His to Keep Katee Robert 2014-04-28 School teacher Marceline Bellini gave up everything—men, sex, anything resembling a social life—to raise her young daughter. To be the perfect parent. But when she attends an engagement party in her standard stick-in-the-mud mode, her friends begin plying Marcy with shots. Just enough to convince her that a little fun doesn't sound like a bad idea... and having some naughty fun is an even better one. Like finding herself deliciously pressed against a dark alley wall by the very familiar and very hot body of her best friend's older brother. After years of waiting in painful silence, police officer Aaron Robinson finally has Marcy's attention. And man, does he have it. But nothing could have prepared either of them for the rush of fiery lust between them. So he'll just have to convince Marcy he's for real. And that a rainy, lust-fuelled romp is the first step to a lifetime of completely imperfect happiness... Each book in the Out of Uniform series is STANDALONE: * In Bed with Mr. Wrong * His to Keep * Falling for His Best Friend * His Lover to Protect * His to Take

Fallen Night S.M. West 2017-07-08 Discover a world of power, filth and depravity in the steamy and thrilling New York Knights series. The saga continues with this angsty best friend's little sister romance. I had to leave. I had no choice. I loved her too much to stay. Carys has always owned my heart and loving her was the best part of my life...until I discovered the truth, realizing that the only way to keep her safe was to let her go. I thought it would become easier, that my love for her would eventually fade. But I was wrong. The longer I stayed away, the more it hurt to be apart from her. It's probably selfish and reckless, but I want her back. I need her more than I need air to breathe. Without her I'm nothing but a broken soul. Problem is she's already moved on, started a new life without me. But I've never shied away from a challenge, and there's nothing I won't do to prove to her that she's still mine. She's always been mine. This is book two in the New York Knights series with interlinking storylines. *Fallen Night* shouldn't be read as a standalone and is the continuation of a five book series about the alpha protectors of Hart Corporation.

Devil You Know L. A. Fiore 2017-02-15 Damian Tate. One look into his sad green eyes and I was hooked. I wanted to be the one to make him laugh, to make him smile. I hadn't expected him to be the one to make me blush, to make me hot...to make me fall in love. He was my first kiss, my first love, my first everything. I wanted forever with him, but life got in the way. He enlisted, I went to college, and for years we were never in the same place long enough to pick up where we left off. Thirteen years after he left, tragedy brings him home. The stoic boy I fell in love with grew into a quiet, dangerous and wildly sexy man. He still tugs on all the right strings for me, but he seems determined to keep me at arm's-length. However, when trouble comes knocking at my door, he is the one to put himself between that trouble and me. Spending time with him might drive me insane, or it might be our second chance at first love.

The Hunted One Brittney Sahin 2021-10-18 Will this growly protector break her book-loving heart . . . or become her second chance at love? Savanna Vasquez lost her Navy SEAL husband years ago to terrorists, and she doesn't think she's capable of falling in love again. So, she busies herself by running her café and buries her face in the pages of fiction for a romantic escape. But when her late husband's brother finds his way into her life, bringing a world of danger with him, Savanna is protected by a group of tough former Army guys. She feels like she's inside one of her favorite novels, but she's not so sure if her happily-ever-after will be guaranteed, especially when she finds herself alone with one of the dangerously handsome Delta operators. After twenty years of serving his country in the Army, Griffin Andrews now works for an elite security team. When he's sent on a mission to protect a friend of the firm, he never expects to meet a woman who will bring his dead heart back to life. In Griffin's eyes, Savanna's still married, even if only in her heart--which means she's off-limits. Forget the fact she's also his assignment. With her being hunted by an unknown number of threats, he needs to focus on her safety and not the way she feels in his arms. Sal had long ago gotten over the worst non-break-up in the history of imaginary relationships with a man that hadn't known she'd existed. So she isn't prepared for this version of Reiner Kulti who shows up to her team's season: a quiet, reclusive shadow of the explosive, passionate man he'd once been. Nothing could have prepared her for the man she got to know. Or the murderous urges he brought out in her. This was going to be the longest season of her life.

Love on the Brain Ali Hazelwood 2022-08-23 An Instant New York Times Bestseller A #1 LibraryReads and Indie Next Pick! From the New York Times bestselling author of *The Love Hypothesis* comes a new STEMist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there's only one question that matters: What will Bee

Königswasser do?
