Total Cat Mojo - Jackson Galaxy
2017-10-31

This comprehensive cat care guide from the star of the hit Animal Planet show "My Cat from Hell," Jackson Galaxy, shows us how to eliminate feline behavioral problems by understanding cats' instinctive behavior. Cat Mojo is the confidence that cats exhibit when they are at ease in their environment and in touch with their natural instincts—to hunt, catch, kill, eat, groom, and sleep. Problems such as litter box avoidance and aggression arise when cats lack this confidence. Jackson Galaxy's number one piece of advice to his clients is to help their cats harness their mojo. This book is his most comprehensive guide yet to cat behavior and basic cat care, rooted in understanding cats better. From getting kittens off to the right start socially, to taking

care of cats in their senior years, and everything in between, this book addresses the head-to-toe physical and emotional needs of cats—whether related to grooming, nutrition, play, or stress-free trips to the vet.

Cat Got Your Cash - Julie Chase
2017-04-11

Lacy Marie Crocker's whimsical pet couture has gained a following in New Orleans's cozy Garden District, and word of mouth has traveled all the way to her favorite fashion designer, Annie Lane. Lacy's thrilled when Annie schedules a private session at her home to discuss a companion line for her evening wear, but when Lacy arrives for the appointment,

she enters the kitchen to two mewling Siamese cats—and one very dead Annie. Lacy takes the kittens home to care for them until they can be properly claimed by Annie's family or friends, but after a busy day of work, she returns home to find them missing. And when Lacy learns the cats are set to inherit Annie's fortune, she begins to wonder if the killer was after the kittens all along. Now Lacy will stop at nothing to save the Siamese and find justice for Annie—if the killer doesn't sink his claws into her first. Luckily, Lacy has the help of handsome NOLA PD homicide detective Jack Oliver to help her catch the cat-napper before it's too late in *Cat Got Your Cash*, the endearing second Kitty Couture mystery from Julie Chase.

The Underneath - Kathi Appelt
2012-07-24

There is nothing lonelier than a cat who has been loved, at least for a while, and then abandoned on the side of the road. A calico cat, about to have kittens, hears the lonely

howl of a chained-up hound deep in the backwaters of the bayou. She dares to find him in the forest, and the hound dares to befriend this cat, this feline, this creature he is supposed to hate. They are an unlikely pair, about to become an unlikely family. Ranger urges the cat to hide underneath the porch, to raise her kittens there because Gar-Face, the man living inside the house, will surely use them as alligator bait should he find them. But they are safe in the Underneath...as long as they stay in the Underneath. Kittens, however, are notoriously curious creatures. And one kitten's one moment of curiosity sets off a chain of events that is astonishing, remarkable, and enormous in its meaning. For everyone who loves Sounder, Shiloh, and The Yearling, for everyone who loves the haunting beauty of writers such as Marjorie Kinnan Rawlings, Flannery O'Connor, and Carson McCullers, Kathi Appelt spins a harrowing yet keenly sweet tale about the power of love—and its opposite,

hate—the fragility of happiness and the importance of making good on your promises. Cat vs. Cat - Pam Johnson-Bennett 2004-07-06 From the author of Catwise and Think Like a Cat, the ultimate resource for managing a multi-pet household. Pam Johnson-Bennett, the award-winning author and feline behaviorist, shows how adding another cat to your home does not have to be the start of a kitty apocalypse. Although cats are often misunderstood as natural loners, Johnson-Bennett shows how to plan, set up, and maintain a home environment that will help multiple cats—and their owners—live in peace. Cat vs. Cat will help readers understand the importance of territory, the specialized communication cats use to establish relationships and hierarchies, and how to interpret the so-called “bad behavior” that leads so many owners to needless frustration. Offering a wealth of information on how to diffuse tension, prevent squabbles and ambushes, blend two families,

[The Other End of the Leash](#) - Patricia McConnell, Ph.D. 2009-02-19

Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual

evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to

Cat Daddy - Jackson Galaxy 2012-05-10

Cat behaviorist and star of Animal Planet's hit television show *My Cat from Hell*, Jackson Galaxy, a.k.a. "Cat Daddy," isn't what you might expect for a cat expert (as *The New York Times* noted, with his goatee and tattoos, he "looks like a Hells Angel"). Yet Galaxy's ability to connect with even the most troubled felines - - not to mention the stressed-out humans living in their wake -- is awe-inspiring. In this book, Galaxy tells the poignant story of his thirteen-year relationship with a petite gray-and-white short-haired cat named Benny, and gives singular advice for living with, caring for, and loving the feline in your home. When Benny arrived in his life, Galaxy was a down-and-out rock musician with not too much more going on than a part-time job at an animal shelter and a drug problem. Benny's previous owner brought the cat to the shelter in a cardboard box to give him up. Benny had seen better days --- his pelvis had just been shattered by the wheels of a car -- and his owner insisted

he'd been "unbondable" from day one. Nothing could have been further from the truth. An inspiring account of two broken beings who fixed each other, *Cat Daddy* is laced throughout with Galaxy's amazing "Cat Mojo" advice for understanding what cats need most from us humans in order to live happier, healthier lives.
