Cougar - Valerie Gibson 2002

A humorous and irreverent guide offering advice for older women dating younger men.

How to Date Older Women - Andrew Dolan 2008-07-07

Did you know that many older women prefer dating men younger than themselves? If you're a younger man who wants to get started dating older women, this book shows you how to get a handle on the crucial differences between older and younger women. Learn how to approach,

and get involved with, older women, find out how to push back against the public disapproval that older woman-younger man relationships attract, and discover the real reasons why many older women prefer younger men. Based on the author's dating experiences with older women.

Older Women, Younger Men - Felicia Brings 2000

Despite famous couples, most older women have never been open to finding that special someone from the pool of younger men.

Loving a Younger Man - Victoria Houston 1989-04

More than half the American women who marry for the second time choose younger men. Based on her own experience and numerous interviews, Houston, happily married to a man nine years her junior, explains why this revolutionary trend is so successful--and rewarding.

How to Date Younger Men - Trina C. 2012-03-04

ABOUT THE BOOK "Older women, are beautiful lovers." So goes the song made famous by country crooner Ronnie McDowell in 1981. And he was right. For years, younger men of a certain type have always enjoyed the company of older women. The mystery, the worldliness, the experience - it's all something young men crave, and something many young women lack. The phenomenon of younger men having relationships with older women is nothing new. Silver screen legend Mae West, who coined the phrase, "Why don't you come up and see me some time?" kept a harem of young men well into her 60s. Catherine the Great, the sexually independent Russian ruler, had a string of younger lovers, and the last one was 40 years her junior. Celebrity couples with an older woman in recent years have included Courtney Cox and David Arquette (7-year difference), Vivica Fox and rapper 50 Cent (11-year difference), Cher and Rob Camilletti (18-year difference), and Madonna and Brahim Zaibat (29-year difference). And, of course, there's Demi Moore who is 16 years older than her now-estranged husband, Ashton Kutcher. EXCERPT FROM THE BOOK To get a man, any man, you have to put yourself out there. To get a younger man requires a little more work because some might overlook you automatically. This isn't because you're not attractive, it's simply because most men are hardwired to look for women

their own age or younger. To find him, you must seek him. Join an online dating site, whether it's one designed specifically for cougar-cub romances or one that caters to mainstream romances. Whichever site you choose, be specific in your age limits. How old is too old? And how young is too young? Use an attractive recent photo, preferably a headshot where you're smiling or otherwise look appealing. Keep it classy, though. You want him to be curious to know more about you, not about how fast he can bed you. Pick up a hobby that interests you, but one which also attracts young men. Do you enjoy skiing? Join a singles club that welcomes all ages for skiers. Any outdoor activity such as hiking, bicycling and boating often have young, male devotees. Don't start heading to NASCAR races if you really don't enjoy it, but don't skip out on something simply because it might not attract younger men. Cooking classes are often filled with young men. You'd be surprised at how many 20-something men are picking up sewing! Don't worry if the object of your desire isn't single. Strike up a conversation with him anyway. He probably has plenty of single friends!... Buy a copy to keep reading! Revising Mrs. Robinson - Suzanna Mathews 2016-06-23

Cougar Dating - Jackson Sparks 2015-02-06

In today's dating scene, all is fair in love and attraction. We are no longer living in times where you can only date certain people of a particular

race, social class, economic standing, or educational background. Yes, even gender and age are now subject to our own tastes and preferences! For an older woman, dating younger men promises fun and adventure in more ways than one. Beyond the obvious advantages, a young man sees the world with fresh eyes that can influence you to take a different perspective on life. Not to mention, younger men will certainly be youthful, energetic, and lively - both in and out of the bedroom. They will also be more receptive to (some will even ask for) you taking the reins in the relationship every now and then. Sounds pretty good, doesn't it? But on the other side of the coin, what's in it for them? And what does it take to create a sense of attraction with a younger man? That's where this book comes in. I'll explain exactly what can make you so appealing to the younger man. You'll learn specific and practical tips, like where to go, what to say, and how to dress (without betraying your sense of self) so that you can take your dating life to a whole new, younger, level. I'll also divulge all the subtle moves you need to catch his eye, and tips to keep him interested for as long as you want. In essence, this is a must-have handbook for cougar dating success.

Mainstream films have been known to attend to romantic relationships from many different angles, offering the notion that even the most disparate relationship can achieve happily ever after. Employing a theory developed by Walter Fisher, the Narrative Paradigm (Fisher, 1984) and utilizing a feminist criticism framework, this study examines the representation of the Older Woman/Younger Man romantic relationship in film today. This study examines two US mainstream films: *Prime* and *How Stella Got Her Groove Back*, to show how films of older women,

younger men age disparate relationships are typically unaccepted in society based on the rhetorical construction and underlying portrayal of heteronormative patriarchy. Examining the narratives in these films, it is apparent that Western culture continues to utilize hegemonic patriarchal beliefs and values as the acceptable mainstream ideology. An examination of how these films contribute to this notion will be discussed, prior research examined, and future implications explored.

An Older Woman Loving a Younger Man - Bradley Preston 2008-11

What could they possibly have in common? She's old enough to be his mother. I just don't see how it could ever work. Have you ever been confronted with one of these statements because you're with someone younger? You are about to embark on a journey that will change your mind about May/December relationships. So many times in life people make judgments about one another based solely upon the traditions of the sect of society in which they were raised. More times than not their judgments are wrong, simply because they've chosen to base them on incomplete information. Once they have all the pertinent information concerning that subject their perception changes drastically. Changing people's perceptions is precisely why we wrote this book. Our hope is that once people read this book about our lives they will see that love truly does conquer all. Society says it's OK for a much older man to date a much younger woman. Yet when it comes to a much older woman dating a much younger man the double standard is revealed. Love truly transcends all of our societal misinformation. Love does not look at age, appearances, wealth, health, or any of the other ridiculous limitations that humans have put on relationships. Love knows no boundaries. It's not limited by our finite thinking. Love is the pure essence of two souls merging to become one. This is our story of two souls becoming one.
