**Astrology** Samantha Scott 2015-08-12 Astrology The Planets, Elements, Zodiac Signs & How They Affect Your Life Why do people hold onto any superstitious or supernatural beliefs? As it relates to astrology, people choose to believe because it gives them a lot of desirable information about their lives, and the way that the future will unravel. It offers tangible ways to resolve problems, and to work at improving their relationships with family, friends, and romantic interests. The way that people use astrology these days, can bring a lot of joy and satisfaction. When people read their horoscopes, it gives them more control over their own destiny, and causes them to feel satisfied and happy. Astrologers will not always get every specific detail right, about all of the people who fall under a certain sign. However, reading your horoscope can provide valuable insights, and help in many ways. In order to truly benefit from a reading, you must have someone create a personal natal chart for you. Followers of astrology do not believe that things in life happen just by coincidence. Instead, they believe that things occur for very good reasons. You can use astrology to find the answers to questions, about why things happen, or what is going to happen in the future. This is why so many people choose to use astrology in their lives, in order to help them better understand the world around them. Here Is A Preview Of What You'll Learn... Basics of Astrology The Four Elements The Zodiac Signs Relationships Friends and Family Love and Sex Much, much more! Thank You for Choosing This Book

**Astrological Almanac For 2018** Lynne Palmer 2017-11-22 The Astrological Almanac is complete with tips on each of the zodiac signs; this book allows you to time your activities to your best advantage. No need to search for information, this book lists everything from A (Acquisitions) to Y (Yoga) that lets you know when to plan anything, such as a hair cut, beauty treatment, major surgery, or traveling. When you want to know the best time to do anything, merely consult the Astrological Almanac that lists the events of modern life. Everyone can benefit with this Astrological Almanac. It can be used by people in all age brackets, of both sexes, professionals and nonprofessionals, and from all walks of life. There is something for everyone in this book: a complete Sun sign synopsis as well as information to determine the best time to undertake or fulfill any venture. Why is this book unique? A general Sun sign book does not give the information contained in this Astrological Almanac, especially as provided in Part One--Sun signs; your color, gem, stone, number, day, city, state, country, healthful herb teas for the zone of the body ruled by your sign, cell salts, books, music, fashion ruled by your sign, the kinds of flowers, gifts and perfumes for each sign, and compatibility (or how you get along sexually with everyone--all zodiac signs), the best days for sex, and your forecast for the year. Another unique feature is the Best Days Guide for Daily Activities (Part Two), which gives dates to enable you to determine the right time to do whatever you wish in order to obtain the best results and quickest action possible. Thus, you can consult this Astrological Almanac to apply to your daily life (there are 500 categories), enabling you to make advance plans concerning a specific activity or venture. For instance, what is a good date to start a legal action? Open a business? Advertise? Get hired for a job? Give a party? Go on a diet? Go on a trip? Have your hair cut? Have dental work? Have surgery? Plant crops? Can food? Have you ever wondered why a restaurant opened and folded, even though the food was tasty, the decor charming, and the service good? Because it was opened, astrologically, at the wrong time. "Everything in life is in the timing" is a well-known adage that has been expressed over and over by millions of people. In this Astrological Almanac, you will be able to determine when to do something to attain the most propitious results. To use this information, you do not need your horoscope, nor do you need to know your Sun sign. Just look for the activity you are interested in (they are listed alphabetically), find the favorable dates to take action throughout the year, and plan accordingly. This applies to everyone regardless of your Sun sign.
