Forbidden Sex, Forbidden Texts - Hoshang Merchant 2020-11-29

The book argues that there is no monolithic homosexuality; there are only homosexualities, that is, there are as many reasons for being gay as there are gays. Some people are born gay, some have gayness thrust upon them, and some do, indeed, achieve to great gayness. Representation of homosexuality/homoeroticism, as it is understood today, is thus a western import. The act and public/social discourses on same-sex love are still illegal; it is, according to many, against the Indian 'tradition'; and a sense of 'history' is seriously problematic when we dig out for a past tradition of homoerotic love and desire. Hoshang Merchant, through an examination of texts, films, poetry, attempts to analyse and crack the codes of sexual (mis)conduct in contemporary India, giving short histories of the fate of several gay writers and explaining the difficulties of 'coming out'.

Crossing Traditions - Babacar M'Baye 2013-07-29

In *Crossing Traditions: American Popular Music in Local and Global Contexts*, a wide range of scholarly contributions on the local and global significance of American popular music examines the connections between selected American blues, rock and roll, and hip-hop music and their equivalents from Senegal, Nigeria, England, India, and Mexico. Contributors show how American popular music promotes local and global awareness of such key issues as economic inequality and social marginalization while inspiring cross-cultural and interethnic influences among regional and transnational communities.

Encyclopaedia of Indian Literature - Amaresh Datta 1988

A Major Activity Of The Sahitya Akademi Is The Preparation Of An Encyclopaedia Of Indian Literature. The Venture, Covering Twenty-Two Languages Of India, Is The First Of Its Kind. Written In English, The Encyclopaedia Gives A Comprehensive Idea Of The Growth And Development Of Indian Literature. The Entries On Authors, Books And General Topics Have Been Tabulated By The Concerned Advisory Boards And Finalised By A Steering Committee. Hundreds Of Writers All Over The Country Contributed Articles On Various Topics. The Encyclopaedia, Planned As A Six-Volume Project, Has Been Brought Out. The Sahitya Akademi Embarked Upon This Project In Right Earnest In 1984. The Efforts Of The Highly Skilled And Professional Editorial Staff Started Showing Results And The First Volume Was Brought Out In 1987. The Second Volume Was Brought Out In 1988, The Third In 1989, The Fourth In 1991, The Fifth In 1992, And The Sixth Volume In 1994. All The Six Volumes Together Include Approximately 7500 Entries On Various Topics, Literary Trends And Movements, Eminent Authors And Significant Works. The First Three Volume Were Edited By Prof. Amaresh Datta, Fourth And Fifth Volume By Mohan Lal And Sixth Volume By Shri K.C.Dutt.

The Growth of Religious Diversity: Traditions - Gerald Parsons 1993

These two volumes consider the significance of religion in post-war Britain, concentrating on the decline of the specifically 'Christian Society' and the emergence of a culturally and religiously plural society. This two-volume set considers the role and significance of religion in post-war Britain, focusing, in particular, upon the closely inter-related themes of the decline of a specifically 'Christian Society' and the emergence of a culturally and religiously plural society. Three core questions are examined in depth: to what extent and in what ways has religion remained a significant factor in British culture and society in the period since 1945?, what role does religion play in interpreting and understanding the development of a multi-cultural and multi-ethnic society in post-war Britain?, and to what extent has Britain remained (or ceased to be) a 'religious society' during this period. Volume 1: Traditions analyses the history and development of the major religious groups present in Britain in the period since 1945. The major religious traditions examined include the traditional Christian churches, Judaism, Islam, Hinduism, Sikhism, Afro-Caribbean religious groups, New Religious Movements, and the 'implicit' religion of the 'silent majority' who remain detached from organised religion but are by no means simply secular. Volume 2: Controversies explores some of the challenges, tensions and controversies presented by the emergence of an increasingly religiously plural

society in Britain since 1945. In particular, it focuses on the impact of religious pluralism on both the Christian churches and other religious traditions, the relationship between communal and national 'identities' and religion, women and religion, and the relationship between religion and changing attitudes to personal - and especially sexual - morality.

Concise Encyclopaedia of India - K.R. Gupta & Amita Gupta 2006

The Present Book, Concise Encyclopaedia Of India, Is A Compendium Of Diverse Aspects Of India Which Is One Of The Oldest Civilisations With A Kaleidoscopic Variety, Rich Cultural Heritage And Multifaceted Socio-Economic Progress. The Idea Behind Bringing Out This Book Is To Help One And All In Understanding The Country And Its Unity In Diversity. In Its Three Volumes, The Encyclopaedia Encompasses A Remarkably Wide Range Of Topics Related To India Its History, Physiography, People, Population, National Symbols, National Leaders, Languages And Literatures, Art, Culture, Defence, Education, Economy, Polity, Foreign Policy And Relations, Scientific And Technological Developments, Law And Justice, Sports, Festivals, Transport, Communication And Related Activities. In Addition, A Profile Of All Its 28 States And 7 Union Territories Has Also Been Provided. Furthermore, It Provides An Accessible, Authoritative Account Of The Latest Developments Made In Varied Fields Alongwith The Data From The Central And State Governments, Their Establishments, Constitutional Bodies, Autonomous And Semi-Autonomous Bodies And The Like. The Book Is Comprehensive, Self-Contained And User-Friendly, As The Emphasis Throughout Is On Ensuring That Readers, Particularly Students, Receive Worthwhile, Authentic Information Instead Of Irrelevant And Outdated Details. It Will Definitely Prove An Invaluable Reference Book To Students Of Different Educational Levels And Candidates Preparing For Civil Services Examinations Or Other Competitive Exams And Interviews For Various Jobs. Besides Students, The Researchers, Executives In Government And Private Sector And Also The Common Man Will Find It Highly Informative.

A comprehensive, one-volume desk reference created in cooperation with Encyclopædia Britannica®. Features more than 25,000 informative and enlightening articles, over 1,250 photographs, and 350 maps, diagrams, and tables. Includes pronunciations.

Lives in Translation - Kathleen D. Hall 2010-08-03

In *Lives in Translation*, Kathleen Hall investigates the cultural politics of immigration and citizenship, education and identity-formation among Sikh youth whose parents migrated to England from India and East Africa. Legally British, these young people encounter race as a barrier to becoming truly "English." Hall breaks with conventional ethnographies about immigrant groups by placing this paradox of modern citizenship at the center of her study, considering Sikh immigration within a broader analysis of the making of a multiracial postcolonial British nation. The postwar British public sphere has been a contested terrain on which the politics of cultural pluralism and of social incorporation have configured the possibilities and the limitations of citizenship and national belonging. Hall's rich ethnographic account directs attention to the shifting fields of power and cultural politics in the public sphere, where collective identities, social statuses, and cultural subjectivities are produced in law and policy, education and the media, as well as in families, peer groups, ethnic networks, and religious organizations. Hall uses a blend of interviews, fieldwork, and archival research to challenge the assimilationist narrative of the traditional immigration myth, demonstrating how migrant people come to know themselves and others through contradictory experiences of social conflict and solidarity across different social fields within the public sphere. *Lives in Translation* chronicles the stories of Sikh youth, the cultural dilemmas they face, the situated identities they perform, and the life choices they make as they navigate their own journeys to citizenship.

55 - Chetan Chhatwal 2013-01-18

'Tried to picture myself in a shady second-rate college and realized that even thinking about it was difficult.' Arjun Singh is a typical South Delhi brat whose biggest worry is securing a much-coveted seat in one of the city's top colleges. But his ambitious plans come to a screeching halt when he scores a paltry '55' in English in the board exams. Unable to meet the cut-off, Arjun is forced to take admission in a neighbouring second-grade college. Between grappling with his identity as a Sikh and facing repeated misfortunes in love, Arjun's only solace is his three best friends from school who have also ended up in the same dump. What will happen to his future now? Witty, naughty, and plain irreverent, 55 is a delightful, mad caper about growing up and surviving three tumultuous years in the hallowed corridors of Delhi University.

Indian and Foreign Review - 1974-10

Studies in the Psychology of Sex v3 - Havelock Ellis 2015-11-07

The term "sexual instinct" may be said to cover the whole of the neuropsychic phenomena of reproduction which man shares with the lower animals. It is true that much discussion has taken place concerning the proper use of the term "instinct," and some definitions of instinctive action would appear to exclude the essential mechanism of the process whereby sexual reproduction is assured. Such definitions scarcely seem legitimate, and are certainly unfortunate. Herbert Spencer's definition of instinct as "compound reflex action" is sufficiently clear and definite for ordinary use. A fairly satisfactory definition of instinct is that supplied by Dr. and Mrs. Peckham in the course of their study *On the Instincts and Habits of Solitary Wasps*. "Under the term 'instinct,'" they say, "we place all complex acts which are performed previous to experience and in a similar manner by all members of the same sex and race, leaving out as non-essential, at this time, the question of whether they are or are not accompanied by consciousness." This definition is

quoted with approval by Lloyd Morgan, who modifies and further elaborates it (*Animal Behavior*, 1900, p. 21). "The distinction between instinctive and reflex behavior," he remarks, "turns in large degree on their relative complexity," and instinctive behavior, he concludes, may be said to comprise "those complex groups of co-ordinated acts which are, on their first occurrence, independent of experience; which tend to the well-being of the individual and the preservation of the race; which are due to the co-operation of external and internal stimuli; which are similarly performed by all the members of the same more or less restricted group of animals; but which are subject to variation, and to subsequent modification under the guidance of experience." Such a definition clearly justifies us in speaking of a "sexual instinct." It may be added that the various questions involved in the definition of the sexual instinct have been fully discussed by Moll in the early sections of his *Untersuchungen über die Libido Sexualis*. Of recent years there has been a tendency to avoid the use of the term "instinct," or, at all events, to refrain from attaching any serious scientific sense to it. Loeb's influence has especially given force to this tendency. Thus, while Piéron, in an interesting discussion of the question ("Les Problèmes Actuels de l'Instinct," *Revue Philosophique*, Oct., 1908), thinks it would still be convenient to retain the term, giving it a philosophical meaning, Georges Bohn, who devotes a chapter to the notion of instinct (*La Naissance de l'Intelligence*, 1909), is strongly in favor of eliminating the word, as being merely a legacy of medieval theologians and metaphysicians, serving to conceal our ignorance or our lack of exact analysis.

Acquisition, Cataloguing, and Transliteration of Punjabi Literature in Some London Libraries - S. K. Rait 1981

Cambridge Advanced Learner's Dictionary KLETT VERSION - Kate Woodford 2003-02-13

The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: * 170,000 words, phrases and examples * New words: so your English stays up-to-date * Colour headwords: so you can find the word you are looking for quickly * Idiom Finder * 200 'Common Learner Error' notes show how to avoid common mistakes * 25,000 collocations show the way words work together * Colour pictures: 16 full page colour pictures On the CD-ROM: * Sound: recordings in British and American English, plus practice tools to help improve pronunciation * UNIQUE! Smart Thesaurus helps you choose the right word * QUICKfind looks up words for you while you are working or reading on screen * UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises
