Willa Cather and E. M. Forster Alan Blackstock 2020-04-01 Though both Willa Cather and E. M. Forster have been alternately praised as progressives and criticized as conservatives, the novels of both writers embody the tenets of liberal humanism, while at the same time reflecting the tensions associated with modernism (though both of these terms have come under intense critical scrutiny in recent years.) And while a few critics have offered brief comparisons of individual works or particular tendencies of Cather and Forster, none has provided the systematic comparative analysis of the relationship between liberal humanist/modernist tensions and the search for transcendence in their work that this book offers. The principal aims of the present study are to locate the imagined alternatives to the "lamentable present" embodied in the novels of both writers and to explore how literature and the arts might assist in transcending the deficiencies and disunities of life in the modern era.

The Professor's House Willa Cather 2021-07-14 This bittersweet tale about a professor's desire to stay in his old study and cling to what used to be on the eve of moving into a new house sparks deep introspection in a story that explores a mid-life crisis and family life in a 1920s Midwestern college town.

Transgression and Redemption in American Fiction Thomas J. Ferraro 2020-11-05 *Transgression and Redemption in American Fiction* is a critical study of classic American novels. Ferraro returns to Hawthorne's closet of secreted sin to reveal *The Scarlet Letter* as a deviously psychological turn on the ancient Mediterranean Catholic folk tales of female wanderlust, cuckolding priests, and demonic revenge. This lights the way to explore what Ferraro calls "the Protestant temptation to Marian Catholicism" in seven modern American masterworks, including Chopin's *The Awakening*, Fitzgerald's *The Great Gatsby*, Cather's *The Professor's House*, and Hemingway's *The Sun Also Rises*. *Transgression and Redemption in American Fiction* explores stories of forbidden passion and sacrificial violence, with ultra-radiant women (and sometimes men) at their focus. It examines how these novels speak to readers across religious and social spectrums, generating an inclusive mode of address and near-universal relevance. Ferraro breaks the codes of contemporary criticism in his thematic focus and critical style, going beyond Protestantism and even Judeo-Christian Orthodoxy itself. *Transgression and Redemption in American Fiction* encourages the attentive reader to think about the American imagination, the myriad arts of writing about the passion plays of love, and even our canonical structures for reading and thinking about literature in new ways.

Mere Reading Lee Clark Mitchell 2017-04-20 Named a Choice Outstanding Academic Title of the Year *Mere Reading* argues for a return to the foundations of literary study established nearly a century ago. Following a recent period dominated by symptomatic analyses of fictional texts (new historicist, Marxist, feminist, identity-political), Lee Clark Mitchell joins a burgeoning neo-formalist movement in challenging readers to embrace a rationale for literary criticism that has too long been ignored—a neglect that corresponds, perhaps not coincidentally, to a flight from literature courses themselves. In close readings of six American novels spread over the past century—Willa Cather's *The Professor's House*, Vladimir Nabokov's *Lolita*, Marilynne Robinson's *Housekeeping*, Cormac McCarthy's *Blood Meridian* and *The Road*, and Junot Díaz's *The Brief Wondrous Life of Oscar Wao*—Mitchell traces a shifting strain of late modernist innovation that celebrates a species of magic and wonder, of aesthetic "bliss" (as Barthes and Nabokov both coincidentally described the experience) that dumbfounds the reader and compels a reassessment of interpretive assumptions. The novels included here aspire to being read slowly, so that sounds, rhythms, repetitions, rhymes, and other verbal features take on a heightened poetic status—in critic Barbara Johnson's words, "the rigorous perversity and seductiveness of literary language"—thwarting pressures of plot that otherwise push us ineluctably forward. In each chapter, the return to "mere reading" becomes paradoxically a gesture that honors the intractability of fictional texts, their sheer irresolution, indeed the way in which their "literary" status rests on the play of irreconcilables that emerges from the verbal tensions we find ourselves first astonished by, then delighting in.

What's Liberal About the Liberal Arts?: Classroom Politics and "Bias" in Higher Education Michael Bérubé 2007-09-17 "A sensitive, sensible, and compelling account of American education at its best."—Philadelphia Inquirer Described as one of the "101 Most Dangerous Academics in America" by right-wing critic David Horowitz, Michael Bérubé has become a leading liberal voice in the ongoing culture wars. This "smooth and swift read" (*New Criterion*) offers a definitive rebuttal of conservative activists' most incendiary claims about American universities, and in the process makes a supple case for liberalism itself. An important polemic as well as "a clear-eyed, occasionally quite humorous account of the joys and frustrations of running a college classroom" (*New York Observer*), this book is required reading for anyone concerned about the political climate on and off campus.

The volume provides an analysis and assessment of complexities in the novel as well as its reception and legacy.

Willa Cather's Sexual Aesthetics and the Male Homosexual Literary Tradition John P. Anders 1999-01-01 In this first full-length study of male homosexuality in Cather's short stories and novels, John P. Anders examines patterns of male friendship ranging on a continuum from the social to the sexual. He reveals how Cather's work assumes an unexpected depth and complexity by drawing on both the familiar tradition of friendship literature inspired by classical and Christian texts and a homosexual legacy that is part of, yet distinct from, established literary traditions. Anders argues that Cather's artistic achievement is distinguished by her sexual aesthetics, an elusive literary style inextricably associated with homosexuality. His analysis demonstrates how a homosexual ethos and eros helped Cather develop a sensitivity to human variation and a style to accommodate it and thus became the objective correlative of her art, dramatizing the diversity of human nature as it deepens the mystery of her work.

WOMEN'S WRITINGS IN THE NINETEENTH AND TWENTIETH CENTURIES TAISHA ABRAHAM 2013-03-11 Intended as a text for undergraduate students of English for their course on Women's Writings in the Nineteenth and Twentieth centuries, this compact and well-organized book provides both the history of the development of the short story in America and Britain and a comprehensive introduction to the modes on critical practices based on feminist thinking. It takes into account the strategies used by women writers, and discusses the politics of reception and production keeping especially the gender issue in mind. The text is divided into three parts—Part I: Introduction—containing two chapters that deal with the development of the American short story and the resurgence of radical feminism in America. These provide the historical and the feminist frame within which the short stories by the Anglo American Women's Writers should be read. Part II gives four short stories: Kate Chopin—*The Story of An Hour*; Charlotte Perkins Gilman—*The Yellow Wallpaper*; Willa Cather—*Coming, Aphrodite!*; and Katherine Mansfield—*Bliss*. Each short story is preceded by a critical introduction, detailed references for further reading, and a biographical time line. Part III comprises three critical essays which provide sharp insights into the period in which the four women writers were writing. This book will be treasured not only by students but also by those who wish to study critically the feminist writings of the period. In addition, it will enrich readers' understanding of American and British literary history and culture. The critical introduction to each short story traces the development of the form from its origins, both historically and in terms of female literary contributions to its development. The chapter on Radical Feminism is mapped in the context of social, political and cultural development. The book

provides historical, literary and biographical contexts of the writers and their short stories.

Emergent U.S. Literatures Cyrus Patell 2014-11-07 Emergent U.S. Literatures introduces readers to the foundational writers and texts produced by four literary traditions associated with late-twentieth-century US multiculturalism. Examining writing by Native Americans, Hispanic Americans, Asian Americans, and gay and lesbian Americans after 1968, Cyrus R. K. Patell compares and historicizes what might be characterized as the minority literatures within “U.S. minority literature.” Drawing on recent theories of cosmopolitanism, Patell presents methods for mapping the overlapping concerns of the texts and authors of these literatures during the late twentieth century. He discusses the ways in which literary marginalization and cultural hybridity combine to create the grounds for literature that is truly “emergent” in Raymond Williams’s sense of the term—literature that produces “new meanings and values, new practices, new relationships and kinds of relationships” in tension with the dominant, mainstream culture of the United States. By enabling us to see the American literary canon through the prism of hybrid identities and cultures, these texts require us to reevaluate what it means to write (and read) in the American grain. Emergent U.S. Literatures gives readers a sense of how these foundational texts work as aesthetic objects—rather than merely as sociological documents—crafted in dialogue with the canonical tradition of so-called “American Literature,” as it existed in the late twentieth century, as well as in dialogue with each other.

Another Country Scott Herring 2010-06-01 The metropolis has been the near exclusive focus of queer scholars and queer cultures in America. Asking us to look beyond the cities on the coasts, Scott Herring draws a new map, tracking how rural queers have responded to this myopic mindset. Interweaving a wide range of disciplines—art, media, literature, performance, and fashion studies—he develops an extended critique of how metronormativity saturates LGBTQ politics, artwork, and criticism. To counter this ideal, he offers a vibrant theory of queer anti-urbanism that refuses to dismiss the rural as a cultural backwater. Impassioned and provocative, *Another Country* expands the possibilities of queer studies beyond its city limits. Herring leads his readers from faeries in the rural Midwest to photographs of white supremacists in the deep South, from Roland Barthes’s obsession with Parisian fashion to a graphic memoir by Alison Bechdel set in the Appalachian Mountains, and from cubist paintings in Lancaster County to lesbian separatist communes on the northern California coast. The result is an entirely original account of how queer studies can—and should—get to another country.

A Calendar of the Letters of Willa Cather Willa Cather 2002-01-01 An infamous clause in Willa Cather's will, forbidding publication of her letters and other papers, has long caused consternation among Cather scholars. For Cather, a complex and private person who seldom made revelatory public pronouncements, personal letters provide-or would provide-an especially valuable key to understanding. But because of the terms of her will, that key is not readily available. Cather's letters will not come into public domain until the year 2017. Until then, even quotation, let alone publication in full, is prohibited. Janis P. Stout has gathered over eighteen hundred of Cather's letters--all the letters currently known to be available--and provides a brief summary of each, as well as a biographical directory identifying correspondents and a multisection index of the widely scattered letters organized by location, by correspondent, and by names and titles mentioned. This book will be an essential resource for Cather scholars.

Queering the Underworld Scott Herring 2009-05-15 At the start of the twentieth century, tales of “how the other half lives” experienced a surge in popularity. People looking to go slumming without leaving home turned to these narratives for spectacular revelations of the underworld and sordid details about the deviants who populated it. In this major rethinking of American literature and culture, Scott Herring explores how a key group of authors manipulated this genre to paradoxically evade the confines of sexual identification. *Queering the Underworld* examines a range of writers, from Jane Addams and Willa Cather to Carl Van Vechten and Djuna Barnes, revealing how they fulfilled the conventions of slumming literature but undermined its goals, and in the process, queered the genre itself. Their work frustrated the reader’s desire for sexual knowledge, restored the inscrutability of sexual identity, and cast doubt on the value of a homosexual subculture made visible and therefore subject to official control. Herring is persuasive and polemical in connecting these writers to ongoing debates about lesbian and gay history and politics, and *Queering the Underworld* will be widely read by students and scholars of literature, history, and sexuality.

Catholic Figures, Queer Narratives Frederick S. Roden 2006-11-14 This study examines the relationship between Catholicism and homosexuality and between historical homophobia and contemporary struggles between the Church and the homosexual? Moving from the Gothic to the late Twentieth-century, from Europe to America, it interrogates what is queer about Catholicism and what is modern about homosexuality.

Willa Cather and Modern Cultures Melissa J. Homestead 2011-10-01 Linking Willa Cather to ?the modern? or ?modernism? still seems an eccentric proposition to some people. Born in 1873, Cather felt tied to the past when she witnessed the emergence of twentieth-century modern culture, and the clean, classical sentences in her fiction contrast starkly with the radically experimental prose of prominent modernists. Nevertheless, her representations of place in the modern world reveal Cather as a writer able to imagine a startling range of different cultures. Divided into two sections, the essays in *Cather Studies, Volume 9* examine Willa Cather as an author with an innovative receptivity to modern cultures and a powerful affinity with the visual and musical arts. From the interplay between modern and antimodern in her representations of native culture to the music and visual arts that animated her imagination, the essays are unified by an understanding of Cather as a writer of transition whose fiction meditates on the cultural movement from Victorianism into the twentieth century.ø

Cruising Modernism Michael Trask 2018-05-31 Modern society, Michael Trask argues in this incisive and original book, chose to couch class difference in terms of illicit sexuality. Trask demonstrates how sexual science's concept of erotic perversion mediated the writing of both literary figures and social theorists when it came to the innovative and unsettling social arrangements of the early twentieth century. Trask focuses on the James brothers in a critique of pragmatism and anti-immigrant sentiment, shows the influence of behavioral psychology on Gertrude Stein's work, uncovers a sustained reflection on casual labor in Hart Crane's lyric poetry, and traces the identification of working-class Catholics with deviant passions in Willa Cather's fiction. Finally, Trask examines how literary leftists borrowed the antiprostitution rhetoric of Progressive-era reformers to protest the ascendance of consumerism in the 1920s. Viewing class as a restless and unstable category, Trask contends, American modernist writers appropriated sexology's concept of evasive, unmoored desire to account for the seismic shift in social relations during the Progressive era and beyond. Looking closely at the fraught ideological space between real and perceived class differences, *Cruising Modernism* discloses there a pervasive representation of sexuality as well.

Henry James and Queer Modernity Eric Haralson 2003-03-27 In *Henry James and Queer Modernity*, first published in 2003, Eric Haralson examines far-reaching changes in gender politics and the emergence of modern male homosexuality as depicted in the writings of Henry James and three authors who were greatly influenced by him: Willa Cather, Gertrude Stein and Ernest Hemingway. Haralson places emphasis on American masculinity as portrayed in fiction between 1875 and 1935, but the book also treats events in England, such as the Oscar Wilde trials, that had a major effect on American literature. He traces James's engagement with sexual politics from his first novels of the 1870s to his 'major phase' at the turn of the century. The second section of this study measures James's extraordinary impact on Cather's representation of 'queer' characters, Stein's theories of writing and authorship as a mode of resistance to modern sexual regulation, and Hemingway's very self-constitution as a manly American author.

Cather Studies, Volume 10 Cather Cather Studies 2015-08 Willa Cather and the Nineteenth Century explores, with textual specificity and historical alertness, the question of how the cultures of the nineteenth century--the cultures that shaped Willa Cather's childhood, animated her education, supplied her artistic models, generated her inordinate ambitions, and gave embodiment to many of her deeply held values--are addressed in her fiction. In two related sets of essays, seven contributors track within Cather's life or writing the particular cultural formations, emotions, and conflicts of value she absorbed from the atmosphere of her distinct historical moment; their ten colleagues offer a compelling set of case studies that articulate the manifold ways that Cather learned from, built upon, or resisted models provided by particular nineteenth-century writers, works, or artistic genres. Taken together with its Cather Studies predecessor, *Willa Cather and Modern Cultures*, this volume reveals Cather as explorer and interpreter, sufferer and master of the transition from a Victorian to a Modernist America.

Queer Environmentality Robert Azzarello 2016-04-15 Offering a model for meaningful dialogue between queer studies and environmental studies, Robert Azzarello's book traces a queer-environmental lineage in American Romantic and post-Romantic literature. Azzarello challenges the notion that reading environmental literature is unsatisfying in terms of aesthetics and proposes an understanding of literary environmentalism that is rich in poetic complexity. With the term "queer environmentality," Azzarello points towards a queer sensibility in the history of environmental literature to balance the dominant narrative that reading environmental literature is tantamount to witnessing a spectacular dramatization of heterosexual teleology. Azzarello's study treats four key figures in the American literary tradition: Henry David Thoreau, Herman Melville, Willa Cather, and Djuna Barnes. Each of these writers problematizes conventional notions of the strange matrix between the human, the natural, and the sexual. They brilliantly demonstrate the ways in which the queer project and the environmental project are always connected or, put another way, show that questions and politics of human sexuality are always entwined with those associated with the other-than-human world.

Rebel Yell Jay Quinn 2001 "What is it about the South that continues to inspire its children to write? Long caricatured and lampooned, the American South continues to fascinate the rest of the country and provide

fertile fields for storytelling for its natives, especially is gay sons. These tales, now told by a current generation, still spring from the hearts, groins, and minds of the sons of this land. Rebel Yell is a singular collection of those stories, told in the soft accents of the gay men who know both the horror and tenderness that is their heritage"--
