*Emotional Self-Care for Black Women* - EasyTube Zen Studio  
2022-06-10

If you're a black woman trying to cultivate the motivation, confidence, and self-love you've always wanted, then keep reading! Are you a black woman who's struggling to find motivation and meaning in your life? Have you felt like your efforts are futile because nothing you do feels like it's making an impact? Do you wish you could just become the confident, self-assured woman you've always dreamed yourself to be? You're not alone in this struggle. Many black women like us are struggling with the same feelings of helplessness when it comes to our personal and professional lives. This lack of motivation often causes us to struggle with anxiety, depression, low

self-esteem, self-doubt, and other mental and emotional issues. When we stop believing in our own power to make positive changes in our life, it's easy for negative thought patterns to take over. We may become apathetic toward everything around us. It's like we've forgotten how to feel. Black women are expected to keep their heads down and not cause a fuss, yet they're also expected to go above and beyond for everyone in our lives. This is the double bind that black women face every single day. But you don't have to make yourself suffer any longer. Becoming motivated, confident, and self-aware is a journey that starts with small steps. In

*Trance-Migrations* - Lee Siegel  
2014-10-09

Listen to what I am about to tell you: do not read this book alone. You really shouldn't. In one of the most playful experiments ever put between two covers, every other section of *Trance-Migrations* prescribes that you read its incantatory tales out loud to a lover, friend, or confidant, in order to hypnotize in preparation for Lee Siegel's exploration of an enchanting India. To read and hear this book is to experience a particular kind of relationship, and that's precisely the point: hypnosis, the book will demonstrate, is an essential aspect of our most significant relationships, an inherent dimension of love, religion, medicine, politics, and literature, a fundamental dynamic between lover and beloved, deity and votary, physician and patient, ruler and subject, and, indeed, reader and listener. Even if you

can't read this with a partner—and I stress that you certainly ought to—you will still be in rich company. There is Shambaraswami, an itinerant magician, hypnotist, and storyteller to whom villagers turn for spells that will bring them wealth or love; José-Custodio de Faria, a Goan priest hypnotizing young and beautiful women in nineteenth-century Parisian salons; James Esdaile, a Scottish physician for the East India Company in Calcutta, experimenting on abject Bengalis with mesmerism as a surgical anesthetic; and Lee Siegel, a writer traveling in India to learn all that he can about hypnosis, yoga, past life regressions, colonialism, orientalism, magic spells, and, above all, the power of story. And then there is you: descending through these histories—these tales within tales, trances within trances, dreams within dreams—toward a place where the distinctions between reverie and reality dissolve. Here the world within the book and that in which the

book is read come startlingly together. It's one of the most creative works we have ever published, a dazzling combination of literary prowess, scholarly erudition, and psychological exploration—all tempered by warm humor and a sharp wit. It is informing, entertaining, and, above all, mesmerizing.

Resurrecting Chivalry -  
Mohammed Muflahi  
2015-03-04  
"Women are thinkers and takers. Men are scorers and breakers. Reality sucks. The truth hurts. Lies appease. The genetic code of each species cannot be changed. The animal in every man is caged. He is happy locked away, behind bars, in his prison of silence. Entice the beast and he'll murder the prey. Women are the keys to control the fury. If the curiosity of the howling sounds lures them towards the mating call that every wolf seeks to taste, they will ravage the meal. They must keep the doors to that pleasure locked and the beast remains shackled. Women are magnetic fields, emitting a mighty force through the language her body speaks. She walks like the moon and the motion of her sways linger, leaving behind marks on man's territory. She is beautiful, flawless, hypnotic and perfect. A species with such attributes must be the jewel in the museum, to be

admired for her miraculous existence. Displaying the priceless ornament will tempt the insatiable thief to steal and blemish the purity of a unique stone. We are different. To tame the wild nature of man, her distance from the wolf is imperative. Crawling towards him, with her spineless motives and empty words, pretending to be victual, his hunger will exacerbate and his greed, impossible to control. Women must be modest. That, which is not on show, cannot tempt and that, which cannot tempt will be safe and that, which is safe is protected and secured and out of harm's way."

Interested in meditations that immediately bring peace of mind and relief from stress and anxiety? Would you like lasting forgiveness for yourself or others? Discover within this book methods of spiritual alchemy to heal yourself of past anger, pain and unforgiveness and ways to transform all that negative energy into love. Just like in Quantum Physics where there are many possible states of existence, so also can you internally shift from a state of fear to one of love. You will discover how inside this book! The author, a highly sensitive person and empath, had experiences from growing up that left 'holes in her being', so to speak. Right from her 20s, due to intense inner emotional and mental turmoil, she was filled with a burning desire to find lasting inner peace and forgiveness. This book contains methods that work from 11

years of her search for, and practice of, inner healing techniques. These have left her carefree and glowing from the inside-out! These methods are especially powerful if you find words to be healing and transforming. Just as one can utilize the Akashic Records for healing, one can use the techniques contained within for healing as well. The author has had the experience of all of these healing modalities and speaks from experience. This is a guidebook to spiritual healing methods based on the principle of oneness, that there is only one of us. You will discover: How to apply an ancient Hawai'ian forgiveness method called Ho'oponopono to forgive yourself or others. New Age meditations for lasting inner peace. These are non-denominational in nature, so they fit into the context of any religion you might be practicing (or not). Affirmations and methods such as Cutting the Ties that Bind to heal yourself of difficult and painful relationships. Along with New Age practices, the

book also seamlessly discusses Hinduism and its practices as well as Hindu deities. It clearly explains the essence of the various philosophies behind Hinduism. It focuses on Advaita, the non-dualistic philosophy of the East which finds parallels with A Course in Miracles in the West and discusses the meaning and purpose of life according to Advaita or non-duality. Bonus: There is also a charming description of life in a real ancient orthodox Hindu village, in which the author's mother grew up. It still exists today, and such villages are exceedingly rare to find even in India these days. You will be transported to another time and era! Buy this book to experience more peace, love and happiness today!

absolutely no doubt in my mind that romantic partners, together in this lifetime, have been together before . . ." After being hypnotized and shown his own past lives, Dick Sutphen went on to become a practitioner of hypnosis and past-life regressions. Over the years, he worked with many people and discovered the importance of karma: that we have lessons to learn, and if we do not do so in one lifetime, we will encounter them in another lifetime. Other people are instrumental in our learning these karmic lessons, and we can be tied to certain individuals in life after life. In this book, Sutphen shares regressions with several clients and includes transcripts of their sessions. In hearing their stories, we discover what these people came to understand about the challenges in their present lives after they looked to the past. Originally written in 1976, *You Were Born Again to Be Together* remains a useful primer in shining a light on metaphysics and the amazing power of the human

spirit. Discover the classic guide to past-life regression that reveals how souls are reunited across the ages.

In a race against time, Edmund Asher, Earl of Wyverstone and spymaster extraordinaire, has only one choice - to win. With one month left before the Engineers World Gathering and a powerful enemy on the loose, the odds are not favouring the Earl of Wyverstone. However, an unexpected request for help from the Engineering School in Paris could be the breakthrough he has hoped for - or The Cerulean Lady's misfortune. The return of an old acquaintance bent on revenge doesn't help either, bringing England's spymaster on the verge of losing not only his position, but also the people he loves. Well-hidden secrets threaten to come to light, leaving Edmund with only one option - to catch his archenemy

soon. Even if that means bending rules and joining Carmina Harcourt, the Classified Affairs' queen of disguise, in a deadly mission in France. Alas, as he would soon discover, the man he chases is just a cog in a more complex - and darker - mechanism, spanning not only England, but the Continent as well. And he might be too late to stop it...
