**Attraction Explained** Viren Swami 2015-12-22 How much does appearance matter in the formation of romantic relationships? Do nice guys always finish last? Does playing hard-to-get ever work? What really makes for a good chat-up line? When it comes to relationships, there's no shortage of advice from self-help experts, pick-up artists, and glossy magazines. But modern-day myths of attraction often have no basis in fact or worse are rooted in little more than misogyny. In 'Attraction Explained', psychologist Viren Swami debunks these myths and draws on cutting-edge research to provide a ground-breaking and evidence-based account of relationship formation. At the core of this book is a very simple idea: there are no laws of attraction, no foolproof methods or strategies for getting someone to date you. But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, Attraction Explained looks at how factors such as geography, appearance, personality, and similarity affect who we fall for and why.

Law of Attraction Jenny Hashkins 2020-06-03 In this great deal, you'll get 2 books for a lower price. Book 1: Love, money, health, and happiness. We all want them, but we don't all have them. Partially, we cannot be blamed for everything that happens to us. But there is also a part that is our own responsibility. Through understanding how the law of attraction can help you receive these things, you will definitely increase your chances to getting what you dream of. This book helps you relieve stress, cite affirmations that can boost your confidence in your goals, become more attractive to the opposite sex, or get out of a rut when you're at an all-time low in your life. Book 2: How can you become a literal magnet of wealth and passively enjoy the wealth you have accumulated? Well, it's not always but for most of us, It's possible. Instead of going into specifics of various businesses, this book deals with the basic mindset you need to attract wealth and think on a higher level. It covers saving up, investing, and discovering your course in life, so that you can do what you are passionate about. Just having money, though, doesn't free us from mental issues. So, to top it all off, one entire chapter is devoted to dealing with the stress factors in your life through mindfulness and meditation. These two terms are often interrelated because they make you more aware of your surroundings instead of bottling all your problems and frustrations up inside of you.

Alpha Male Steve Dean 2021-02-02 Do you want to develop a charismatic personality to dominate your life like a true Alpha Male to the Success to the Wealth and Freedom? If yes, then keep reading... One of the best things that you can do with texting is to raise the mutual attraction that you have with this woman. Of course, you are already interested in her, that is why you are looking to begin texting her in the manner in the first place. Now the hard part comes of raising the attraction that she has in you. If you are both getting along well and things are progressing, it is a good idea to use some texting in order to increase this attraction and get to an even deeper level in the relationship. Here are some ways that you will be able to raise the mutual attraction and make

the relationship mean more to the both of you. One way that you will be able to raise the mutual attraction that the both of you have is to keep the conversation playful and adventurous. Sure you can have a few conversations asking when she would like to meet up or asking how her day has been, but when it comes time to make the texting work for you in progressing the relationship (which we know you want at this point right?), you need to be able to make it fun and exciting for the both of you. Sorry to say, no woman is going to fall in love with a guy who is bad at conversation or who makes it really boring to talk to them because you do not know how to text. Keeping it playful and a bit adventurous is going to make it more fun and will progress the relationship to the point you both want. Here are some of the steps that you can take in order to make your date texting better for the both of you: Be bold and playful-this might be difficult in the beginning, but after getting more used to your partner you will find that this is easier to do. You will be teetering on the edge of being cocky while still funny, making her laugh in the process and having some fun. You should have a playful banter that goes back and forth and is a little bit silly to make the both of you laugh and feel like you are connecting on a deeper level. Do not become needy-sometimes it is easy to just bug your partner and make them feel like you have nothing else to do with your day then to text them nonstop. While it is great that you have an interest in talking with them and finding out how they are doing, you need to share some time telling them some of the things that you have done. Instead of just asking them what they are doing all of the time, add in what you are doing. Say something like I am at the store getting some groceries, how about you? Keep most texting brief-there will be times when the two of you might spend all day talking together and sharing secrets with each other, but this does not have to be every day. There will be times, especially in the beginning, when you just share a few quick texts and that will be enough. You do not want to start off too intensely when the relationship is new. *How to Attract Women* Zac Miller 2020-03-08 Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book

Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. **The Attraction Blueprint** Dawn Peters 2021-09-15 The top 20% of Men attract the top 74% of Women - OkCupid Most men [80%] struggle to attract beautiful women because there's a dating inequality in the sexual market place. Women are attracted to certain traits in men, and when a man doesn't possess those traits, women don't feel attracted to him. Attraction is a biological impulse; hence, it's not controlled by the rational mind. When a man sees a woman with the attractive traits he admires in women, he cannot choose his reaction to it. Similarly, when a woman sees a man that possesses the attractive traits she desires in men, she cannot choose her reaction to it. That's why women are attracted to jerks. Even though these men behave unscrupulously, they have the traits that naturally attracts women, more than nice men do. Women are attracted to masculine men, and jerks possess masculine traits more than the nice men do. Most men have long lost touch with their masculinity and hence, struggle with attracting women, and their lives in general. However, this book helps to develop the masculine traits that make a man achieve success, and therefore, get women as a byproduct of his success in life. The book is divided into three parts: PART 1: Understanding Attraction. This part will explain the nuance of attraction and how men and women have adopted different sexual selection strategies to ensure they optimize the survivability of their genes. PART 2: How to develop your masculinity. This part will explain how to develop all the aspects of your masculinity. Most men develop one at the expense of the other, but this book will show you the importance of developing all the aspects of your masculinity. PART 3: How to develop attractive traits that easily attracts beautiful women. This part of the book will show you how to

Right! \*How to get CRYSTAL CLEAR on what you really want in a partner \*How to become so confident and shiny, this love will HAVE to find you! As a Life Coach, Sue Vittner coaches you through the process of discovering the love that you are while teaching you how to manifest what you want. If you love new age - self help books, this is the book for you because it is simple, fun, inspirational, and motivating. It will help you look deep within to discover that the love you are looking for is really within you which is the secret to manifesting the love you desire! "I started doing the exercises in Sue's book, 'From Your Vision Board to Your Bedroom, ' in January, and four months later I fell in love and into a relationship with the man who was everything I had asked for in a partner through those exercises. The exercises were simple and straight forward, yet they really made me dig into the specifics of what I was looking for and what I was willing to bring to the table. I had been so focused on how someone would fit into my hectic life that I hadn't thought about what I would be willing to change or adapt to, in order to fit into someone else's. The most important lesson I learned was the need to focus on what I wanted in a partner, not what I didn't want. It turns out that the one thing I really didn't think I wanted (a younger man) is the one thing I now could not imagine my life without!" -Jami B., Maine Perhaps you've read the Secret and learned about the Law of Attraction and Abraham Hicks, and you are really excited about manifesting love into your own life, but not sure how to go about doing it. This book will launch your process to the next level. It is clear, concise and a formula for manifesting love. Author, Sue Vittner, longed to be in a relationship with a partner that matched her "list." Then she discovered Abraham Hicks, the Secret, and studied the Law of Attraction. After researching, practicing and applying these principles into her own life, she literally manifested the type of man she was looking for and who was on her Vision Board. She has since helped her clients do the same. A combination of stories, teachings and exercises, this book will help you get clear on what you want, make peace with your past, clean up limiting beliefs that are keeping you stuck, and learn how to harness the Law of Attraction so you can attract this partner you're desiring into your life. This workbook format, provides lots of space to journal and explore right inside the book. The author's conversational tone and playful manner will let you feel you are literally sitting with her in your living room as you're reading the book. You'll love it!! You can learn more about Sue at <http://suevittner.com>. She has also created a video coaching program which you can find on her website to help walk you through all of the exercises in the book. **Law Of Attraction** Zachariah Albert 2019-07-26 Are you ready to manifest anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered. Here's a sneak preview of what you'll learn from this book: □What the Law of Attraction is □The Science behind it □How to attract Love using the LOA □How to attract Money using the LOA □How to attract Happiness using the LOA □How to attract Health using the LOA □How to be more Positive using the LOA □How to Integrate the LOA into Your Daily Life □and much much more!
