Love is often elusive, hard to find and even harder to hold on to. Caley Rogers knew that from a young age. When Joey Sanders walks into her life, she thinks she's finally found the love she has so desperately been seeking. Five years, a marriage, and a child later, Caley realizes her mistake. Trapped in a life with no love at all, she seeks out an old friend who quickly becomes her confidant. Ethan Blake has loved Caley for years. When she reenters his life one random night, he never expects more than friendship, but after weeks of secret meetings and listening to Caley's confessions of a loveless marriage, the unthinkable happens. Ethan and Caley finally share their true feelings for one another. Now, they must face the consequences of their emotions—dealing with not only the uncertainty of their situation and Caley and Ethan's guilt, but also with the end of Caley's marriage to a man who isn't ready to let go. Love is more than just an emotion. It's more than a single word. To Caley and Ethan, it's everything. Standalone Novel

When her ex goes missing, Zoe is swept into an international mystery that takes her from glitzy Las Vegas to the old-world charm of Italy. Zoe Hunter loves living on the edge. Free-spirited and spontaneous, she's built a life stringing together various freelance gigs that keep her bank account barely in the black. But when her ex, Jack, goes missing along with several million dollars from his business and the FBI zeros in on her as a person of interest, Zoe's life goes from delightfully unpredictable to downright frightening. Plunged into a world of fake identities, deception, and murder, she's afraid to trust anyone. Zoe impulsively skips town in a search for answers that takes her from Las

Vegas to Italy, but instead of tracking down answers, she only uncovers more questions. Who was Jack? Is he dead or did he fake his disappearance? And, what was he mixed up in—art theft, the mafia, espionage, or all three?

This rancher has been unable to move on from the one true love of his life, wondering what he did to run her off and where she went to or if she was even still alive. When Sara left Jack, she had just received devastating news that would alter her life and leave her feeling like she was no longer a whole woman. Feeling like it was the best for everyone involved, she slipped out of town in the dead of night. Now, four years later, she has unwillingly returned to face her past and the demons haunting her. Jack's meeting with his loan officer turns into fireworks when he walks in to find Sara, the woman who left him, standing across the room. Determined that he will not lose her again, he decides he will do anything to keep her with him, but when an accident happens on the brink of Jack proposing to Sara her secrets will be unleashed. My Elusive Mychele - Ken Strong 2011-06-09
Motivated by multiple jobs, extensive commitments, and huge ambitions, Ken Strong had little time for anything else. But when by chance he met a beautiful stranger, she was soon all he could think about. She was unlike any girl he'd ever met with eyes that radiated her inner beauty as much as her outer beauty. His first love soon blossomed into something beyond his wildest dreams. But the busyness of life caught up and reality struck. Could his first love withstand the test of time and distance? Could this love be his forever love? My Elusive Mychele is an emotionally driven tale of first love that asks the question, "If it is true love and if that person is your soul-mate, then is it possible to move on and to find that kind of love ever again?" It is a powerful and sometimes painfully honest memoir that delves deep into that feeling of first love and just how elusive it can be.

Youth plays a large role in early encounters of love. Most couples seek love in their late teens or early twenties, but circumstances beyond their control will not allow them to follow their intentions. ELUSIVE LOVE is about such as couple. This couple cannot find a way to put aside their life's ambitions to give in to their hearts desires. Lives can be fractured for years unless one partner or the other gives in to their need for companionship, and to find a way to resolve their differences.
