☐Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free☐ If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough—just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some

examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more. Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline. When it comes to online dating, some men love it, while others shun it like a de-masculinizing plague. How to Text Women. What to Say a Girl to Win Her Heart Chris Charm 2019-09-12 Ever wondered what is the first message you should send a woman? How to ask a girl out over text? How to text a girl you haven't talked to in a while? If so, this book is for you! This book is a guide for men in leading them to be quite successful in the way they deal with texting as a platform for reaching out to women. A lot of men struggle with the process of texting a woman and do not convey the right message to the girl for her to be intrigued. The book recognizes the fact that seduction is an art that has got to be learned and takes some practicing. To build confidence and understand the thought patterns of a woman requires some learning and training. This is what informs the idea behind putting this work together. The book is needed by a lot of men who just will not know how to start a conversation with women. If they do start conversations, they do not know how to steer the course of the conversation in order to come out quite impressive in the girl. This book comes to show that section is something that any man can achieve if a man can just acquire the right mindset and understand how to present their personality to the woman. It could be that some men do not understand how women think and how they react to certain messages. This book helps men peer into the world of being a woman to know how they can be evoked to gain attraction towards a man. You will no longer have to fear about what the girl will say or will react when you say something to her. You already can predict her reaction when you tell her this or that. You will, therefore, be more composed as you will not have a lot of shocks from the girls as before. You have been wondering why you get a lot of rejections. It has gotten frustrating for you as a girl will not respond to your text. Sometimes, you meet a girl and she is excited but she simply quickly seems interested when it comes to the time when you follow up to the text. It is time you also find the explanation for that. The book discusses the mindset that can make a man successful with socialization. You will learn how to be socially intelligent in order to be perceptive about how a woman wants you to say to her in order to make her tick.
