**Approaching Women** Steve Dean 2020-01-16 Do you want to learn practical ways to seducing her, take her on date, getting her into the bed and win her heart? Do you want to learn the Secrets to eliminate anxiety and increase your social confidence? If yes, then keep reading... The idea of remaining objective rather than subjective is to provide you with clarity. The way you remain objective is to remove your ego from all social interactions with women. For example, picture the woman you want to approach online or in person as a friend of yours. Assume you already know her; this will help calm your nerves for the initial approach. This works especially well if you get anxious just before a first date. The reason you want to picture her as a friend is because it removes that mental block of thinking she is a complete stranger thus freaking yourself out for no reason. Remember in your mind you may be intimidated to be around her but to me or any other guy she would just be another girl. She only holds the value you create. How crazy is it for you to think someone is too good for you just based on her outer appearance? Unless you're psychic there is no way to assume this. Now, since you are human you may still feel slightly hurt if you misinterpret selection for rejection. If you still feel bothered or hurt then do something that will bring your confidence back up. Say to yourself: I am the captain of my fate, the master of my soul; I have the power, only I am in control and I now release myself of this negative thought. So if you are getting nervous being around or even approaching just know that you are the only one who is provoking that state of mind. The guy who is able to remove his ego from the social situation knows that even if he doesn't get the desired outcome he wants from the approach or from the date, he is remaining objective because what others think or feel of you have no tangible power over you, meaning if you want freedom you can't let someone else dictate your state of mind. You are special, there is only one of you in the entire world, so the woman who you decide to give a chance to just won the lottery. When you become the best version of yourself you will no longer have approach anxiety. Start small-talk with strangers every now and then, make more eye contact with people, and smile more. This will dramatically increase your comfort level when you realize there is nothing to fear. The invisible obstacle of approach is non-existent, because the obstacles you place in front of yourself I can't see, therefore have no effect over me and I will approach whoever I want. Like Shakespeare said, "Nothing is either good or bad, only thinking makes it so." This book gives a comprehensive guide on the following: How to attract women What is approaching The best ways to approach Warm approaches Eliminating approach anxiety How to beat insecurity and neediness Tell yourself you're great how to flirt with a woman over texts How to get the guy of your dreams. **Fearless Approach** Brandon E Hough 2022-09-25 How many more times can you pass by that stunning girl nearby without saying anything to her? You can't help but think that she is stunning and that you would adore having her in your life. Consider how her body feels against yours. Let your pals know about her. She's on your arm as you enter a party. All you have to do is introduce yourself; she's right there. Have you ever felt a strong attraction to a woman but were afraid to approach her or too hesitant to speak to her? Your final solution is right here, so stop stressing and start grinning. Years ago, if someone had told me that I would one day become fearless while approaching ladies and picking them up, I definitely would have yelled at them or called them a drunkard. I used to be so afraid of approaching ladies, let alone having a one-on-one conversation with them. I believed it more closely resembled rocket science, and the thought of that makes me tremble. I felt alone, depressed, and angry as a result. I was a smart young man, but I was single. When I see my friends approaching women and obtaining all the gorgeous women I can only imagine, I become envious and think if they must have used some type of magic spell. Women don't really care about your looks, money or the fancy pickup line you memorized from the internet. All those don't really count much when approaching a woman. Then what do they want? Just read on you'll find out very soon.

**Flirt With Woman** Steve Dean 2020-01-16 Do you want to learn how to interpret the body language of the woman of your dreams? Do you want to learn how to attract, start a captivating conversation and flirt and pick up any girl? If yes, then keep reading... More than 90 percent of the communication we put out there is nonverbal. In other words, how a woman evaluates you is only 10 percent to do with what you say. The rest is about your tone, your body language and your facial expressions. It follows, therefore, that your secret weapon in approaching women is going to be your own attitude. What you want to do is exude an air of confidence and self-assurance. Though you don't want to come across as cocky, you do want her to know from the outset that you have every faith in the success of your approach. Right now, at this moment, you aren't feeling that confidence. Either you've been burned in the past attempting to approach a woman or you've never built up the nerve to even try. Whatever the case, you're certainly not feeling the tingle of potential: the telltale twist in your stomach that tells you that you're wondering about the possibilities of where this IS going to go, rather than the one that tells you you're bound to be shot down as soon as you open your mouth. So how do you get that confidence? It's partly practices, in truth. Once you've tried out the techniques, we'll be covering in this book a few times, you'll have the proof of their success that you need to feel comfortable using them. But it's not all about practice. It's also about adjusting your attitude to become the kind of guy who has a healthy confidence in who he is and what he has to offer to that woman standing over by the bar. Changing your mindset doesn't just change how you perceive this potential encounter and your chances of snagging her number. It also affects how you stand, how you speak, how you hold yourself and so on. It alters everything about the non verbal communication you're putting out there. After all, how you feel affects how you think, which affects how you act. Now, instead of seeing a terrified guy who has no idea what he's doing, she sees a man who is at ease with himself and will be fun and rewarding to talk to. Your attitude is the foundation that we'll be building everything else on top of. The stronger it is, the higher we can build the structure on top of it. This book gives a comprehensive guide on the following: The guide to sexy flirting Flirting without your words Discover masculine traits Interpret the body language of the woman of your dreams The vital strengths & skills and how to obtain them fast Putting it

This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Is there someone you know in your heart is the perfect one but, she doesn't even know you exist?
