Becoming Lightning, Becoming Bird R.S. Robison 2021-03-22 *Becoming Lightning, Becoming Bird* concerns a journey of evolving consciousness in a particular woman at the midpoint of her life. It answers the question of how a journey of evolution might appear through a woman's experiences beyond the ideas in R.M. Bucke's *Cosmic Consciousness* and Joseph Campbell's *Hero with a Thousand Faces*. Imagine a woman in the middle of her life, in the middle of Oklahoma, shocked into the adventure of awakening by totally losing her way. Her normal world as an interior designer and ever-pleasing wife and mother is turned upside down as she is compelled to break all ties to find a new way of being. From the violent storms and dark nights of Oklahoma, from betrayal and loss of vision, she travels southwest to care for an injured relative and her life changes along the way. Symbol clashes upon symbol and everything becomes a metaphor for transcendence. Trickster helpers masquerade now as mangy dog, now as crow, now as shaking old woman. The temptation to go back to the way she was remains a constant enticement and new temptations forever arise. She's faced again and again with the choice of regression or going beyond. In every moment. Just as we all are.

Plays by Augustin Daly Don M. B. Wilmeth 1984-04-26 The American playwright and manager-director Augustin Daly dominated the theatrical scene in the United States during the last half of the nineteenth century. His plays and productions set a new standard for American theatre and exerted a strong influence in England, beginning with a first European tour in 1884 and culminating in the opening of Daly's own theatre in London in 1893. Daly, with the assistance of his brother Joseph, had over ninety of his plays or adaptations performed. This unique collection brings together three disparate examples from his prolific output: *A Flash of Lightning* (1868), *Horizon* (1871) and *Love on Crutches* (1884). Daly, an exceptional contriver of theatrical effects, offered the theatre of the 1870s and 1880s melodramas and comedies greatly superior to those of his competitors. These three plays represent the range and energy of his talent.

From the Highlands of Scotland to the valleys of Wisconsin... Book Ten of the Warlocks MacGregor® series by NY Times and USA TODAY Bestselling Author, Michelle M. Pillow.

About the Warlocks MacGregor® Series People know magic is fake--card tricks and illusions, magicians and entertainers. But there is an older magick, a powerful force hidden from modern eyes, buried in folklore and myths, remembered by the few who practice the old ways and respect the lessons of past generations. The term "warlock" is a variation on the Old English word *waerloga*, primarily used by the Scots. It meant traitor, monster or deceiver. This fiction-based

family includes males and females of magick. The MacGregors do not agree with how history has labeled them, or other supernaturals. To them, warlock means magick, family, and immortality. This series is not a portrayal of modern-day witchcraft or those who hold such beliefs. The MacGregors are a magickal class all their own. Warning: Contains yummy, hot, mischievous MacGregors who are almost certainly up to no good on their quest to find true love. And Uncle Raiheart. The Will to Battle Ada Palmer 2017-12-19 The Will to Battle—the third book of 2017 John W. Campbell Award winner Ada Palmer's Terra Ignota series—a political science fiction epic of extraordinary audacity "A cornucopia of dazzling, sharp ideas set in rich, wry prose that rewards rumination with layers of delight. Provocative, erudite, inventive, resplendent." —Ken Liu, author of The Grace of Kings The long years of near-utopia have come to an abrupt end. Peace and order are now figments of the past. Corruption, deception, and insurgency hum within the once steadfast leadership of the Hives, nations without fixed location. The heartbreaking truth is that for decades, even centuries, the leaders of the great Hives bought the world's stability with a trickle of secret murders, mathematically planned. So that no faction could ever dominate. So that the balance held. The Hives' façade of solidity is the only hope they have for maintaining a semblance of order, for preventing the public from succumbing to the savagery and bloodlust of wars past. But as the great secret becomes more and more widely known, that façade is slipping away. Just days earlier, the world was a pinnacle of human civilization. Now everyone—Hives and hiveless, Utopians and sensayers, emperors and the downtrodden, warriors and saints—scrambles to prepare for the seemingly inevitable war. "Seven Surrenders veers expertly between love, murder, mayhem, parenthood, theology, and high politics. I haven't had this much fun with a book in a long time." —Max Gladstone, author of Three Parts Dead Terra Ignota Series 1. Too Like the Lightning 2. Seven Surrenders 3. Aurora is a small town nestled in the ancient forest alongside the shores of Minnesota's Iron Lake. In the summer of 1963, it is the whole world to twelve-year-old Cork O'Connor, its rhythms as familiar as his own heartbeat. But when Cork stumbles upon the body of a man he revered hanging from a tree in an abandoned logging camp, it is the first in a series of events that will cause him to question everything he took for granted about his hometown, his family, and himself. Cork's father, Liam O'Connor, is Aurora's sheriff and it is his job to confirm that the man's death was the result of suicide, as all the evidence suggests. In the shadow of his father's official investigation, Cork begins to look for answers on his own. Together, father and son face the ultimate test of choosing between what their heads tell them is true and what their hearts know is right. In this masterful story of a young man and a town on the cusp of change, beloved novelist William Kent Krueger shows that some mysteries can be solved even as others surpass our understanding.

Too Like the Lightning Ada Palmer 2016-05-10 From the winner of the 2017 John W. Campbell Award for Best New Writer, Ada Palmer's 2017 Compton Crook Award-winning political science fiction, *Too Like the Lightning*, ventures into a human future of extraordinary originality Mycroft Canner is a convict. For his crimes he is required, as is the custom of the 25th century, to wander the world being as useful as he can to all he meets. Carlyle Foster is a sensayer--a spiritual counselor in a world that has outlawed the public practice of religion, but which also knows that the inner lives of humans cannot be wished away. The world into which Mycroft and Carlyle have been born is as strange to our 21st-century eyes as ours would be to a native of the 1500s. It is a hard-won utopia built on technologically-generated abundance, and also on complex and mandatory systems of labelling all public writing and speech. What seem to us normal gender distinctions are now distinctly taboo in most social situations. And most of the world's population is affiliated with globe-girdling clans of the like-minded, whose endless economic and cultural competition is carefully managed by central planners of inestimable subtlety. To us it seems like a mad combination of heaven and hell. To them, it seems like normal life. And in this world, Mycroft and Carlyle have stumbled on the wild card that may destabilize the system: the boy Bridger, who can effortlessly make his wishes come true. Who can, it would seem, bring inanimate objects to life...
