

How To Get Over A Relationship

How to Get Over Anyone in Few Days (Paperback) - M. Farouk Radwan 2008-10-23
How can the book help This book is a 100 percent guarantee that you will get over any person. All you have to do is read the book well and apply what's written in it exactly. Again I am proudly repeating it, it's a 100% guarantee that you will recover, not 99 nor 98 or 97. This book is by far the most powerful guide in the world to getting over someone. The book is not just different than other books that tackle the same subject but it's not even comparable to them. The book will make the worst breakup ever become a simple state that you can recover from in few weeks if not days. Personally I get over the worst breakup ever in three days but this is not how I used to be, I used to feel broken and to stay depressed for months until I grasped extensive knowledge about the psychology of love. This book intends to transfer to you this knowledge that can make you forget about anyone in few days. How effective is it? Even if you were so deeply in love, after reading the book and applying what is in it you will have no emotions towards that person you loved. If you feel that the person you love is your soul mate and that you simply can't get over him/her then after reading this book and applying what's written in it he/she will become just like a brother or a sister to you. Moreover, breakups will never affect you the same way they used to affect you after reading this book. Few days after applying what's written you will start to feel better, by the second week you will recover up to 50%, your mood will become more positive and you will start feeling better everyday. The only thing you have to do is to stick to what's written. The other thing that makes this book different is that it's a 100% guarantee that you will recover unlike other books that just promise you to feel better. I have helped thousands of people to completely forget about the people they were in love with using the techniques in this book. Again I am repeating it strongly and clearly, it's a 100% guarantee that you will

recover. What's different about the book? This book is not about intuitive tricks or logical ideas that can be easily guessed like "be strong", "stop thinking of her" or "focus on other things" but is rather one that is based on complex psychological principles simplified enough to be understood by all. All of the techniques in this book are backed by psychology and scientific research. The techniques in the book are derived from Love psychology, Friendship psychology, Neuro-linguistic programming, subconscious mind programming, Behavioral psychology, Hypnosis, Physiology and scientific research. The other thing that makes the book different is that it has no alternatives, browse the web, search for free tips, grab all the advice you can and as soon as you discover that they aren't working come back and buy it. There are no free alternatives to the information found in this book and that's why i am increasing its price every now and then. Bookmark this page and come back when you are tired of searching. Why is the price a bit high? What is the amount of money you think is worth paying to get over someone completely? What is the price of permanently forgetting about the suffering you have been living through? The price of this book is not based on its number of papers but its based on its ability to completely heal your pain forever. Warning If you think that falling in love should involve suffering, pain, feeling bad or becoming depressed then don't proceed as the book will permanently change your reaction to breakups. I am not responsible if you never felt bad whenever you broke up with someone or if you become indifferent when it comes to breaking up with someone. Don't worry, the book won't affect your ability to love and to be loved but it will just change your belief

Heartbreak: A Personal and Scientific Journey - Florence Williams 2022-02-01

Winner of the 2023 PEN/E.O. Wilson Literary Science Writing Award A Smithsonian Best Science Book of 2022 • A Prospect Magazine Top Memoir of 2022 • A KCRW Life Examined

Best Book of 2022 "Keen observer [and] deft writer" (David Quammen) Florence Williams explores the fascinating, cutting-edge science of heartbreak while seeking creative ways to mend her own. When her twenty-five-year marriage suddenly falls apart, journalist Florence Williams expects the loss to hurt. But when she starts feeling physically sick, losing weight and sleep, she sets out in pursuit of rational explanation. She travels to the frontiers of the science of "social pain" to learn why heartbreak hurts so much—and why so much of the conventional wisdom about it is wrong. Soon Williams finds herself on a surprising path that leads her from neurogenomic research laboratories to trying MDMA in a Portland therapist's living room, from divorce workshops to the mountains and rivers that restore her. She tests her blood for genetic markers of grief, undergoes electrical shocks while looking at pictures of her ex, and discovers that our immune cells listen to loneliness. Searching for insight as well as personal strategies to game her way back to health, she seeks out new relationships and ventures into the wilderness in search of an extraordinary antidote: awe. With warmth, daring, wit, and candor, Williams offers a gripping account of grief and healing. Heartbreak is a remarkable merging of science and self-discovery that will change the way we think about loneliness, health, and what it means to fall in and out of love.

The Art of Breaking Up - hitRECORD 2020-05-05 Joseph Gordon-Levitt's creative collaborative community HITRECORD looks at love from both sides in this ingenious flippable book. So, you just got dumped, huh? Or did you just dump someone? Doesn't matter who ended it. Either way, you're sleeping alone tonight. But don't worry, you're not really alone. HITRECORD's global community of over 750,000 active artists is here to help with *The Art of Breaking Up*, a new book designed to get you through this trying time. That's over 750,000 people who know the soul-crushing pain of a broken heart. But instead of wallowing forever in vats of

unproductive (but delicious) cookie dough, they've channeled all that misery into an insightful, funny, and smart compendium of musings, photography, drawings, collages, puzzles, recipes, games, and more—designed to explore (and distract from) the mind-numbing agony of a romantic breakup. You'll laugh, you'll smile, and you'll probably cry. Everyone knows there are two sides to every break-up, so this book features a double-sided, flippable structure. One side eases the tortured consciences of the HEARTBREAKERS. Flip the book, and the other side considers the plight of the BROKEN-HEARTED. Both sides are organized chronologically with chapters that correspond to the emotional trajectory of both the HEARTBREAKER and BROKEN-HEARTED. Chapters include: Early Warning Signs, Exit Strategy, The Break Up, Acceptance, Depression, Bargaining, Anger, and Denial. Where the two sections meet in the middle there is a compelling, heart-wrenching moment where the HEARTBREAKER and BROKEN-HEARTED connect again, but we're not giving that away. Inside this book you'll find plenty of art, stories, comics, and other amusements, such as a Post-Break-Up Relationship Survey, Denial Yoga, Candy Hearts for Assholes, Breakup Greeting Cards, Hex Your Ex Voodoo Doll, The Free Bird Word Search Game, and a playlist or two, including "Right Back at Ya," a collection of songs to stoke the burning rage in your heart. Everything you'll find in this book was made collaboratively by people from around the world on HITRECORD—an online creative platform for collaborative art and media projects founded and directed by Joseph Gordon-Levitt. With its universal, all-inclusive approach to the subject, *The Art of Breaking Up* is an acute observation of love and heartbreak in modern times, and maybe—just maybe—a salve for anyone with a broken heart.

Re-Coupling - Mary Jo Rapini 2015-04-30

A book about intimacy and sex in marriage is hardly unique. But a no-nonsense text written by a board-certified urologist and a licensed psychotherapist who work in tandem to treat and educate their patients is something new and special. Together, Rapini and Khera have provided medical treatment and emotional guidance to couples searching for greater

intimacy, better sex, and happier marriages. They observe on a daily basis that if one partner has psychological or medical issues, both partners are affected, so they work with couples as they treat the problems of individuals. Win Your Partner Back After A Break Up? - Louisa Jackson 2021-05-08

Those that go searching for love only make manifest their own lovelessness - D.H. Lawrence If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and

principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return.

How to Fix a Broken Heart - Guy Winch
2018-02-13

'HOW TO FIX A BROKEN HEART PROVIDES THE VALIDATION, COMFORT AND HOPE ANYONE WHO IS HEARTBROKEN DESPERATELY NEEDS.' ESTHER PEREL, BESTSELLING AUTHOR OF *THE STATE OF AFFAIRS AND MATING IN CAPTIVITY* Every one of us has or will have our heart broken at some point in our lives. Heartbreak, whether it comes in the form of romantic love or through loss, is universal, yet we know so little about how to deal with it. Psychologist Dr Guy Winch imagines how different our lives and our society would be if we paid more attention to this unique emotional pain. Heartbreak can last for days, weeks, months and even years. Yet while we wouldn't expect someone to go to work or function well with a broken limb, heartbroken people are expected to function in their lives, despite the emotional pain they feel. *How to Fix a Broken Heart* argues that if we don't understand how heartbreak works, we won't be able to heal it and we are likely to make it worse, which we do, and regularly. Dr Winch reveals how and why heartbreak impacts our brain and our behaviour in dramatic and unexpected ways, regardless of our age. Emotional pain lowers our ability to reason, to think creatively, to problem solve and to function. Recovering from heartbreak always starts with a decision, a determination to move on when our mind is fighting to keep us stuck. We can take control of our lives and our minds and put ourselves on the path to healing. Dr Winch offers a toolkit on how to handle and cope with a broken heart and how to, eventually, move on. 'A great read for anyone going through heartbreak, anyone trying to help someone go through heartbreak, or anyone who simply wants to understand humans better' Tim Urban, creator of *Wait But Why?*
