How to Attract Women Zac Miller 2020-03-08 Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Get Inside Her: Dirty Dating Tips & Secrets from a Woman Marni Kinrys 2013-02-15 Guys, Discover Insider Dating Tips From A Woman: One night, I sat up late reading email after email from attractive, witty guys who were single and ready to date, and instead of being impressed and enraptured, I began to wonder what on earth was going wrong in the world. You see, these emails were not the typical online dating messages. They weren't asking me out on dates, or vying for desire or attention. They were sent from great guys, who no matter what they tried, always seemed to find that beautiful women ended up dating jerks and never calling them back. Now, you might be wondering what all these guys are doing emailing me their questions, but as a professional Wing Girl, it's my duty to be the girl who gives it to guys straight of the dating community. I'm always brutally honest and have been told I have a gift for seeing things from both sides of the dating lines, but it took me a few glasses of wine and some seriously deep thinking to try to piece the puzzle together. What was going on? I knew all my gorgeous girlfriends were looking for these types of men. Men who were exciting, fun, good, honest and who had their life together... So as they were they emailing me, detailing their failed attempts, I tried to find the one common factor that was holding these great guys back. I spoke with them at length about their dating history, trying to figure out if they were doing something wrong, and then it struck me. It wasn't them; it was "The Game" they had been told to play. They had the best intentions, but they were going about attracting and dating beautiful women in all the wrong ways. They were dating from the male perspective and in a way that seemed right to other guys; but this wasn't communicated clearly to women! As I started to reply to each email, instead of telling them what I thought they wanted to hear or what I thought male Pick Up Artists might tell them, I started to lay it all out on the line. Later on, when I asked my girlfriends for their opinion, they couldn't believe what I had written. I was revealing all secrets women would never tell men. I was putting it out there in a way that would give guys what my girlfriends called the upper hand, but I defended my actions. These were genuinely great guys! I was tired of hearing how women could never find what they were looking for. Now, when I gave the men a road map to go out and find them, they freaked out! That's when I knew I had something worth sharing. Something that would turn the dating world on its head; finally, I thought, "It's time to shake things up!" If you have ever wondered why you aren't on the calendars of beautiful women, why they never seem to call back, or always end up with the jerks of the world, then you have to hear what I have to say. You need to accept that it's not your fault and face the facts. Men and women are different. We act, think, and date differently. If you want to find success, you have to see things from a different perspective. You have to gain the world's first (and best) awarded female Pick Up Artists perspective! Now when I go out, meet with clients, call, or email these great guys back, I get something in return. I get to see them finally date the women they have always wanted and deserved. They tell me how easy and simple it has become, and how they cannot believe they didn't think of it first. Of course, I always laugh and tell them, "How could you? We think differently!" They send me photographs, updates, and once in a while, I'll be invited to a wedding or two. Now, it's your turn. Come see where the controversy lays. Discover the secrets that will make women want you, chase you, and call you back every time. Become the man you have always wanted to be but didn't know how.

In 2004, Lois P. Frankel's bestselling book, *Nice Girls Don't Get the Corner Office* blew the lid off our long-held ideas about gender and success. Tapping the Little Girl in Your Woman Ryan Hale 2016-10-26 Something has to be done. Too many relationships are ending in divorce and heartache. I blame the men. I blame you. Don't get mad too at me just yet, let me explain my reasoning. Men have misplaced authority over their girl(s). They no longer dominate and take the reigns. They let the girl tell them what to do, feminizing them. Most people reading this know I'm 100% right, but people reading this will still get their feeling hurt and want to immediately criticize me for this argument. Many of you reading this book intro will be secretly condemning me to hell. Others will be upset with me for telling it like it is. Come up with whatever excuse you want, women are hardwired to submit and do as they're told. They are hardwired to be little girls. Here's my peace on this matter: The cause of a woman's unhappiness is the fact that they have been socially conditioned to believe that they have power, can manage independently, etc. etc. etc. A woman who knows her place, who obeys her man, who accepts him as her dominant - the girl is always happy and contented with being a submissive little girl. On the other hand - a woman who attacks men aggressively, spouts off all this equality crap, and who refuses to submit is ALWAYS unhappy, depressed, and miserable. If you happen to be a girl reading this, I hope this helps you better understand your problems. I am a man. I dominate. It's what I'm hardwired to do. I make no apologies for it. I am who God made me. I am a man. If you want to buy into the lie that men and women are equal, God forgive you. I am here to tell you that the solution or answer to most, probably all, of your relationship issues is your unwillingness to accept this truth. If you are ready to accept this truth, this book will help you with what to do next. You see, you must learn how to train your woman to be a little girl. This isn't hard, once you know what to do. This book will provide you sound practical advice and how-to so you can transform your relationship (and/or future relationships) with girls in the future. It takes a while to regress a girl back to childhood. I tell you this so you do not give up on your quest to change her back to her normal state, the state God intended her to be. Mainly what you are doing is un-doing the harm that social conditioning has brought on her since her interactions with other feminists, educators, television, internet, etc. We call this process re-education. Your girl must be re-educated if she's to find her happy place once more. I wish you luck. You'll need it. It took me awhile, I won't lie. The journey may not seem rewarding now, but reflecting back I can tell you it was some of the happiest moments in my life - training her to obey and be a little girl. The men I have taught this knowledge to have seen the dawning of a new era in their relationships and lives. There have been incredible breakthroughs and transformation. Let me walk you down this path. Let me help you. Let's get started. The sooner we do, the sooner you'll fall in love with the little girl that is hidden in your woman. Let's free that little girl and let her know it's okay to emerge and be accepted. Your little girl will love you so much for taking the time to put her in her place and discipline her well. Seducing a Woman with Words Lucas Lautier 2018-05-31 "Hi, how are you?" Do you count on seducing a girl with this kind of line? Really? May he who has never ended up in the friendzone cast the first stone at me. We've all already found ourselves in this uncomfortable situation: the one where we try to go further with a friend before being gently rejected. And yet, by applying some powerful advice that would have allowed you to position yourself otherwise in the nascent relationship, you would surely be in a relationship with this woman at this time. The secrets I am about to pass on to you have made me the man I am today: a true and complete man who is aware of the hidden power of words. The seduction techniques that you will soon learn have allowed me to sleep with more than forty women at only 22 years old. Passionate about human psychology (and female beauty), I looked into the subject very early to reach my goals. I ended up mastering the tricks of the trade to a point where everything became too easy... Seducing a woman by SMS, approaching on Facebook or flirting on Tinder is child's play for me. This is what you're going to learn in this book: - How to never again end up in the Friendzone by learning the difference between a classic conversation and flirting (many people confuse the two). We don't talk to a friend in the same way that we would talk to a potential future girlfriend. - How to effectively start a conversation with a woman on a dating site or Facebook and make her want to get to know you, by differentiating yourself from other men. - How to never run out of subjects to talk about, by using the storytelling technique. - How to position yourself in the emerging relationship to be and continue to be the alpha-male and to control the upcoming sequence of events. - How to make a girl want you without seeming like a pervert. To handle the art of sexualisation like a God. - How to appear mysterious and make her crazy for you in a short amount of time. - How to be light-hearted, funny and endearing by using humour. The examples will be as real as can be and modelled on real conversations. All of the extracts from discussions which will be presented to you are not made up but rewritten versions of, or strongly inspired by, my past conversations: everything is authentic (except the names used for obvious confidentiality reasons). Ready to be part of the elite? The group of 5% of men who seduce Facebook, Tinder, Happn, Bumble, Match.com, OkCupid, Instagram and many others. And who sleep with all the women of their dreams.

Approach and Talk to a Girl J. Covey 2019-09-24 Nervous to Approach and Talk to Women 1-on-1? Wipe Your Tears - The Final Solution is Here... [Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough—just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline. A Little Girl in Old Pittsburg Amanda M. Douglas 1909 A Little Girl in Old Pittsburg Christmas came. There was not much made of it here, as there had been in Virginia, no gift-giving, but family dinners that often ended in a regular carouse, sometimes a fight. For Pittsburg had not reached any high point of refinement, and was such a conglomerate that they could hardly be expected to agree on all points. The little girl lost interest presently in watching for her father, and half believed he was not coming. She was very fond of grandad, and Norry, and the wonderful stories she heard about fairies and "little folk," who came to your house at night, and did wonderful things—sometimes spun the whole night long, and at others did bits of mischief. This was when you had offended them some way. She liked the Leprecawn so much. He was a fairy shoemaker, and when all was still in the night you sometimes heard him. "Tip tap, rip rap, Tick a tack too!" And the little Eily, who wished so for red shoes, but her folks were too poor to buy them. So she was to find six four-leaf clovers, and lay them on the doorstep, which she did. "What a queer noise there was in the night," said the mother. "It was like this, "Tip tap, rip rap," " "Sho!" said the father, "it was the swallows in the chimney." Eily held her peace, but she put four-leafed clovers again on the doorstep, and tried to keep awake, so she could hear the little shoemaker. "I'll clear them swallows out of the chimney, they disturb me so," declared the father, and he got a long pole and scraped down several nests. But the next night the sound came again, and the mother began to feel afeared. But when Eily went downstairs there was a pair of little red shoes standing in the corner, and Eily caught them up and kissed them, she was so full of joy. Then her mother said, "The Leprecawn has been here. And, Eily, you must never wear them out of doors at the full of the moon, or you'll be carried off."

F*CK Him! - Nice Girls Always Finish Single - a Guide for Sassy Women Who Want to Get Back in Control of Their Love Life Brian Nox 2016-10 The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

How to Text a Girl Bruce Glover 2020-10-10 You're so close from a date with her... ☐☐ Do you know that text a girl could be SIMPLE? Would you like to learn it? If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship...
