2009-12-17

Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse's primary love language-quality time, words of affirmation, gifts, acts of service, or physical touch. **Rebel Spirits** - Lois Ruby 2013-05-28

Haunted by history. Bound by mystery. Lori Chase doesn't know what to think about ghosts. She may have seen a few in the past, but those were just childish imaginings . . . right? Only now that she is living in Gettysburg, Pennsylvania, spirits seem to be on everyone's mind. The town is obsessed with its bloody Civil War history, and the old inn that Lori's parent run is supposedly haunted by the souls of dead soldiers. Then Lori meets one such soldier -- the devastatingly handsome Nathaniel Pierce.

Nathaniel's soul cannot rest, and he desperately needs Lori's help. Because Nathaniel was not killed in the famous battle. He was murdered. Lori begins to investigate the age-old mystery, stumbling upon shocking clues and secrets. At the same time, she can't help falling for Nathaniel, just as he is falling for her . . . .

**Aquarius Descending** - Martha C. Lawrence  
Torn McGowan, Elizabeth's cop boyfriend asks

her to take on a case that seems to be more in her line of work than in his. The father of Tom's ex-fiancée has come to him in desperation: He fears a mysterious package he's just received means that his daughter, who has disappeared into The Bliss Project, must be dead or in terrible trouble. Although Elizabeth is not too keen on the idea of accepting a case so close to home—she didn't even know Tom had an ex-fiancée, and The Bliss Project's efforts at mind control threaten to wreak havoc on her finely attuned senses—she agrees to investigate. But infiltrating a cult is no easy matter, especially one that seems to have as many secrets as this one, and soon Elizabeth finds herself in a life-and-death battle that will lead to a shocking conclusion. “Just when you think you’ve seen everything, something new comes . . . and astounds you.”—The Dallas Morning News

Paige's first boyfriend died in a swimming accident and it's time she rejoined the real world. So she makes a plan: 1. Date a boy (long-standing crush Ryan Chase seems like the perfect choice) 2. Attend parties (with best friends by your side: doable) 3. Join a club (simple enough, right?) 4. Travel (might as well dream big) 5. Swim (terrifying. Impossible) But when she meets Ryan's sweet but so nerdy cousin, Max, he opens up her world and Paige's plans start to change. Is it too late for a second chance at life? Brimming with characters so real you feel you could pick up the phone and call them, *The Start of Me and You* will prove that it's never too late for second chances. Perfect for fans of Rainbow Rowell, Jennifer Niven and John Green. Chosen by bestselling author Amy Alward as part of the 2017 Zoella Book Club!

*SignMates* - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could

occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's *SignMates*. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this

you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

*Murder in Scorpio* - Martha C. Lawrence  
Licensed Private Investigator Elizabeth Chase is used to skeptical glares and sarcastic comments when she's working on a case. Her unorthodox methods tend to surprise people: Dr. Chase is also a double-Ph.D. parapsychologist who uses her understanding of the paranormal in her investigations. Certainly some of her techniques do stand out a bit from those of the average P. I.,

such as her ability to see auras around witnesses or pluck important clues from her own dreams. So naturally, Escondido Police Department Sergeant Tom McGowan has some internal doubts about consulting Elizabeth on a case involving the so-called accidental death of his old high-school friend Janice Freeman. As her investigations cast an increasingly suspicious light on Janice's death, Tom quickly gains more than a little respect (and affection) for Elizabeth. But the closer she gets to the truth, the less either Tom's protection or the intervention of the stars and planets may be able to keep Elizabeth out of harm's way. In this delightful series debut, Martha Lawrence captures the sunny, offbeat appeal—as well as the danger—of Southern California and introduces an original detective who promises to enchant readers for many cases to come. "One of the most engaging mysteries I've ever read. There's no tougher critic than a Virgo, and this Virgo says *Murder in Scorpio* is flawless.—Nancy Pickard, author of *Confession*
