The Gendered Cyborg Fiona Hovenden 2013-09-13 The Gendered Cyborg explores the relationship between representation, technoscience and gender, through the metaphor of the cyborg. The contributors argue that the figure of the cyborg offers ways of thinking about the relationship between culture and technology, people and machines which disrupt the power of science to enforce the categories through which we think about being human: male and female. Taking inspiration from Donna Haraway's groundbreaking Manifesto for Cyborgs, the articles consider how the cyborg has been used in cultural representation from reproductive technology to sci-fi, and question whether the cyborg is as powerful a symbol as is often claimed. The different sections of the reader explore: * the construction of gender categories through science * the interaction of technoscience and gender in contemporary science fiction film such as Blade Runner and the Alien series * debates around modern reproductive technology such as ultrasound scans and IVF, assessing their benefits and constraints for women * issues relating to artificial intelligence and the internet.

Jewish American Women Writers Ann R. Shapiro 1994-09-12 Even among scholars of Jewish literature, Jewish American women writers have been largely neglected. Nevertheless, these women have made an enormous contribution to literature and culture. This reference explores the extraordinary achievement of Jewish American women novelists, poets, and playwrights who have written in English. Every effort was made to provide a representative selection of writers, and the final list was determined after consultation with specialists and scholars. The volume is composed mainly of entries arranged alphabetically by writer. Many of these women have an indisputable place in the literary canon, while others are relative newcomers to the field. Still others are being rediscovered after years of neglect. The profiles provide a biography, bibliography, and survey of criticism for each author. Each also provides an analysis of the writer's work by a scholar in Jewish American literature, women's studies, or a related field. An introductory essay defines the scope of Jewish American women's literature, while a special chapter is devoted to writers of autobiographies who document the experience of Jewish women in America.

Subject Guide to Books in Print 1993

Sex and the Goddess Karin E Weiss Ph.D., PhD 2019-11-25 It has been over twenty years since the full manuscript of my book was edited for publication in 1998. I had begun writing it in the previous decade, the 1980's... a period of flourishing women's liberation movements against the patriarchal status quo. Books about women's sexuality and spirituality were flooding the bookstores, and many writers were producing profound studies of the untold heroism of women throughout history. I was a pioneer in the burgeoning field of Sex therapy and education at the University of Minnesota Medical School's "Program in Human Sexuality." In addition, I conducted women's self-enrichment groups and workshops in my private practice... "Woman's Discovery Institute" ... where I also gave professional Astrology readings and classes. This rich mix of psychology, philosophy, spirituality, and a knowledge of the cyclic patterns of life shown by astrology created within me an avid interest in researching women's unsung heroism throughout history. It brewed in me a heady fascination to stitch it all together in a circle montage that connects all women and all aspects of our multi-layered lives. I based my theory on the lunar cycle, which is eternally linked to women's menstrual, emotional, and psychic cycles. With a friend, I created a series of workshops for women to celebrate their many-faceted selves and gain confidence to pursue their goals. Yet for various reasons my book manuscript remained in my own bookshelf, never getting published. Until now... the times again call for women to claim their autonomy and gain equality in an overly male-dominated and viciously callous world. I am blessed to find in Xlibris a publisher ready to take on the project with me. I am thrilled to finally see my "Life's Masterwork" in print. You will find many divergent ideas in these two volumes. No single woman encompasses all that are described, but as you read and recognize these characters in yourselves and your friends, I hope it will help you gain a full appreciation of your own awesome erotic spirit and sacred sexual powers.

Sex and Other Sacred Games Kim Chernin 1990 Written in the form of a dialogue between two women, one heterosexual and one gay, this book explores all the ways of loving: promiscuous and platonic, lesbian and straight--and what they mean in contemporary society. Their conversation changes each other's perspective forever, and just may do the same for the reader.

Jim Kobak's Kirkus Reviews 1989

In My Mother's House Kim Chernin 2019-10-15 *In My Mother's House* depicts a profound, intergenerational struggle between a powerful, politically engaged mother, Rose, and her spiritually inclined poet and writer daughter, Kim. Framing this collision are two other generations. There is Rose's mother from the shtetl, a broken woman regularly beaten by her husband but the source of the family's stories. And Kim's daughter, a second-generation, fully assimilated girl of eight at the time the book begins. Four generations, from the shtetl to an affluent intellectual household in Berkeley, California, the story is a historical record and reckoning between the old activist left and a beginning feminist movement. The double narrative allows Kim to explore the evolving relationship between mother and daughter, who, through their storytelling, are brought to a profound understanding and reconciliation.
