Sense And Sensibility Joanna Trollope 2013-10-29 A beloved and internationally bestselling author's contemporary retelling of Jane Austen's classic novel of love, money and two very different sisters. When their father unexpectedly dies, the three Dashwood girls—Elinor, Marianne and Margaret—must face the harsh reality of a life where they no longer have the home or the financial security that they have always taken for granted. As they come to terms with life without the comforts of either their country house or an inheritance, Elinor, a sensible architecture student, and Marianne, a passionate, musical free spirit, are also confronted by a world where their choices are abruptly limited by their new and alarming circumstances. With her trademark insight and wit, Joanna Trollope has brought Austen's characters and their story into the 21st century. In the timeless spirit of their creator, she casts a clever, gently satirical eye on Elinor and Marianne as they are forced to navigate the modern world and the search for love. The results are both heartbreaking and hilarious, but always, in the hands of consummate storyteller Trollope, hugely entertaining and achingly true to life. Reimagining *Sense and Sensibility* in a fresh and contemporary light, Trollope recasts this beloved coming-of-age story as a perfect tale for our times.

Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.

**The Sounds of Early Cinema** Richard Abel 2001-10-03 *The Sounds of Early Cinema* is devoted exclusively to a little-known, yet absolutely crucial phenomenon: the ubiquitous presence of sound in early cinema. "Silent cinema" may rarely have been silent, but the sheer diversity of sound(s) and sound/image relations characterizing the first 20 years of moving picture exhibition can still astonish us. Whether instrumental, vocal, or mechanical, sound ranged from the improvised to the pre-arranged (as in scripts, scores, and cue sheets). The practice of mixing sounds with images differed widely, depending on the venue (the nickelodeon in Chicago versus the summer Chautauqua in rural Iowa, the music hall in London or Paris versus the newest palace cinema in New York City) as well as on the historical moment (a single venue might change radically, and many times, from 1906 to 1910). Contributors include Richard Abel, Rick Altman, Edouard Arnoldy, Mats Björkin, Stephen Bottomore, Marta Braun, Jean Châteauevert, Ian Christie, Richard Crangle, Helen Day-Mayer, John Fullerton, Jane Gaines, André Gaudreault, Tom Gunning, François Jost, Charlie Keil, Jeff Klenotic, Germain Lacasse, Neil Lerner, Patrick Loughney, David Mayer, Domi-nique Nasta, Bernard Perron, Jacques Polet, Lauren Rabinovitz, Isabelle Raynauld, Herbert Reynolds, Gregory A. Waller, and Rashit M. Yangirov.

**A History of the French in London** Debra Kelly 2013 This book examines, for the first time, the history of the social, cultural, political and economic presence of the French in London, and explores the multiple ways in which this presence has contributed to the life of the city. The capital has often provided a place of refuge, from the Huguenots in the 17th century, through the period of the French Revolution, to various exile communities during the 19th century, and on to the Free French in the Second World War. It also considers the generation of French citizens who settled in post-war London, and goes on to provide insights into the contemporary French presence by assessing the motives and lives of French people seeking new opportunities in the late 20th and early 21st centuries. It analyses the impact that the French have had historically, and continue to have, on London life in the arts, gastronomy, business, industry and education, manifest in diverse places and institutions from the religious to the political via the educational, to the commercial and creative industries.

**Decadent Genealogies** Barbara Spackman 2018-03-15 Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

*Mystifying the Monarch* Jeroen Deploige 2006 The power of monarchs has traditionally been as much symbolic as actual, rooted in popular imagery of sovereignty, divinity, and authority. In *Mystifying the Monarch*, a distinguished group of contributors explores the changing nature of that imagery—and its political and social effects—in Europe from the Middle Ages to the present day. They demonstrate that, rather than a linear progression where perceptions of rulers moved inexorably from the sacred to the banal, in reality the history of monarchy has been one of constant tension between mystification and demystification.

*Gossip Girl 7* Cecily von Ziegesar 2012-07-05 The uptown girls are headed downtown as Serena and Jenny take on their new fabulous roles as rock-star model girlfriends of New York's hottest band, The Raves.

Blair takes residence at the Plaza to think about her future. Will she become a gun-toting international spy or Manhattan's snobbiest society hostess? Decisions are so difficult! Sounds like everyone needs a day off at the spa. And Senior Spa Day promises to serve up further doses of scandal for New York's busiest private-school vixens.

*Psycho Killer* Cecily Von Ziegesar 2014-06-06 -- C'est la vie American Psycho's Patrick Bateman has met his match in Manhattan's newest, most fabulous trendsetting serial killers, Blair Waldorf and Serena van der Woodsen.

**Reconstructing Amelia** Kimberly McCreight 2013-04-01 Stressed single mother and law partner Kate is in the meeting of her career when she is interrupted by a telephone call to say that her teenaged daughter Amelia has been suspended from her exclusive Brooklyn prep school for cheating on an exam. Torn between her head and her heart, she eventually arrives at St Grace's over an hour late, to be greeted by sirens wailing and ambulance lights blazing. Her daughter has jumped off the roof of the school, apparently in shame of being caught. A grieving Kate can't accept that her daughter would kill herself: it was just the two of them and Amelia would never leave her alone like this. And so begins an investigation which takes her deep into Amelia's private world, into her journals, her email account and into the mind of a troubled young girl. Then Kate receives an anonymous text saying simply: AMELIA DIDN'T JUMP. Is someone playing with her or has she been right all along?

**The Cambridge History of French Thought** Michael Moriarty 2019-05-30 French thinkers have revolutionized European thought about knowledge, religion, politics, and society. Delivering a comprehensive history of thought in France from the Middle Ages to the present, this book follows themes and developments of thought across the centuries. It provides readers with studies of both systematic thinkers and those who operate less systematically, through essays or fragments, and places them all in their many contexts. Informed by up-to-date research, these accessible chapters are written by prominent experts in their fields who investigate key concepts in non-technical language. Chapters feature treatments of specific thinkers as individuals including Voltaire, Rousseau, Descartes and Derrida, but also more general movements and schools of thought from humanism to liberalism, via the Enlightenment, Romanticism, Marxism, and feminism. Furthermore, the influence of gender, race, empire and slavery are investigated to offer a broad and fulfilling account of French thought throughout the ages.

Nearly bankrupt, betrayed, estranged from her greedy mother, and just about unemployable, she's coaxed into that desperate haven for has-beens: reality TV. Winging it as a faux PI, she'll solve off-the-cuff mysteries in her hometown of Sweet Briar, Alabama. For added drama, there's police chief Luke Montgomery, inconveniently Summer's first and only love. It's when Summer stumbles upon a very real corpse that Darling Investigations takes an unexpected twist. The growing list of suspects is a big draw to viewers, but the reality is that Summer doesn't know whom she can trust. Someone has written this killer new scene especially for her, and unless Summer gives the role everything she's got, it could be her last...
