Women can be anything and have everything. They are outpacing their male peers in higher education and earning the corner office at work. Smart, driven, assertive women are succeeding at just about everything they do--except romance. Why are so many men afraid to date smart women? Modern men claim to want smarts, success, and independence in romantic partners. Or so says the data collected by scientists and dating websites. If that's the case, why are so many independent, successful women winning in life, but losing in love? Journalist Jenna Birch has finally named the perplexing reason: "the love gap"--or that confusing rift between who men say they want to date and who they actually commit to. Backed by extensive data, research, in-depth interviews with experts and real-life relationship stories, *The Love Gap* is the first book to explore the most talked-about dating trend today. The guide also establishes a new framework for navigating modern relationships, and the tricky new gender dynamics that impact them. Women can, and should, have it all without settling.

The Female Logic Bryan Bruce 2020-11-07 DO YOU WANT TO DISCOVER HOW WOMEN SECRETLY TEST MEN AND WHAT IT IS THAT WOMEN WANT IN A MAN WHEN THEY TEST MEN? There is no denying the fact that ladies love to throw the guys off balance when it comes to romantic relationships. In any pick up attempt, the chase is on and they know you want them but you are not going to get it that easily so they test you. They test you to see if you are worthy to have the trophy. WHY DO WOMEN TEST MEN? The thing is some ladies don't even know they are doing this. That's because the test is a built in psychological mechanism to test your resolve and for them to know the stuff you are made of. Sometimes the test is a sign of emotional weakness or insecurities on the part of the girl. But for majority of other girls, they know and understand what you are; a pick up artist. They know the name of the game and if they do enjoy it then they are going to test you. 1- Do you have what it takes to truly love and care for them? 2- Are you mentally, psychologically and emotionally secure to love them like a real man. 3- Do you essentially have a back bone to make tough calls as need be? 4- Do you know how to play at their level without losing your man-hood? 5- Can you take the lead in tough situations and own up if you make mistakes? Believe it or not, these are some of the things that real women want from REAL MEN. If you would like to know the rest, then you just have to read this book. What the hell did I do to make him disappear? Is he going to leave 'her' for me? It's because he's shy/busy/scared of his feelings isn't it? then spent their days of separation pining for his return. This powerful theme found expression not only in myth but also in the devotion and poetry of a religious culture that evolved in South India. From the fifth century A.D., the Tamils absorbed many elements from the classical traditions of the North, such as yoga, the temple worship and Krsna myths, and the results were unique blends of the two civilizations. Viraha-bhakti, as the author styles this type of Krsna religion, imbued the theme of separation with erotic and ecstatic features and evolved as one of the highlights of Indian religion and culture. The present work is a detailed study of the multifarious origins of Viraha-bhakti in South India and its developments up to the point at which it entered the pan-Indian scene. The study suggests a revision of the monolithic image of Indian religion implied in much scholarly literature. It differentiates a great variety of interacting traditions and milieux and demonstrates the dynamism of Indian culture. By identifying a specific type of religion and reflecting on its significance, the author attempts, at the same time, to go beyond purely textual and historical considerations. Thus the book will be of interest to any student of Indian religion and culture.
