My Queendom for a Horse Bridget E. Baker 2022-12-26 Kristiana Liepa was supposed to use the money to save her family farm. She was NOT supposed to spend it all to save a massive, black stallion. But when she saw how he was being treated, what's a vet to do? She had no idea that gorgeous beast was really a powerful (and morally gray) magician who had been cursed by a witch, or that she was the only one who could reverse the curse. And she couldn't possibly have known how that one rash decision would irrevocably change her life. . . and his. Need a little more information to make up your mind? Read a trade review and a longer description below: Publisher's Weekly said, "My Queendom for a Horse is an intriguing paranormal romance with a fresh and fun setup. [R]eaders will enjoy both the magical and romantic elements." They also said, "The story of a shapeshifting horse is undoubtedly unique. The author puts a dynamic spin on fairytale tropes, while her knowledge and love of horses is evident throughout. A strong, confident female character takes center stage in this novel with her ability to talk to a cursed horse." Here's the longer description with more detail: Kristiana's father has a gambling problem. After a particularly bad hand of cards puts their family's land in jeopardy, her dad's solution is to call her billionaire ex. But Kris can't bring herself to beg him for money. At least, not her first time seeing him in ten years. Instead, she withdraws her life savings and bets on herself. Thankfully, it pays off! She and her most promising horse win big at the Down Royal steeplechase in Ireland, but only because the best horse on the track wasn't ridden properly. Luckily, it's just enough to grant a stay of execution with the bank. Or it would be. . . But when Kris realizes her nemesis is abusing the gorgeous black stallion who should have won, she can't help herself. She spends her winnings buying the horse she fell for the moment she saw him. It may not be the smartest move in the short run, but Obsidian Devil's her best hope of finally digging out from under the massive debt hanging over them. She'll have to ask her ex to help with the next payment, but seeing him again won't be so bad. What Kris doesn't know is that her new purchase is actually a powerful magician, stuck in horse form by a witch's curse. She also has no idea that she'll be the only person who can help him lift the curse. . . And worst of all, that helping him may mean losing the family farm for good. KW: horse shifter, paranormal romance, horse shifter romance, shifter romance, paranormal shifter romance, witch's curse,

Five Plus Five Makes Fifteen Barb Gonie 2018-03-08 While big families were commonplace a few decades ago, not many can boast of having five sets of twins and five single births. However, the Burge family from Pierceland, Saskatchewan could. In *Five Plus Five Makes Fifteen*, Barbara Gonie, the fourth child in the family, shares how her farming family managed to survive in a two-bedroom house without running water, electricity, or indoor plumbing. With honesty and humour, she describes the trials and tribulations of having to share a bed with several siblings, eating tinned Spork "meat", and never worrying about having a playmate. In addition to providing details about life in the Prairies in the forties and fifties, Barbara offers insight into how growing up in a loving, hardworking family can shape an individual to make good life choices and pass on strong values to the next generation. A consummate storyteller, she takes her readers from the days when clothing was sometimes made from flour bags and a dozen children might share the same bathwater to modern times when her grandchildren want for nothing and she is able to soak in a hot tub and reflect on the fact that what is important in life really hasn't changed - love, family, and doing for others.

was found in Janet Fox's papers following her death, and I completed it. I hope you enjoy it. Keeping up the fantasy theme, we have a powerful tale by Craig Lurance Gidney inspired by the music of Joni Mitchell (selected by our acquiring editor Cynthia Ward). Our other acquiring editors have been busy, too—Michael Bracken presents an original mystery by the talented Kaye George (in which an ancient cave painting holds a clue to a murder), and Barb Goffman presents a tale by Sherry Harris, in which Stew Davis finds himself walking a dusty road in Who Knows Where, Wyoming after his car is stolen.. On the mystery front, we have our ever-puzzle solve-it-yourself story from Hal Charles, plus a pair of historical novels—one by Frank C. Robertson (it's a mystery-western) and one by John T. McIntyre (set near the turn of the 20th century in New York City).. For our fantasy and science fiction readers, we have the first Darby O'Gill story (most famously filmed by Walt Disney), plus a pair of vintage pulp novellas by Fletcher Pratt and Murray Leinster. Fun stuff!. Here's the complete lineup:. Mysteries / Suspense / Adventure: "Discovery," by Kaye George [Michael Bracken Presents short story] "Nothing to Sneeze At," by Hal Charles [Solve-It-Yourself Mystery] "Last Chance Lost," by Sherry Harris [Barb Goffman Presents short story] The Boss of the Double E, by Frank C. Robertson [novel] In the Dead of Night, by John T. McIntyre [novel]. Science Fiction & Fantasy: "Maeve's Quilt" by Craig Lurance Gidney [Cynthia Ward Presents short story] "Had a Wife..." by Janet Fox and John Gregory Betancourt [short story] "Darby O'Gill and the Good People," by Herminie Templeton Kavanagh [short story] "Potemkin Village," by Fletcher Pratt [short novel] "The Boomerang Circuit," by Murray Leinster [short novel]

Dozens of activities teach how to balance a checkbook, read stock tables, and know what people are talking about when they mention inflation, recession, and the Federal Reserve Board.

Sam: Coming soon to Disney Plus as Sam - A Saxon Samuel Meffire 2023-03-30 The extraordinary and exciting story of East Germany's first Black police officer, coming soon to Disney Plus! Samuel Meffire grew up as a Black German in East Germany and, against all odds, became East Germany's first black police officer. In the nineties, marked by upheaval and unrest, he was the face of an anti-racism campaign, received invitations to politicians' receptions, talk shows and numerous media appearances. But as Europe changed, he slipped from being a model policeman into crime himself, eking out his days as a hunted criminal and prisoner. After seven years in prison, Meffire fought his way back to life and once again went to the front lines of social upheaval, but this time not as a police officer, but as a social worker for young people with a serious history of violence, and as a successful indie author of dystopian crime novels. In his memoir, Samuel Meffire gives an intimate insight into his emotional world. In the background and with an almost brutal frankness, he grippingly recounts his life across several continents and, looking back, gives us a fascinating insight into an overlooked period of history.

Another 1000 Famous Horses FJH Glover 2022-11-13 This 2nd book is a continuation of the 1st book. The index at the back of the book is brilliant. The contents list, at the front of the book, is in alphabetical order, and is a list of the horses names, gives paragraph numbers. Whereas the Index gives the Rider/Owner in alphanumeric order and gives paragraph numbers. So if you do not know the name of a persons horse you would look up the person in the Index and it would indicate the paragraph numbers to find the answer. For instance: Steptoe and Son would be under 'S' in the Index and this would lead you to 'Hercules', the strong man from Greek Mythology. Or Toy Story 2 would lead you to 'Bullseye' Books 3 and 4 are in the process of compiling, it's a "Never Ending Story".

Forgotten Disney Kathy Merlock Jackson 2023-06-28 This work demonstrates that not everything that Disney touched turned to gold. In its first 100 years, the company had major successes that transformed filmmaking and culture, but it also had its share of unfinished projects, unmet expectations, and box-office misses. Some works failed but nevertheless led to other more stunning and lucrative ones; others shed light on periods when the Disney Company was struggling to establish or re-establish its brand. In addition, many Disney properties, popular in their time but lost to modern audiences, emerge as forgotten gems. By exploring the studio's missteps, this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits. With essays by writers from across the globe, it also asserts that what endures or is forgotten varies from person to person, place to place, or generation to generation. What one dismisses, someone else recalls with deep fondness as a magical Disney memory.
