**16 Ways to Break a Heart** - Lauren Strasnick 2017-07-25

Unfolding through letters, texts, and chats, Lauren Strasnick's smart, sexy, page-turning new novel is the ultimate he said/she said breakdown of a relationship gone wrong. Natalie and Dan were electric from the moment they met. Witty banter and sizzling chemistry made falling in love easy—even inevitable. He was in awe of her subversive art and contagious zest for life; she was drawn to his good-guy charm and drive to succeed as a documentary filmmaker. But that was before. Before hot tempers turned to blowout fights. Before a few little lies turned to broken trust. Before a hundred tiny slights broke them open and exposed the ugly truth of their relationship. And now Natalie wants Dan to know just how much he broke her. Over the course of one fateful day, Dan reads sixteen letters that Natalie has secretly, brilliantly hidden in places only he will find. And as he pieces together her version of their love story, he realizes that she has one final message for him. One that might just send his carefully constructed life tumbling down.

You create both pain and pleasure in quick succession and some times in one sentence like ' You look good but your hair could have been better'. Most guys there focus only on pleasure and fail to deliver emotional ups and downs, which women crave". Read one more about 'Rules of texting' "vii. Never be too available. This is again a test by girl to know your status. If you are always free for her, your value goes down. viii. Never chat with her for longer duration, especially when she is free. She will use you for time pass and dump you! Chat only when she is busy and finds time from her busy slot for you. Create false timestamps and ways to leave conversation early. Tell her beforehand at times that you have to go after 10 minutes. Create time constraints. A common trick used by girls to test your 'nice guy' status is to attract you, give attention for some time and then slowly back off ! yes this evil!" Before I go, few TIPS for dealing with women. Be confident. Fake it if you don't have it. No tricks are bigger than genuine confidence. Dress in an stylish manner. Get a haircut from better saloon. Fashion and style are primary weakness of women. However inane they might sound to you but good dressing sense works. Never and I say never let any women know that you are interested in her. She will try all ways to get that interest out of you. Be ambiguous. Flirt but never say explicitly that you love her. Never. It is always more effective to be emotional with women. Find emotion in stray dog and they will love you like addicts. Women are emotional junkies. Never take any word of women on face value. They do rant about things, complain but never feel it that deeply. Never apologize or justify your actions. Say 'I love you' or 'You are cute ' in place of explanation.
