The Lais of Marie de France Marie de France 1999-06-01 The leading edition of the work of the earliest known French woman poet—the subject of Lauren Groff’s bestselling novel *Matrix Marie de France* (fl. late twelfth century) is the earliest known French woman poet and her *lais*—stories in verse based on Breton tales of chivalry and romance—are among the finest of the genre. Recounting the trials and tribulations of lovers, the *lais* inhabit a powerfully realized world where very real human protagonists act out their lives against fairy-tale elements of magical beings, potions and beasts. De France takes a subtle and complex view of courtly love, whether telling the story of the knight who betrays his fairy mistress or describing the noblewoman who embroiders her sad tale on the shroud for a nightingale killed by a jealous and suspicious husband. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

La madrasa médiévale Lucien Golvin 1996 École coranique, collège, séminaire, pensionnat, cité universitaire avant la lettre ... : en arabe, le terme de "madrasa" recouvre quantité d'acceptions. Du Proche-Orient au Maghreb, l'ouvrage étudie l'évolution de l'architecture des principales madrasas (historique, éléments architectoniques, études des plans et masses, analyses des formes décoratives, rapports avec la maison particulière), et renouvelle les hypothèses sur la signification des madrasas

cruciformes à quatre iwans = Koranic school, college, seminary, boarding school, campus before the letter ... : in Arabic, the term "madrassa" covers many of these meanings. From Middle East to North Africa, the book examines the evolution of the architecture of main madrassas (historical, architectural elements, study plans and bodies, analysis of decorative forms, reports with the special house); it also renews the assumptions on the significance of cross-shaped madrassas at four iwans.

2016-07-08T00:00:00+02:00 Parcourir la Pologne revient à traverser les siècles. Les vestiges de l'histoire sont présents à chaque coin de rue, dans les campagnes les plus reculées jusque dans les plus grandes agglomérations : une architecture constamment renouvelée, allant du baroque au réalisme socialiste, mais aussi une culture qui s'est affirmée à travers la musique, le théâtre, la littérature ou encore la sculpture. Et, bordée par la mer Baltique au Nord et par les Tatras et les Carpates au Sud, coiffée par de nombreuses forêts sur le quart de son territoire, la Pologne offre une palette de couleurs et de reliefs à qui souhaite profiter d'une nature authentique !

Tooth and Claw Jo Walton 2013-02-21 A family of dragons gathers on the occasion of the death of their father, the elder Bon Agornin. As is custom, they must eat the body. But even as Bon's last remains are polished off, his sons and daughters must all jostle for a position in the new hierarchy. While the youngest son seeks greedy remuneration through the courts of law, the eldest son - a dragon of the cloth - agonises over his father's deathbed confession. While one daughter is caught between loyalty to her family by blood and her family by marriage, another daughter follows her heart - only to discover the great cost of true love... Here is a Victorian story of political intrigue, family ties and political intrigue, set in a world of dragons - a world, quite literally, red in tooth and claw. Full of fiery wit, this is a novel unlike any other.

Immenses contrées désertiques, vastes parcs naturels où veillent les séquoias géants, routes des vins, vallées fertiles, montagnes couvertes de forêts de conifères... cette terre offre des paysages et des possibilités très contrastées. Weird Horrors & Daring Adventures Joe Kubert 2013-01-18 Joe Kubert sealed his reputation as one of the greatest American comic-book cartoonists of all time with the four-color adventures of Sgt. Rock of Easy Company, Enemy Ace, and Tarzan, all done for DC Comics during the 1960s and 1970s (themselves already the subject of archival editions)... but he had been working in comics since the 1940s. In fact, young Kubert produced an exciting, significant body of work as a freelance artist for a variety of comic book publishers in the postwar era, in a glorious variety of non-super hero genres: horror, crime, science fiction, western, romance, humor, and more.
