choice? Can chemistry really be quantified by math geeks? As one of Slater’s subjects wonders, “What’s the etiquette here?” Blending history, psychology, and interviews with site creators and users, Slater takes readers behind the scenes of a fascinating business. Dating sites capitalize on our quest for love, but how do their creators’ ideas about profits, morality, and the nature of desire shape the virtual worlds they’ve created for us? Should we trust an industry whose revenue model benefits from our avoiding monogamy? Documenting the untold story of the online-dating industry’s rise from ignominy to ubiquity—beginning with its early days as “computer dating” at Harvard in 1965—Slater offers a lively, entertaining, and thought provoking account of how we have, for better

and worse, embraced technology in the most intimate aspect of our lives.

INTERNET PIMPIN 2 The Ladies Guide to Online Dating - Jack Faal 2010-06-02

Ladies! Have you ever dreamed of meeting the love of your life? Does it seem like you'll never get to meet Mr. Right because you're so use to being discouraged by the Mr. Wrongs and the Mr. Right Nows of the world? The modern dating scene is a wild jungle filled with terrible blind dates, dead-beat losers, overcrowded bars, hopeless singles events, and emotionally disturbed and desperate loners. But you deserve better than this! You deserve to find that special someone. Someone you can really connect with. A man that you're physically, mentally, and emotionally attracted to. Someone who loves you for who you are, and someone who can be your soul-mate and your best friend. Finding the elusive Mr. Right is difficult but not impossible. There is still hope. [How to Be Alone](#) - Lane Moore 2018-11-06

The former Sex & Relationships Editor for Cosmopolitan and host of the wildly popular comedy show *Tinder Live with Lane Moore* presents her poignant, funny, and deeply moving first book. Lane Moore is a rare performer who is as impressive onstage—whether hosting her iconic show *Tinder Live* or being the enigmatic front woman of *It Was Romance*—as she is on the page, as both a former writer for *The Onion* and an award-winning sex and relationships editor for *Cosmopolitan*. But her story has had its obstacles, including being her own parent, living in her car as a teenager, and moving to New York City to pursue her dreams. Through it all, she looked to movies, TV, and music as the family and support systems she never had. From spending the holidays alone to having better “stranger luck” than with those closest to her to feeling like the last hopeless romantic on earth,

Lane reveals her powerful and entertaining journey in all its candor, anxiety, and ultimate acceptance—with humor always her bolstering force and greatest gift. *How to Be Alone* is a must-read for anyone whose childhood still feels unresolved, who spends more time pretending to have friends online than feeling close to anyone in real life, who tries to have genuine, deep conversations in a roomful of people who would rather you not. Above all, it’s a book for anyone who desperately wants to feel less alone and a little more connected through reading her words.

Beautiful, Simple, Exact, Crazy - Apoorva Khare 2015-08-25

just science and technology. The book covers basic mathematical topics from logarithms to statistics, but the authors eschew mundane finance and probability problems. Instead, they explain how modular arithmetic helps keep our online transactions safe, how logarithms justify the twelve-tone scale commonly used in music, and how transmissions by deep space probes are similar to knights serving as messengers for their traveling prince. Ideal for coursework in introductory mathematics and requiring no knowledge of calculus, Khare and Lachowska's enlightening mathematics tour will appeal to a wide audience.

Theories of the Information Society - Frank Webster 2014-03-21

Information is regarded as a distinguishing feature of our world. Where once economies were built on industry and conquest, we are now part of a global information economy. Pervasive media, expanding information occupations and the development of the internet convince many

that living in an Information Society is the destiny of us all. Coping in an era of information flows, of virtual relationships and breakneck change poses challenges to one and all. In *Theories of the Information Society* Frank Webster sets out to make sense of the information explosion, taking a sceptical look at what thinkers mean when they refer to the Information Society, and critically examining the major post-war approaches to informational development. The fourth edition of this classic study brings it up to date with new research and with social and technological changes - from the 'Twitter Revolutions' of North Africa, to financial crises that introduced the worst recession in a life time, to the emergence of social media and blogging - and reassesses the work of key theorists in the light of these changes. More outspoken than in previous editions, Webster urges abandonment of Information Society scenarios, preferring analysis of the informatization of long-established relationships.

Internet Dating - Chris Beasley 2021-05-16
Internet Dating deals primarily with the experiences of UK and Australian daters, examining their online accounts to see what kinds of narratives, norms, emotions and 'chemistry' shape their dating. Has the emergence and growth of internet dating changed the dating landscape for the better?

Most commentators, popular and academic, ask

whether online dating is more efficient for individuals than offline dating. We prefer a socio-political perspective. In particular, the book illustrates the extent to which internet dating can advance gender and sexual equality. Drawing on the voices of internet daters themselves, we show that internet dating reveals how social change often arises in the unassuming, everyday and familiar. We also pay attention to often ignored older daters and include consideration of daters in Africa, Scandinavia, South America, Asia and the Middle East. Throughout, we explore the pitfalls and pleasures of men and women daters navigating unconventional directions towards more equitable social relations.

journey to find love in Philadelphia. In the first book, our hero returned to the city in search of the perfect girlfriend. It was a funny, and sometimes heart wrenching tale of a man trying to navigate the pitfalls of the modern dating world. After two failed relationships, he turns to online dating. He goes on several crazy dates, but finally finds a woman he really likes. She's a bright, unique beauty, but like all relationships, they face several challenges. Phicklephilly 2 continues his journey and walks you through what's it's like being in a relationship and the dynamics that play out inside of city living. But several factors work against them both at every step. Will the couple survive the pitfalls and demands of being in an exclusive committed relationship? He doesn't always do what's right, but neither does she. This is his own intimate story of what that's been like for him. Join him to see if he wins... or loses again. There's always three sides to every story. His side, her side... and the truth.

Since things were still going well, we decided to meet that night. He drove to me and my first thought when I saw him was, "He's so short!" Not the greatest start to a date, huh? We went to a bar and ended up having a great time. We were joking and laughing and getting along really well. Unfortunately, I felt that we were in two different phases of our lives-he was still trying to

find himself, and I thought that I had already done so. I don't know why, but I agreed to a second date. On my drive down to visit him I called my best friend and said, "This is our second and last date. I'm only going because he drove to Baltimore and I feel bad about that. We'll hang out on his turf and this will be it." Seven hours later I was on my way back home, calling my brother at 2 a.m., and telling him that while it could have been something I had eaten, I was pretty sure I had butterflies. Fast forward three years later and we are married. Getting Back on the Horse By Julia Light I walk down the stairs and just continue walking right out the door to the sidewalk up the block to my car jump in start her up and drive away. I have a pang of guilt. I dismiss it. How often have I been stood up, walked out on, or otherwise been "dissed"? The following day I receive an angry email. "Where did you go? I thought you might've been hurt! I was worried!!!" The guilt returns. I'm not that type of person! I decide to email him the

I did not mean for you to worry, but frankly we barely knew each other. Get some perspective. Best wishes." Nice Girls Don't Internet Date By Desdemona Bandini He picked me up in his Cadillac Escalade SUV and dropped hints of his million-dollar ventures, but we had fun. The next date he wanted me to go to his palatial crib and watch a movie while he cooked for me. Translation: Sex. I was suppose to do the usual, "Oh, your car is big, your house is so nice, do me." But I didn't. I said I would go on a date, but not to his house. He threw a tantrum and that was that. The next guy was James 007, who was from the South, and had an adorable photo of a blond yuppie that turned out to be very old. He had straggly black hair and looked like the devil. His music choice: Marilyn Manson. He requested I wear black. When he tried to spank me within

10 minutes of meeting me, I'd had enough. Cyber Love and the Swingers Club By Dana Verdino Ken whispered in my ear, "They're swingers. Everyone here swings." For a moment **88 Guys for Coffee** - Diane L Solomon 2017-06 Top 1% Goodreads reviewer gives "88 Guys for

Coffee" 5 stars! "Read it, laugh with it, roll with it, this is a sparkling gem for sure!" Hilarious and heartbreaking, soul-searching and spiritual, "88 Guys for Coffee" is loosely based on the author's own 5-year online dating saga. The horror stories are true, bizarre, and laugh-out-loud funny.
