

Gold Rush Girl

Ribbons of Grace Maxine Alterio 2008-02-14 A gripping story of love and deception on the Otago Gold Fields of nineteenth-century New Zealand. Arrowtown, a goldfield settlement with an explosive mix of inhabitants, is the scene of an unlikely love story. Ming Yuet, a young Chinese woman seeking riches disguises herself as a male miner and comes to the goldfields, where she meets Conran, an Orcadian stonemason escaping a family tragedy. A secret love affair develops amidst suspicion, fear and hostility, culminating in an act of violence that irrevocably shatters the lives of those involved. Maxine Alterio's beautiful novel about love, forgiveness, alienation and friendship moves between past and present, homeland and adopted country, and from the living to the deceased . . .

Tales from the Mountain of Gold Lee Payne 2012-01 This is a novel of gold rush San Francisco, a place and time so far out of the ordinary that, even in its day, it could scarcely be believed by those who weren't there. Banker and future Union Army general William Tecumseh Sherman said he would sooner throw candy among school children and expect its return than he would lend money to San Franciscans. Supported by the city's lawyers and escaped Australian convicts, he would have directed cannon fire into the Vigilante headquarters at the corner of California and Sacramento Streets except that Admiral Farragut would not lend him his sloop-of-war. Lillie Coit began her career as a fire-obsessed eight-year-old who ran with the volunteer firemen, translated Civil War dispatches for Emperor Louis Napoleon and finally donated \$100,000 for Coit Tower that stands above the city today. Be advised, this is not the gold rush of your school texts. This is a city with a thousand men for every woman, the kind of unbalanced society only unsupervised men can create. This tour goes from Belle Ryan's, the finest brothel on the Pacific Slope to the mean cribs and slave auction in Chinatown. And your tour guide? The first of 6,000 teenage Chinese sex slaves imported into the city between 1852 and 1873. A further warning--you will encounter a number of politicians. Like ours, they were famous in their day and are now blessedly forgotten, though some deserve revisiting. William Gwin was a Congressman from Mississippi who joined the gold rush specifically to protect slavery by being sent to the U.S. Senate from what he suspected would become a new state. He achieved his goal in seven months! Opposing him was David Broderick, a former New York City fireman and anti-slavery Democrat. A third politician was Edward Baker, Lincoln's former law partner, the finest orator on the Pacific Coast and Oregon's first Republican Senator. It was a combination that led to gunfire and death. Finally, what's a gold rush without the gold? Travel to Nevada where, a quarter mile beneath Virginia City, our heroine faces the biggest chunk of it ever, the 50-story tall Big Bonanza. She meets the four Irishmen who own it and is seduced by Slippery Jim Fair, the richest man ever to die unloved in San Francisco. The lines that Uncle Jimmy Fair used to get the numerous ladies into his bed have not been recorded. I had to make them up. But we do have General Sherman's letters, Lillie Coit's diaries and all the lurid details from dozens of San Francisco newspapers. What they report is a tale made even more unbelievable for being pretty much exactly true. Invest \$25.95 to take the R-rated tour--maybe NC-17--it is a love story but there are several hangings.

Thousand Pieces of Gold Ruthanne Lum McCunn 2015-07-21 The extraordinary biographical novel about a Chinese-American woman who fought for independence and dignity in the American West—"an important contribution to the history of pioneer women" (Ms. Magazine) Lulu Nathoy's father called his thirteen-year-old daughter his treasure, his "thousand pieces of gold"—yet when famine strikes northern China in 1871, he is forced to sell her. Polly, as Lulu is later called, is sold to a brothel, sold again to a slave merchant bound for America, auctioned to a saloonkeeper, and offered as a prize in a poker game. With over a quarter of a million copies sold, *Thousand Pieces of Gold* is a classic of biographical historical fiction that stars an unforgettable Chinese-American heroine whose struggles put a human face on the anti-immigration policies of the past and present.

The Girl with Ghost Eyes M. H. Boroson 2020-09-17 It's the end of the nineteenth century in San Francisco's Chinatown, and ghost hunters from the Maoshan traditions of Daoism keep malevolent

spiritual forces at bay. Li-lin, the daughter of a renowned Daoshi exorcist, is a young widow burdened with yin eyes—the unique ability to see the spirit world. Her spiritual visions and the death of her husband bring shame to Li-lin and her father—and shame is not something this immigrant family can afford. When a sorcerer cripples her father, terrible plans are set in motion, and only Li-lin can stop them. To aid her are her martial arts and a peachwood sword, her burning paper talismans, and a wisecracking spirit in the form of a human eyeball tucked away in her pocket. Navigating the dangerous alleys and backrooms of a male-dominated Chinatown, Li-lin must confront evil spirits, gangsters, and soulstealers before the sorcerer's ritual summons an ancient evil that could burn Chinatown to the ground.

They Saw the Elephant JoAnn Levy 2013-07-17 "The phrase 'seeing the elephant' symbolized for '49 gold rushers the exotic, the mythical, the once-in-a-lifetime adventure, unequaled anywhere else but in the journey to the promised land of fortune: California. Most western myths . . . generally depict an exclusively male gold rush. Levy's book debunks that myth. Here a variety of women travel, work, and write their way across the pages of western migrant history."-Choice "One of the best and most comprehensive accounts of gold rush life to date"^-San Francisco Chronicle

Good Time Girls of the Alaska-Yukon Gold Rush Lael Morgan 1999 Morgan offers an authentic and deliciously humorous account of the prostitutes and other "disreputable" women who were the earliest female pioneers of the Far North. At the turn of the century, tens of thousands of Americans left their homes, escaping a worldwide depression & the restraints of the Victorian Era, to stampede to Alaska & the Yukon, where millions of dollars in gold was being discovered in remote, subarctic mining camps. Women accompanied the men on the long journey to the Far North—more often prostitutes, dance hall girls & entertainers than respectful wives & schoolteachers. These are the girls of the demimonde, that "half world" of disreputable women who lived on the outskirts of society. Meet "Dutch Kate" Wilson, who pioneered many areas long before the "respectable" women who received credit for getting there first; ruthless heartbreakers Cad Wilson & Rose Blumkin; "French Marie" Larose, who auctioned herself off as a wife to the highest bidder; & Edith Neile, called the "Oregon Mare," famous for both her outlandish behavior & her soft-hearted generosity. These "good time girls" crossed geographic & social frontiers, finding freedom, independence, hardship, heartbreak & sometimes astonishing wealth. They were an important part of this key chapter in the history of the West, which holds a special place in the American imagination.

romance, as only she can.

John Sutter and the California Gold Rush Matt Doeden 2006 Tells the story of the discovery of gold at John Sutter's mill, and how it changed California. Written in graphic-novel format.

California Women and Politics Robert W. Cherny 2011-05-01 In 1911 as progressivism moved toward its zenith, the state of California granted women the right to vote. However, women's political involvement in California's public life did not begin with suffrage, nor did it end there. Across the state, women had been deeply involved in politics long before suffrage, and although their tactics and objectives changed they remained deeply involved thereafter. *California Women and Politics* examines the wide array of women's public activism from the 1850s to 1929—including the temperance movement, moral reform, conservation, trade unionism, settlement work, philanthropy, wartime volunteerism, and more—and reveals unexpected contours to women's politics in California. The contributors consider not only white middle-class women's organizing but also the politics of working-class women and women of color, emphasizing that there was not one monolithic women's agenda, but rather a multiplicity of women's voices demanding recognition for a variety of causes.

Aurore of the Yukon Keith Halliday 2006-05 After the death of her father, Aurore, her mother and little brother have set off from Montreal for Uncle Thibault's lodge in the Yukon, little knowing they are headed for the Klondike Gold Rush. Based on the real-life story of Aline Arbour Cyr, the author's grandmother.

Wealth Woman Deb Vanasse 2016 With the first headlines that screamed "Gold! Gold! Gold!" the rush to the Klondike quickly became the stuff of legend. It was the Wild West all over again, the cowboy hero recast as prospector. Four key figures are linked to the gold that set off the stampede: George Carmack, his Tagish wife Kate Carmack (born Shaaw Tlaa), her brother Skookum Jim, and their nephew Dawson Charlie. Of these, Kate has received the least recognition, even though she played a pivotal role in the events that led to the Klondike stampede. In this recovery of a key historical figure, Vanasse explores the early life of Kate, the years she spent with George before the Klondike discovery, her meeting of almost every key figure in gold rush history, and the experiences in Washington and California that brought her into a world she could scarcely have imagined. Four years after he set off the rush, Carmack abandoned his wife at a California ranch. Illiterate and thousands of miles from her home, Kate fought for her wealth, her family, and her reputation. Through a fortuitous combination of correspondence, legal proceedings, ethnographic study, and the generosity of Kate's Tagish-Tlingit relatives, the story of Kate Carmack can finally be told. The first popular rendering of the Klondike Gold Rush from the perspective of those who were there first—her biography gives voice to a survivor who, against all odds, ultimately reclaimed her true wealth. Vanasse brings a novelist's skill to a multifaceted and deeply researched story. Here is a complex portrait of an important historical figure overshadowed by the rush to Klondike gold.

The Chief Factor's Daughter Vanessa Winn 2011-02-01 Chief factor: In the Hudson's Bay Company fur-trade monopoly, the title of chief factor was the highest rank given to commissioned officers, who were responsible for a major trading post and its surrounding district. Colonial Victoria in 1858

is an unruly mix of rowdy gold seekers and hustling immigrants caught in the upheaval of the fur trade giving way to the gold rush. Chief Factor John Work, an elite of the Hudson's Bay Company fur trade and husband to a country-born wife, forbids his daughters to go into the formerly quiet Fort Victoria, to protect them from its burgeoning transient population. Margaret, the eldest daughter, chafes at her father's restrictions and worries that, at 23, she is fated to be a spinster. Born of a British father and Métis mother, Margaret and her sisters belong to the upper class of the fur-trade community, though they become targets of snobbery and racism from the new settlers. But dashing naval officers and Royal Engineers still host parties and balls, and Margaret and her sisters attend, dressed in the fashionable gowns they order from England. As happens the world over, these cultural tensions lead to love and romance. An elegant recreation of real events and people, *The Chief Factor's Daughter* takes readers inside a now-vanished society, much like *Pride and Prejudice*. Margaret Work, with her aspirations, hopes and dreams, is a recognizable and thoroughly appealing heroine.
