Women, men and couples experience sensational erotic stories with other people. Pleasure and satisfaction are at the center. These sex stories are for adults, in english and uncensored. Gloria Hole has been living in Hamburg for many years. She worked there as a whore. To this day, she makes the hearts of the men beat faster. With great sensitivity, she understands how to pass on her experiences to young men. She is known as a teacher for young men who want to learn the arts of love. With a lot of passion and genuine desire, she is part of it and is still pursuing her old profession as a hobby. Many men have lost their innocence. She is not a professional writer. Rather, it is a private concern to let other people participate in these sex stories or even to encourage themselves to become active. Meanwhile, she had written many sex stories about and for sexual open-minded people. Sex and erotic short stories in English, from 18 years, are their great passion. Especially from the areas: Analsex, Groupsex, Cuckold, Femdom, Outdoorsex, Swingersex, Wifesharing, Dirty Talk, Milf and Omasex. For her there is no taboo. She also likes to write about mature men and young women, school girls (the girls are over 18), the first time sex, outgoings, fling and lesbian love. Erotic must be porn, uncensored and hardcore for her. Written in a clear and expressive language. Sex stories must be like a porn for the head to the reader. This is exactly what is going on in my sex books. Erotic books the man and woman make sharp. Psychotherapy: An Erotic Relationship David Mann 2003-09-02 Psychotherapy: An Erotic Relationship challenges the traditional belief that transference and countertransference are merely forms of resistance which jeopardize the therapeutic process. David Mann shows how the erotic feelings and fantasies experienced by clients and therapists can be used to bring about a positive transformation. Combining extensive clinical material with theoretical insights and new research on infants, the author traces erotic development back to the parent-child relationship, drawing parallels between this relationship and the therapist/client dyad. Individual chapters explore the function of the erotic within the unconscious, pre-Oedipal and Oedipal material, homoeroticism in therapy, sexual intercourse as a metaphor for psychological change, the primal scene and the difficulties of working with perversions.
