[The Odd Brain](#) - Stephen Juan 2011-04-29

Dr. Juan is that rarest of rarities, a scholar with a sense of humor. He fearlessly tours the brain's mysterious corridors, discussing such wide-

ranging topics as phobias, compulsive water drinking, serial killers, the secrets of hypnotism, and the man who thought he was a cat. You will find this book absolutely engrossing. Do

by guest

kleptomaniacs have a legitimate excuse to steal? Can excessive TV watching physically "shape" a child's growing brain? These answers and scores more fill Dr. Stephen Juan's fascinating and endlessly entertaining book *The Odd Brain*. Following up his popular first book, *The Odd Body*, Dr. Juan takes us on an animated tour of the enigmatic organ that sits on top of them all. Equal parts scholarly professor--he teaches at the University of Sydney--cultural detective, and theater of oddities tour guide, Dr. Juan explores bizarre brain disorders and the normal-but-still-weird brain phenomena that we all occasionally experience (like *deja vu*). Through it all, Dr. Juan pulls off the nifty trick of making the clinical both clear and entertaining. Each chapter is packed with real-life anecdotes and case studies. These include the Criminal Brain, the Savant Brain, the Shy Brain, the Suicidal Brain, the Thrill-Seeking Brain, the Obsessive-Compulsive Brain, and more than 20 others. For anyone who's ever witnessed unusual behavior and

thought, "Now, what would make a person do that?" *The Odd Brain* is sure to have an answer. Books - 1988

**Cannibal Killers** - Moira Martingale  
2015-10-29

Anthropophagy - humans eating their fellow-humans - creates a curious blend of revulsion and fascination in the 'civilised' Western world. When the perpetrator is a murderer - most commonly a sadistic serial killer - the crime not only shocks but it causes bewilderment. With this 2015 update of her comprehensive 1993 study of cannibalistic killers, Moira Martingale expands her original research about the making of such monsters. *Cannibal Killers* tracked the phenomenon from five hundred years ago with the notorious Sawney Bean to those whose names became a byword for horror as the twentieth century waned, such as Jeffrey Dahmer. In this updated version, we see that in the twenty-first century cannibals who thirst for

human flesh and blood are still around, and alarmingly, they have moved online.

### **Khushwant Singh on Women, Sex, Love and Lust** - Khushwant Singh 2011-09-01

An anthology of Khushwant Singh's best writings on his favorite subjects, Women, Sex, Love and Lust is at once witty, informative, thought-provoking and flagrant. Definitely a book you can't afford to miss! If you are looking for answers to eternal questions like which came first - love or lust, or debates pertaining to celibacy, chastity or arranged marriages, Khushwant Singh delivers his unique exposé. Whether he is analysing the fine dividing line between obscenity, pornography and erotica, describing sex from 'Chaturbhani' (200-350 B.C.) or his ideas of a composite Indian woman, Khushwant holds the reader's attention effortlessly. But that isn't all - years before terms such as 'gender issues' or 'gender divide' became popular, he was writing, thinking and sharing his views on them. His deliberations

reveal an unexpected side to Khushwant . . . in these pages you'll also find a rare glimpse of Khushwant the feminist. Women, Sex, Love and Lust abounds with Indian as well as foreign myths, legends, proverbs, and poems ranging from Chaucer, Shakespeare, Whitman to Kalidas, Iqbal and Faiz. Almost each page offers you delectable quotes from Russell to Wodehouse along with special anecdotes which could only come from the inimitable Khushwant. Only he could share with you his intense experience of nudo-phobia suffered in Sweden, his acute observation of Indian whoremongers when abroad, scandals amongst the literati and glitterati - H. G. Wells as a compulsive fornicator or Georges Simenon hammering away at his typewriter (and his women) at the age of eighty are only a few revelations.

*Gay Sydney* - Garry Wotherspoon 2016-03-01  
Garry Wotherspoon's *Gay Sydney: A History* is an updated version of his 1991 classic, *City of the Plain: History of a Gay Sub-culture*, written

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2022-04-27  
by guest*

in the midst of the AIDS crisis. In this vivid book Wotherspoon traces the shifts that have occurred since then, including majority support for marriage equality and anti-discrimination legislation. He also ponders the parallel evaporation of a distinctly gay sensibility and the disappearance of once-packed gay bars that have now become cafes and gyms. This book also tells the story of gay Sydney across a century, looking at secret, underground gay life, the never-ending debates about sex in society and the role of social movements in the '60 and '70s in effecting social change.

Who's Who in Gay and Lesbian History Vol.1 -

Robert Aldrich 2005-10-25

Who's Who in Gay and Lesbian History: From Antiquity to the Mid-Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid-twentieth century. Among those included are: \* Classical heroes - Achilles; Aeneas; Ganymede \* Literary giants - Sappho;

Christopher Marlowe; Arthur Rimbaud; Oscar Wilde \* Royalty and politicians - Edward II; King James I; Horace Walpole; Michel de Montaigne. Over the course of some 500 entries, expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages.

### **Understanding Sexual Serial Killing -**

Frederick Toates 2022-06-02

Why do some people engage in serial killing for sexual pleasure? This book considers the phenomenon of sexual serial killing from the perspective of motivation theory, as advanced in psychology and neuroscience. By examining biological, psychological and social determinants, it develops a model of sexual killing that integrates widely dispersed existing literature. The first part of the book reviews scientific data and theories, while the second part presents biographical sketches of 80 sexual killers and links their early development and later killing to current theoretical

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2022-04-27  
by guest

understanding. The book examines cases of serial killers from the USA, Western Europe, Iran, Australia and South Africa, and it also includes an account of killers from the USSR, made available to non-Russian speakers for the first time. Deliberately written to avoid jargon, *Understanding Sexual Serial Killing* is accessible to students, scholars and professionals across psychology, sociology, forensic science and law.

[An End to Murder](#) - Colin Wilson 2015-11-17

Human beings have always been cruel, savage, and murderous. Is that all about to change? Human history can be seen as a catalog of coldhearted murders, mindless blood feuds, appalling massacres, and devastating wars. Creatively and intellectually, there is no other species that has ever come close to equaling humanity's achievements, but neither is any other species as suicidally prone to internecine conflict. We are the only species on the planet whose ingrained habit of conflict and perpetual warfare constitutes the chief threat to our own

survival. In *An End to Murder*, the Wilsons assess whether human beings are in reality as cruel and violent as is generally believed. The book explores the possibility that humankind is on the verge of a fundamental change: that we are about to become truly civilized. Covering a wide-reaching history of violence from the first hominids to the twenty-first century, the book touches on key moments of change while also indicating where things have not changed since the Stone Age. It follows the history of violence from fifteenth-century baron Gilles de Rais ("Bluebeard"), the first known and possibly most prolific serial killer in history; to Victorian domestic murder, the invention of psychiatry, Sherlock Holmes, and the invention of forensic science; the fifteenth-century Taiping Rebellion in China, in which more than twenty million died; World Wars I and II; more recent genocides and instances of "ethnic cleansing"; and contemporary terrorism. As well as offering an overview of violence throughout our history,

*Downloaded from*

the authors explore the latest psychological, forensic, and social attempts to understand and curb modern human violence.

*International Who's Who of Authors and Writers 2004* - Europa Publications 2003

Accurate and reliable biographical information essential to anyone interested in the world of literature TheInternational Who's Who of Authors and Writersoffers invaluable information on the personalities and organizations of the literary world, including many up-and-coming writers as well as established names. With over 8,000 entries, this updated edition features: \* Concise biographical information on novelists, authors, playwrights, columnists, journalists, editors, and critics \* Biographical details of established writers as well as those who have recently risen to prominence \* Entries detailing career, works published, literary awards and prizes, membership, and contact addresses where available \* An extensive listing of major international literary awards and prizes, and

winners of those prizes \* A directory of major literary organizations and literary agents \* A listing of members of the American Academy of Arts and Letters

*The Van Gogh Blues* - Eric Maisel, PhD  
2012-08-22

Creative people will experience depression — that's a given. It's a given because they are regularly confronted by doubts about the meaningfulness of their efforts. There is a kind of depression that does not respond to pharmaceutical treatment. What's required is healing in the realm of meaning. In this groundbreaking book, Eric Maisel teaches creative people how to handle these recurrent crises of meaning and how to successfully manage the anxieties of the creative process. Using examples both from the lives of famous creators such as van Gogh and from his own creativity coaching practice, Maisel explains that despite their inevitable difficulties, creative people possess the ability to forge relationships,

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2022-04-27  
by guest

repair themselves, and find meaning in their work and their lives. Maisel presents a step-by-step plan to help creative people handle their special brand of depression and rediscover the reasons they are driven to create in the first place.

How Sexual Desire Works - Frederick Toates  
2014-09-18

Shows how the diversity of sexual desires, both normal and unusual, emerge from the interactions between underlying brain processes.

*Signs* - Thomas Albert Sebeok 2001-01-01

In this regard, semiotics is of relevance to a wide spectrum of scholars and professionals, including social scientists, psychologists, artists, graphic designers, and students of literature."

Whitaker's Book List - 1989

*The Publishers Weekly* - 1990

**The Forms of Meaning** - Thomas A. Sebeok

*the-misfits-a-study-of-sexual-outsiders*

2000-01-01

Semiotics has had a profound impact on our comprehension of a wide range of phenomena, from how animals signify and communicate, to how people read TV commercials. This series features books on semiotic theory and applications of that theory to understanding media, language, and related subjects. The series publishes scholarly monographs of wide appeal to students and interested non-specialists as well as scholars. AAS is a peer-reviewed series of international scope.

Ludwig Wittgenstein - Edward Kanterian  
2007-05-30

A readable and concise account, Ludwig Wittgenstein is an informative, accessible introduction to the one of the greatest thinkers of our age.

*Art and Interpretation* - Eric Dayton 1999-02-02

Art and Interpretation is a comprehensive anthology of readings on aesthetics. Its aim is to present fundamental philosophical issues in such

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2022-04-27  
by guest

a way as to create a common vocabulary for those from diverse backgrounds to communicate meaningfully about aesthetic issues. To that end, the editor has provided selections from a wide variety of challenging works in aesthetic theory, both classical and modern. The approach is often cross-disciplinary. Within the discipline of philosophy it seeks to balance readings from the analytic tradition with continental European, hermeneutical postmodern (including deconstructionist), and feminist readings. The anthology is thus broadly conceived, but by grouping the readings into sections such as 'Expression and Aesthetic object,' 'Psychology and Interpretation,' 'Marxist Theory,' and 'Culture, Gender, and Difference,' it aims as well to provide depth of coverage for each topic or issue. The book opens with a historical section containing substantial selections from Plato, Aristotle, Hume, Kant, Shelley and Nietzsche; these readings introduce themes that recur and are developed in the remainder of the anthology.

*Rape, Incest, Murder! the Marquis de Sade on Stage Volume Two Later Prison Plays* - Marquis de Sade

"When numerous critics have all pointed to the stunning mastery of dialogue evinced in [Sade's] novels, to say nothing of the truly theatrical disposition of many of the scenes—erotic or otherwise—this would seem to be linked to the theatrical obsession that persisted so disturbingly throughout his tempestuous existence. Shouldn't we therefore look more closely at this theatre...?" -- Annie Le Brun In commemoration of the two hundred years that have passed since the death of the Marquis de Sade in 1814, the three-volume series, *Rape, Incest, Murder! The Marquis de Sade on Stage*, offers English translations of all of Sade's writings, for and about the theatre, with introductions that contextualize Sade's work within the theatrical climate of eighteenth-century France. Volume 2 presents Sade's plays written in prison during the years that preceded

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2022-04-27  
by guest

and immediately followed the fall of the Bastille in 1789. The revolutionary spirit of the time inspired Sade to pen his only tragedy, a music drama, and a comedy anticipating the Romantics, calling for a relaxation of the classical rules. The violence and eroticism of Sade's infamous novels are present in the plays, though in a lower dosage, obviously to render them accessible to public performance rather than private reading. "[I]t is at the theatre rather than somewhere else that we must revive the almost extinguished flame of the love that every Frenchman owes his country; there is where he'll be convinced of the dangers that would exist for him should he fall back into the hands of tyranny. He'll carry home the enthusiasm and teach it to his family and its effects will be so much more durable, so much more passionate than the momentary inspirations of a newspaper article or proclamation because at the theatre, he learns the lesson by example, and he remembers it." --

The Marquis de Sade

*The Misfits* - Colin Wilson 1989

Galerij van schijvers die in zich hun leven en/of werk buiten de algemeen begane paden van de seksualiteit begaven. Uitgangspunt van deze studie is de hypothese van de Hongaarse psychologe Charlotte Bach (die na haar dood een man in vrouwenkleren bleek te zijn) dat 'seksueel geperverteerden' verder geëvolueerd zijn dan mensen die seksueel 'normaal' zijn. Aandacht voor o.a. Sade, Byron, Goethe, Gogol, Swinburne, Proust, Jack the Ripper en Mishima. **Colin Wilson's 'Occult Trilogy'** - Colin Stanley 2013-05-31

The 'Occult Trilogy' is the collective label applied to Colin Wilson's three major works on the occult: *The Occult* (1971); *Mysteries: an Investigation into the Occult, the Paranormal and the Supernatural* (1978) and *Beyond the Occult* (1988). They amounted to a monumental 1600 pages and have spawned many other lesser works.
