Finding Happily: No Rules, No Frogs, And No Pretending Collette Gee 2021-08-22 After Collette Gee found herself in another failed relationship she began researching every dating and relationship book on the market. She researched lessons on how to make it past the first date, what to say and not to say, how to dress and when and how to ration out the first kiss. Book after book were filled with detailed instruction on how to be and how not to be. The more she read and compared notes, the stronger these questions became: When is it okay to stop pretending? Do we ever get to just be themselves? In this cutting-edge book, *Dating and Relationship Specialist*, Collette Gee reveals the true meaning behind living "happily ever after". "Most dating and relationship books advise women to follow every tip and trick out there in order to 'capture the heart' of Mr. Right," says Collette. "But, the truth is, when it comes to dating and relationships 'happily ever after' is not an ending; it's a journey." If you are ready to rethink dating and relationships and find love under your own terms, then this book is for you. If you are ready to stop doing "the rules," kissing frogs and pretending to be someone you are not, then this book is for you. This is the last dating and relationship book you will ever need! This is not another one of those dating and relationship how-to-guide that over promises, but under deliver. Instead, what this book offers that no other book does is a deeper introspection as to what real relationships look like. "While life can be challenging; dating and relationships don't have to be." Therefore, what you will not find in this book are cookie-cutter instructions on how to "catch and keep a man." Instead through the series of stories outlined in this book you will learn how to develop your own unique successful approach to dating and relationships.

It was written for people of all ages, races, creeds, and sexual orientations. Bullying has no boundaries; it is blind and doesn't care about the physical, emotional, and potentially fatal damage it can inflict. Those of you out there who bully others are the weakest and most cruel among us. Those who bully have no conscience or moral fabric. The Bully Pen was created to illicit a response from reasonable and loving people! It was made to make you think about the causes and effects of bullying. it! We see it in our schools, on the buses, in our workplace, in our homes, and we see it virtually everywhere. If my words and this book are going to have an impact and meaning, then you must not only read it but share it with everyone around you. We can stop bullying. This is an epidemic that we can eradicate from society; it just takes each of us to do it! We can do this one person at a time. We have the ability to change; each of us can influence our families, friends, and even our communities. The danger of bullying is overwhelming! We have enough hatred in our world. We can all do better. God is on our side if we just look to him again. This book is a wake-up call to all of us to teach our kids love (over hate), respect, peace, and most of all, kindness. This is what my grandchildren would want, and if Patrick Kholmann was reading this, I'm sure he would want the same thing too! God bless you and God bless America!

In *Forget the Corsage*, Ginger Ciminello shares candid stories, personal journal entries, and relevant Scriptures to help navigate through tough matters of the heart. She seeks to remind you that life is not on hold until you find the one. Life does not start with a corsage, a diploma, a ring, a job, or even the perfect group of friends. the secret questions that adolescents discuss among themselves. Doesn't pull punches; sometimes politically incorrect and controversial, but also grounded in real life, meticulously documented by thousands of interviews with teenagers across America.

Stuck Together Raymond N Armstrong 2009-10 Joe Bennett, Dixie Mae Crandall, Hattie Cooper, and Clarence Cobb are hardly exemplary citizens, but they color the pages of this book with recognizable humanity. Thornburg, Indiana, is the kind of town in which such characters are not only tolerated but accepted as part of the scenery. Their lives intertwine, sometimes in spite of their intentions. Often against the odds they support and help one another to greater hope and a better life. Too involved with each other's business to be objective, they nevertheless regard one another with tolerance or, at their best, with love and admiration. With no two people alike, they form a mosaic of American life on a small scale, a kind of confusion which, as E.B White has noted, "makes a democracy so lovable and so frightening." You will likely find people you have known--or perhaps yourself--in these stories.

Little Miss Sanctified Dr. Louis Timm's 2005-11-17 As Leeza celebrates her forty-fifth birthday, there is no birthday cake, candles, gifts, or party with family and friends. It's just her, alone in a prison cell probably for the rest of her life. She contemplates how her life has gone so completely off track, and she recalls how it all began for her as a little girl growing up in Eden Square in the projects. Leeza wishes she could go back to being the little girl with the bad grammar and the big dreams, but it's much too late for that now. She faces a death sentence. A work of spiritual fiction, *Little Miss Sanctified*, by author Dr. Louis Timm's, lets God's people know they are not alone and that there is that dark side that exists in all. Through Leeza's fictional story, Timm's shows Christians that the hand of a loving and living God offers a right sense of worth and direction; God alone knows the end from the beginning. With each and every temptation, God will provide a way of escape only to those who truly want to escape the vices this world so lavishly offers.
