*The Lincoln Highway* Amor Towles 2021-10-05 #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." —The New York Times Book Review "A classic that we will read for years to come." —Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable."

—NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America. In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates

Sex and the Failed Absolute Slavoj Žižek 2021-03-25 In the most rigorous articulation of his philosophical system to date, Slavoj Žižek provides nothing short of a new definition of dialectical materialism. In forging this new materialism, Žižek critiques and challenges not only the work of Alain Badiou, Robert Brandom, Joan Copjec, Quentin Meillassoux, and Julia Kristeva (to name but a few), but everything from popular science and quantum mechanics to sexual difference and analytic philosophy. Alongside striking images of the Möbius strip, the cross-cap, and the Klein bottle, Žižek brings alive the Hegelian triad of being-essence-notion. Radical new readings of Hegel, and Kant, sit side by side with characteristically lively commentaries on film, politics, and culture. Here is Žižek at his interrogative best.

Lady Chatterley's Lover D.H. Lawrence 2020-04-27 Lady Chatterley's Lover is a novel by D. H. Lawrence written in 1928. Printed privately in Florence in 1928, it was not printed in the United Kingdom until 1960 (other than in an underground edition issued by Inky Stephensen's Mandrake Press in 1929). Lawrence considered calling this book Tenderness at one time and made significant alterations to the original manuscript in order to make it palatable to readers. It has been published in three different

versions. The publication of the book caused a scandal due to its explicit sex scenes, including previously banned four-letter words, and perhaps because the lovers were a working-class male and an aristocratic female. The story is said to have originated from events in Lawrence's own unhappy domestic life, and he took inspiration for the settings of the book from Ilkeston in Derbyshire where he lived for a while. According to some critics the fling of Lady Ottoline Morrell with "Tiger", a young stonemason who came to carve plinths for her garden statues, also influenced the story.

**Ending Discrimination Against People with Mental and Substance Use Disorders** National Academies of Sciences, Engineering, and Medicine 2016-09-03 Estimates indicate that as many as 1 in 4 Americans will experience a mental health problem or will misuse alcohol or drugs in their lifetimes. These disorders are among the most highly stigmatized health conditions in the United States, and they remain barriers to full participation in society in areas as basic as education, housing, and employment. Improving the lives of people with mental health and substance abuse disorders has been a priority in the United States for more than 50 years. The Community Mental Health Act of 1963 is considered a major turning point in America's efforts to improve behavioral healthcare. It ushered in an era of optimism and hope and laid the groundwork for the consumer movement and new models of recovery. The consumer movement gave voice to people with mental and substance use disorders and brought their perspectives and experience into national discussions about mental health. However over the same 50-year period, positive change in American public attitudes and beliefs about mental and substance use disorders has lagged behind these advances. Stigma is a complex social phenomenon based on a relationship between an attribute and a stereotype that assigns undesirable labels, qualities, and behaviors to a person with that attribute. Labeled individuals are then socially devalued, which leads to inequality and discrimination. This report contributes to national

efforts to understand and change attitudes, beliefs and behaviors that can lead to stigma and discrimination. Changing stigma in a lasting way will require coordinated efforts, which are based on the best possible evidence, supported at the national level with multiyear funding, and planned and implemented by an effective coalition of representative stakeholders. Ending Discrimination Against People with Mental and Substance Use Disorders: The Evidence for Stigma Change explores stigma and discrimination faced by individuals with mental or substance use disorders and recommends effective strategies for reducing stigma and encouraging people to seek treatment and other supportive services. It offers a set of conclusions and recommendations about successful stigma change strategies and the research needed to inform and evaluate these efforts in the United States.

**Aging Men, Masculinities and Modern Medicine** Antje Kampf

2013-05-07 Aging Men, Masculinities and Modern Medicine

explores the multiple socio-historical contexts surrounding men's aging bodies in modern medicine from a global perspective. The first of its kind, it investigates the interrelated aspects of aging, masculinities and biomedicine, allowing for a timely reconsideration of the conceptualisation of aging men within the recent explosion of social science studies on men's health and biotechnologies including anti-aging perspectives. This book discusses both healthy and diseased states of aging men in medical practices, bringing together theoretical and empirical conceptualisations. Divided into four parts it covers: Historical epistemology of aging, bodies and masculinity and the way in which the social sciences have theorised the aging body and gender. Material practices and processes by which biotechnology, medical assemblages and men's aging bodies relate to concepts of health and illness. Aging experience and its impact upon male sexuality and identity. The importance of men's roles and identities in care-giving situations and medical practices. Highlighting how aging men's bodies serve as trajectories for

understanding wider issues of masculinity, and the way in which men's social status and men's roles are made in medical cultures, this innovative volume offers a multidisciplinary dialogue between sociology of health and illness, anthropology of the body and gender studies.

*sex, lies and videotape* Steven Soderbergh 2011-06-02 Like Michael Powell's *Peeping Tom*, Steven Soderbergh's *sex, lies and videotape* presents us with a protagonist who can only connect with others through the lens of a camera. Graham is an enigmatic young man who returns to Baton Rouge from a long road trip, mildly irritating his old lawyer friend John and wholly intriguing John's housebound wife Ann. John is conducting a sneaky and entirely sexual affair with Ann's sister Cynthia. For her part, Ann has lost interest in sex, yet Graham's obscurely charming eccentricity stirs something inside her - until she learns that he is

functionally impotent and can manage arousal only with the help of a video camera and an agreeably loose-lipped female. Nevertheless, it's the dragging into the open of Graham's dirty little secret that causes all of these characters to confront their own veiled deceits and hypocrisies. *sex, lies and videotape* won the Palme d'Or at the 1989 Cannes Film Festival, affirming the arrival of a distinctive new talent and signalling the start of a movement among young independent American film-makers opposed to the values and formats of the Hollywood system. Soderbergh's script is an unerringly elegant, witty and literate study of contemporary perversity.

Would you have it be any other way? Each of the Wealth Plus+ articles build on the prior one. By the time you complete all twenty-five articles, you will know that abstraction as the anchor of your own soul and the wealth you desire will be yours.
