[Exploring Indigenous Spirituality: The Kutchi Kohli Christians of Pakistan](#) - Anita Maryam Mansingh 2021-07-30

Anita's book is a deep and enlightening study of the spiritual experience of the Kutchi Kohli Christians of Pakistan. Producing a complex, versatile, and appealing conceptual framework for studying their inner experiences, Anita provides conceptual tools for understanding the spiritual journey and relation with the divine of indigenous people in the south of Pakistan.

Relying on their own narratives, this book gives voice to the Kutchi Kohlis of Pakistan, allowing the readers to enter into their own symbolic and conceptual way to understand reality. In addition, exploring their spiritual experience, Anita shows us the creative way in which Kutchi Kohli Christians have adapted and recreated their own identity in relation to Hinduism and Islam. With most of the academia focusing on the study of indigenous people in India, this book offers a breakthrough into unexplored areas for understanding indigenous peoples and Christianity in South Asia.

Exploring British Politics - Mark Garnett 2023-08-07

Exploring British Politics is a concise, comprehensive, and accessible guide to the subject. Fully updated and revised, the new edition covers developments since 2016 in the role of the executive, parliament, the civil service, political parties, general elections, party ideology, and membership, as well as examining turmoil and leadership battles within the Labour and Conservative parties, the politics of growing inequality, public action and reaction, demographic trends and their political consequences, and the future of the UK itself. Stimulating critical analysis and lively debate, it provides new perspectives on two key themes - the health of British democracy and the transition from traditional models of government to more flexible forms of 'governance'. Key

features include: Comprehensive analysis of the 2019 general election, Brexit developments since the 2016 Referendum to today's ongoing impacts, and the shadow cast by the COVID-19 global pandemic and its implications; Topical coverage of the fall of the Truss leadership, the new Johnson and Sunak era, the rise and fall of the 'Change UK' party, the economic crisis, the role of special advisers, new social movements such as Extinction Rebellion and Black Lives Matter, and much more; Extensive guides to further reading at the end of each chapter; Richly illustrated through examples and data, often visually represented; Online support in the form of a comprehensive website with additional content. Whilst the book provides an essential historical background, contemporary issues are to the fore throughout and readers are encouraged to assess critically received wisdoms and develop their own thoughts and ideas. Whether studying the subject for the first time or revisiting it, *Exploring British Politics* is the ideal undergraduate text.
