Voices from the Edge of Eternity - John Myers 2012-06-29

Dramatic Testimonies of Near-death Experiences and Visions Voices from the Edge of Eternity is a compilation of the words and experiences of people both famous and obscure just before their deaths. Young and old, great and small, saint and sinner—these testimonies confirm the biblical doctrines of life after death, judgment for the nonbeliever, and eternal life for those who have accepted Christ as Savior. Included are the experiences of a formidable array of witnesses, such as Martin Luther, Voltaire, John Wesley, Joan of Arc, Thomas Paine, Charles Darwin, Queen Elizabeth I, John Calvin, Napoleon Bonaparte, Peter the Great, and many more. The agreement among the accounts is remarkable in this fascinating collection of thoughts and experiences that shed light on the life that awaits us after death.

The Gay Agenda - Dr. Ronnie Floyd 2004-06-01

The Gay Agenda: It's Dividing the Family, the Church, and a Nation is a bold defense of traditional marriage and the authority of Scripture relating to these controversial issues both in the Church and in families across the nation. As same-sex "unions" and court challenges to the bans on these unions sweep the country, reasoned voices from the Church are needed. Now, one has emerged to expose the agenda that the homosexual lobby is trying to impose on society. Can we still love people in this lifestyle, but hate the sin? Does the Bible say anything about gay clergy? What impact is this agenda having on the traditional American family? What impact will this agenda have on our nation? What about activist judges and the proposed marriage amendment? Dr. Ronnie W. Floyd tackles the problems confronting the traditional family with this issue - in schools, the workplace, the church, and even within your home. Revealing the progress the gay agenda has already made, Dr. Floyd also examines the legal background and challenges dominating media reports almost daily. Floyd highlights why Christians need to be aware of this issue and its assault upon the faith, as well as showing from Scripture that the homosexual lifestyle is definitely at odds with God's plan for the family. With a balanced, methodical, and loving manner, Floyd issues an urgent call to pastors, parents, and educators: passive response won't work - only prayer and engagement with the issues will be effective.

The Same Sex Controversy - James White 2002-04-01

In the guise of tolerance, Hollywood and modern culture have granted "alternative lifestyle" status to a behavior condemned by Scripture. In the Same Sex Controversy, the authors clarify and defend the Bible's stand on homosexuality as they expand on key passages. Subjects include the basis of biblical morality, biblical teaching on marriage and sexuality, the new "homosexual apologist," and both Old and New Testament witnesses against homosexuality. They also provide information on how to lovingly and biblically reach out to those caught up in its grip.

Homosexuality - Elizabeth R. Moberly 1983

The best-selling Christian study of homosexuality, combining a psychoanalytical approach with an emphasis on the need for counselling and prayer.

Same-sex Attraction - John Francis Harvey 2003

The Bible and Homosexual Practice - Robert A. J. Gagnon 2010-10-01

Gagnon offers the most thorough analysis to date of the biblical texts relating to homosexuality. He demonstrates why attempts to classify the Bible's rejection of same-sex intercourse as irrelevant for our contemporary context fail to do justice to the biblical texts and to current scientific data. Gagnon's book powerfully challenges attempts to identify love and inclusivity with affirmation of homosexual practice. . . . the most sophisticated and convincing examination of the biblical data for our time. —Jürgen Becker, Professor of New Testament, Christian-Albrechts University

Homosexuality and American Public Life - Christopher Wolfe 2000

The most impressive and comprehensive response to the homosexual movement ever assembled. An imposing array of experts make the case that homosexuality is both a moral and psychological disorder and a matter for compassionate but urgent public concern.

Kabbalah, Science and the Meaning of Life - Michael Laitman 2006-01-01

Science explains the mechanisms that sustain life; Kabbalah explains why life exists. In Kabbalah, Science and the Meaning of Life, Rav Michael Laitman, PhD, a kabbalist and a scientist, combines science and spirituality in a captivating dialogue that reveals life's meaning. For thousands of years kabbalists have been writing that the world is made of a single entity divided into separate beings. Today the cutting edge science of quantum physics states a very similar idea: that at the most fundamental level of matter, we are all literally one. Science proves that reality is affected by the observer who examines it. And so does Kabbalah. But Kabbalah says more: even the Creator of reality is found within the observer. In other words, God is inside of us, he doesn't exist anywhere else. When we pass away so does he. These earthshaking concepts and more are eloquently introduced so that even readers uneducated in Kabbalah or science will easily understand them.

Therefore, if you're just a little curious about why you are here, what life means, and what you can do to enjoy it more, this is your book.

The Last Closet - Moira Greyland 2018-04-18

Marion Zimmer Bradley was a bestselling science fiction author, a feminist icon, and was awarded the World Fantasy Award for lifetime achievement. She was best known for the Arthurian fiction novel THE MISTS OF AVALON and for her very popular Darkover series. She was also a monster. THE LAST CLOSET: The Dark Side of Avalon is a brutal tale of a harrowing childhood. It is the true story of predatory adults preying on the innocence of children without shame, guilt, or remorse. It is an eyewitness account of how high-minded utopian intellectuals, unchecked by law, tradition, religion, or morality, can create a literal Hell on Earth. THE LAST CLOSET is also an inspiring story of survival. It is a powerful testimony to courage, to hope, and to faith. It is the story of Moira Greyland, the only daughter of Marion Zimmer Bradley and convicted child molester Walter Breen, told in her own words.

Case Stories of Reparative Therapy - Joseph Nicolosi, PH D 2021-04-06

Is change possible? Pioneering therapist Joseph Nicolosi, Ph.D. offers a fascinating exploration of his unique therapeutic approach to male homosexuality.. The reader is invited to observe Dr. Nicolosi in actual conversation and interaction with a representative array of clients covering a broad range of personalities, issues and situations—but all sharing in common an intense disaffection with their homosexual inclinations and interpersonal relations. Case Stories of Reparative Therapy™ offers an at times heartbreaking yet always uplifting survey of the intimate workings of the human psyche and a surprisingly revealing glimpse into the practice of a courageous, insightful and genuinely caring psychologist. Although Reparative Therapy™ has helped thousands of clients overcome their ambivalence, loneliness and despair through straightforward talk, firm guidance, and compassionate wisdom, he offers here an honest account of success and failure, progress and disappointment, determination and growth. No reader, male or female, gay or straight, can come away from these case stories without a deeper understanding of the homosexual condition, and an enhanced appreciation of those affected by it.

Preventing Harm, Promoting Justice - Timothy W. Jones 2018-10-12

This report addresses the vexed problem of the religious LGBT conversion therapy movement. Conversion therapy emerged in Australian conservative Christian communities in the early 1970s, and has been

practised in these and other communities ever since.

Cracking the Bible Code - Jeffrey Satinover 1997-10-08

Cracking the Bible Code is the true account of the most amazing scientific research ever undertaken. References to important names, dates, and historical events have been found encoded in the book of Genesis. No individual could have known this information from what grew in the garden of Eden to details of the Gulf War. Mystics and sages have long held that these codes existed, proving God's direct hand in all that

was and is to be. Incredible? Yes. But some of today's greatest scientific minds have been unable as yet to disprove the codes. If the codes are genuine, they will forever change our view of God, faith, and our fate. Cracking the Bible Code explores the extraordinary possibilities and the furor surrounding the codes in a riveting story that is equal parts holy quest, Byzantine intrigue, and cutting-edge science.
