The Easiest Way to Meet and Pick Up Girls-Ever!! - Dusty White 2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight-without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you-and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

The Creation of a new type of American masculinity in James' novel 'Daisy Miller' - Tobias Bumm 2003-02-15

Seminar paper from the year 2001 in the subject American Studies - Literature, grade: 1,0 (A), University of Stuttgart (Institute for American Studies), language: English, abstract: Henry James was 35 years old in 1878 when he wrote "Daisy Miller". He was considered a celebrity in his home country America and also in England, which was later to become his second home. Not only was he successful in writing his novel, he also changed American literature with his masterpiece. Generations of literary critics have been dealing with "Daisy Miller" in terms of the creation of a new type of American female.¹ In my paper I want to approach the novel a little differently by taking a closer look at the male protagonist Frederick Winterbourne. I would also like to take a closer look at the narrative perspective and the way Winterbourne is represented by it. Furthermore I am interested in the gender relationship between Daisy and Winterbourne and their attempts to find a way to get together. The problems arising from this, concerning Winterbourne, will lead me to the last topic, the crisis in American masculinity, the images of masculinity reflected in the novel and a way of creating a new identity of American men. A main problem is procrastination that keeps people from doing the right thing and developing as a person. Another thing I want to take a look at is the mystery Daisy as an American woman is for Winterbourne and how he deals with his insecurity. In fighting it he makes attempts to create his masculinity. James also intended to make his protagonists allegories of certain features in the American mentality and shows problems of American society in the 19th century. James takes an exemplary relationship by which he tries to depict the very tricky situation of America itself and gender-relation in America in those days. The young expatriate Winterbourne and his problems with his countrywoman Daisy Miller mirror the problematic situation of the nation. The way James employs shifts in his narration shows the reader how strange the situation is and somehow also comical. Winterbourne whose main interest is the innocence of Daisy is in bigger terms looking for America's innocence that seemed to be lost after the end of the Civil War.

You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. meets the beautiful woman, she realizes that Isabelle is nothing like the others, and she wastes no time submitting to her... When she bumps into the gorgeous woman at a bar, the night takes a surprising turn and she finds herself back at Isabelle's house. Only this time, she's brought a friend with her... Justified Affair Unavailable - I was always good at running away when the going got tough. For me, getting caught screwing the wife of a drug dealer was about as tough as it was going to get. So I got the heck out of dodge. That's how I found myself in New Jersey, with no money and no friends. And certainly no reason to stick around. Until I met Andrea. Married, straight Andrea, who was just as beautiful as she was kind. Andrea, who turned my predicament into an opportunity. Andrea, whose happy marriage wasn't what it seemed... Now I have every reason to stick around. Untamed - At first I thought Andrea would want me out of her house, after what I did, but we somehow became closer. Became friends, even. I was the one she turned to when she needed to be comforted, after her husband showed his true colors. And then we became closer than I ever thought possible... She was definitely worth the wait. Unjust - Everything was perfect. I had it all: a place to live, a job, and a beautiful woman who wanted me as much as I wanted her. Who submitted to me whenever I wanted her. It wasn't a dream, but it sure as hell felt like one. Then I opened my big mouth and ruined everything. I pushed her away with my "honesty". What was said couldn't be unsaid. And now? Now things have changed between us, and I don't think they will ever be the same again. Who said honesty was the best policy? The Neighbor Part One - "You have the misfortune of living next door to Azalea's very own Cleopatra. The little harlot who'll sleep with anything that moves." After ending my marriage and uprooting my teenage son to my hometown against his wishes, I knew things would be tough at first. But with the good weather, the chance to be close to my parents, and the opportunity to reconnect with old friends, it seemed like a good idea at the time. And it was, until she came into my life. The infamous Casey Adams, a woman who'd succeeded in turning the whole street against her just by being irresistible. I wasn't going to let her get under my skin... But it's difficult when she's always there, right next door, being so friendly and beautiful, being the opposite of what everyone described. Awakening within me feelings I didn't know existed. Who can resist that? Part Two - "She'll take everything from you, bleed you dry, spit you out and move on to the next gullible person who gives her the time of day. Staying away from her from now on is your best option." Getting closer to Casey was a choice; falling for her was out of my control. Everyone warned me to stay away from her. But that just made me want her even more. For the first time in my life I was letting my body do the thinking. And now I could lose everything. My comfortable life, my family. All because I fell for the wrong person; all because I fell for a woman. Now I have to choose - love or acceptance. Set Dreams Book 1 - Nyla Rossi - brunette beauty, once voted Sexiest Woman Alive. Former action star, now my co-star. Hobbies include being an unapologetic homophobe, and hating me! She's made no secret of her dislike for me and my "lifestyle". The whole world knows about it. What the whole world doesn't know, however, is what goes on when the cameras stop rolling, and when we're alone together... Being hated never felt so good. Book 2 - I was foolish to think that what happened between us would change things. If anything it made things worse. Knowing me intimately gave Nyla power over me. And worst of all, I can't stop thinking about her. She's made it difficult to move on. But luckily for me, I don't have to. Book 3 - After what she did and said to me, I wanted her dead. I regretted ever letting her touch me. I couldn't stand being in the same room as her. The show started to suffer. I'd finally seen the real Nyla Rossi, and I hated her. But then she did something that made me question my opinion of her. She showed me a side of her I never knew existed. A side the rest of the world had never seen. And then, what started off as hate-sex became something more. So much more. This is a lesbian erotic romance collection. Contains strong language and adult scenes. For Mature Audiences Only.
