Not Every Girl Born Is Bound To Be A Bride - Shruti Upadhyay

"Not Every Girl Born Is Bound To Be A Bride" is an anthology considering the mental oppression, subjugation and prejudices meted out to the feminine gender. A girl is questioned on her etiquettes and even her domestic experiences. But has anyone welcomed her choice of pursuing their dreams, choices, etc. In this society of indomitable patriarchy, girls are burdened with a bond called "MARRIAGE" as mandatory and not a desire. This anthology is compilation of potent wishes, words, and entities that a girl dreams of. "SHE HAS NEVER DREAMT OF THE MISERY, SHE HAS NEVER DREAMT OF THE MARRIAGE" Girls who want to live by choice and not a cause, who wish to BE AMBITIOUS AND NOT ADJUSTABLE!

A Hard Massage - Mandy Dalia 2015-12-04

In this erotic romance novel A Hard Massage, Arianna is a massage therapist during the day and student at night. Through her job, she meets Michael, a handsome, rich, businessman whom requires massages for a back injury he received. After giving him a couple of massages, Arianna realizes she is very attracted to this muscular man. Arianna runs into Michael at her favourite bookstore and they start talking. Michael asks her to join him for a drink and she accepts. He takes her to a ritzy night club where the bouncer immediately lets him in, even though there's a line out the door. They talk some more and find out that they actually have a lot in common. When Michael drops Arianna off at her apartment, they kiss. Arianna decides to invite him into her apartment and they find that they can't keep their hands off of each other and things between them heat up. Follow Arianna and Michael as they discover just how hot the chemistry between them is.

The Girls' Guide to Dreams - Kristi Collier-Thompson 2003

In those turbulent teenage years, girls need help making sense of the world. Dreams could be the key to figuring out what's happening in their lives--but only if they can properly decode the symbols, images, and actions that play out in their unconscious minds every night. Adult dream dictionaries may miss the mark, because they don't pay attention to what matters most to girls. For example, how many would include entries on "acne" or "allowances"? And some words have different implications for kids than grown-ups: "zero" might represent fears about a school project, for example. Now, there's a guide just for teenagers, with advice on how to tailor the interpretations to their own personal situation. Scary and threatening explanations are out, along with concepts and events that may not be relevant or easily grasped by young people. Instead, they'll find comforting guidance and a path to self-understanding. From "abandonment" and "abnormality" to "zipper" and "zoo," these wise and wonderful analyses will lead to some real girl power!

Concise Encyclopedia of Semantics - Keith Allan 2010-04-06

Concise Encyclopedia of Semantics is a comprehensive new reference work aiming to systematically describe all aspects of the study of meaning in language. It synthesizes in one volume the latest scholarly positions on the construction, interpretation, clarification, obscurity, illustration, amplification, simplification, negotiation, contradiction, contraction and paraphrasing of meaning, and the various concepts, analyses, methodologies and technologies that underpin their study. It examines not only semantics but the impact of semantic study on related fields such as morphology, syntax, and typologically oriented studies such as 'grammatical semantics', where semantics has made a considerable contribution to our understanding of verbal categories like tense or aspect, nominal categories like case or possession, clausal categories like causatives, comparatives, or conditionals, and discourse phenomena like reference

and anaphora. COSE also examines lexical semantics and its relation to syntax, pragmatics, and cognitive linguistics; and the study of how 'logical semantics' develops and thrives, often in interaction with computational linguistics. As a derivative volume from Encyclopedia of Language and Linguistics, Second Edition, it comprises contributions from 150 of the foremost scholars of semantics in their various specializations and draws on 20+ years of development in the parent work in a compact and affordable format. Principally intended for tertiary level inquiry and research, this will be invaluable as a reference work for undergraduate and postgraduate students as well as academics inquiring into the study of meaning and meaning relations within languages. As semantics is a centrally important and inherently cross-cutting area within linguistics it will therefore be relevant not just for semantics specialists, but for most linguistic audiences. The first encyclopedia ever published in this fascinating and diverse field Combines the talents of the world's leading semantics specialists The latest trends in the field authoritatively reviewed and interpreted in context of related disciplines Drawn from the richest, most authoritative, comprehensive and internationally acclaimed reference resource in the linguistics area Compact and affordable single volume reference format

The Making of International Citizen - Sankalp Jagati 2018-04-30

Dreams, dreams, dreams...aspirations, fantasies. I get it my way, you get it your way. Rajan (Raja) Chowdhary an Information technology graduate from Gurgaon (IT hub of North India) with a King in his name gets his way. My way, and your way is straight as an "Imarti" (Intricately designed Indian dessert in a circular shape) get in there and do it. Go round & round, will reach somewhere, somehow, someday, if still survive by the end of it. Raja thinks differently, he's wired differently. His philosophy belongs to the "School of Why waste time writing codes, doing lengthy bids; suck on to unpleasant faces (clients) and finally get caught up in performance management, office bullshit and never ending world of doing the same things over and over again to the grave with no guarantees. Set out in the backdrop of IT and services revolution leading to transcontinental migration, Raja shoulders the dream of billions. As Raja moved overseas, he was in for a 'shocker'. Little did Raja know the vagaries of corporate life that he may bump into and get smitten by the beautiful forces followed by chain of events, boardroom drama and some 'Corporate Masala' leading towards the Final Frontier? Who were those Beautiful forces? What were the chain of events and the final frontier..? Did Raja made it till the end. Did he get what he set out to achieve, his way. The Making of "International Citizen" provides a peep into cultural insights, while breaking few stereotypes. Finally the book answers some of the questions of getting where lots of professionals aspire to be one day, narrated in a witty and different approach.

The End of the Magical Kingdom: The Evil Princess - L.M. Warren 2015-09-23

The rules of being a fairy tale princess are simple: 1. Always overdress. 2. Always play to win. 3. Share with those less fortunate. 4. Stay true to yourself. 5. And for heaven's sake NEVER fall in love with a WITCH. Princess Mary Melancholy has no idea how to be happy. Self conscious and socially awkward, all she really wants is to believe in something the way everyone else does. Her royal troubles abound since she's engaged

to be married as part of a peace treaty between two warring kings and has a weird habit of singing out in public. Mary meets a witch named Salem who is cantankerous, bawdy and banned from the land because of her Evil intentions. But when Salem accidentally kisses the princess and they both feel a spark of attraction, a forbidden romance begins that threatens the future of two kingdoms. The choice is Mary's. Will she believe in love and scandalize the family as The Evil Princess or accept responsibility and protect her people?
