Would you like to know exactly how to get a girlfriend who is amazing and beautiful without resorting to cheesy pickup lines? Then this book is for you. Written by international men's coach Jake D. Ryan Dating Advice for Men: Unlike PUA books, Charm her Pants Off, line isn't about tricks, lies, or manipulation. Whether you want to get your ex back, attract women to date regularly, or learn exactly how to get a girlfriend who makes heads turn, the lessons in this book can help you stand out in any room. You'll never have to hesitate or feel like you've run out of things to say. You'll bleed confidence in any social situation, captivate the room, and know how to attract women that you most desire. Whether you want to know how to get a girlfriend or just date around, The Charm her Pants off has the answers that have worked for tons of men. The girl of your dreams is out there...will you get her? Charm her Pants Off is the ultimate and only guide to getting girls and to understand women once and for all. This is why guys that read it don't read or recommend anything else. Because the few men who "get it" spend the rest of their lives enjoying sexy girls in abundance - and so can you. You can learn to get ANY girl you want, the same way that all men who are naturally good with women have. The only difference is that you may learn it much FASTER, instead of wasting tons of time and money on fruitless dates or a new car/haircut/shirt that you BELIEVE will make you more attractive - but really doesn't. You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is manmade, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. You are the Man!!!

The Guyde Howie Reith 2016-11-19 *The Guyde* is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. *The Guyde* is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

You know you have to get this book if you believe women want men with money, cars, or anything else that is man-made, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in The Manual is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. You the man, prove it to her!!!
