SignMates - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand

relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

AQUARIUS LOVE, CAREER, HEALTH, ROMANCE and SEX HOROSCOPE 2020 What does astrology have to say about Aquarius in 2020? Detailed overview with monthly readings broken into life, money, romance, health, love and marriage, career and key days. You are happy to put things on the backburner as you are less driven and focused on yourself. You appreciate the softer side of life and avoid confrontation, however deeper down you grapple with self-doubt and your emotions are turbulent and it often projects into family life shattering the very peace you seek. Career wise it may be time a time or wrapping up and wondering what is next, and yet it is not a time to jump on a whole new bandwagon; it is a good time to step out of the rat race and consider your next move carefully and whether it is a true reflection of where you want to be and who you want to be. New friends are often key to new patterns of thinking and may play a pivotal role in the unfoldment of a new direction in life that you are embarking on. There is a lot of love in the air and yet the freeway of love has a few traffic jams as you are quite conflicted and often need to withdraw and sort through self-doubt and even paranoia. You need periods of seclusion in conjunction with periods of social activity as there will be many dilemmas only you can figure out, and you need a quite headspace to do that and to tackle the emotions that suddenly take you by surprise. Sudden events in home and family life reflect deeper inconsistencies or frustration which have repressed emotionally, and now you have a golden opportunity to mull over and resolve these and move into a new chapter with a clean slate and pure understanding of what you need from work and relationships. You are very intuitive and perceptive in 2020 and yet often this confuses you until you can get to grips with deeply buried issues, fears and anxieties.

To Have, to Hold, and to Never Let Go - Cattina C. Coleman 2012-12-28

I am a woman of many attributes and as impressive as my background is I too find it hard to juggle a relationship, family, friends, and my career. With a two year old son, a new found relationship with a handsome young man who is just a year younger than me but so much wisdom he could teach a teacher; still pursuing my Doctorate Degree in Business, and building a company from the ground up; has definitely put my life in the fast lane. The inspiration to my book was having seen male friends of mine who are battling their own love lives and or the family. I wanted to create a book to help guide them in a path where they too can understand where we women are coming from when we ask them a million and one questions about relationships and family. So in my book To Have, To Hold, and To Never Let Go, I am letting men know the inner thoughts and acts of women and show how we are not that much different from you guys in the sense of commitment. The same thoughts you men have us women have too; we just go about them a little differently. So in this book allow these chapters to guide you men on how To Have a Woman, Hold a Woman, and To Never Let Her Go.
