How to Be a Good Wife - HowExpert HowExpert Press

If you want to be a good wife, then get the "How To Be a Good Wife" guide now. You have taken the plunge, and said those magic words that have connected you to someone for the rest of your life. Now you are asking yourself, what exactly does this mean? What do you do now that the honeymoon is over? Where do you start learning how to be a "Mrs."? Even though there may be a how to guide out there for everything else, this book will only help

you if you are truly willing to put in the time and effort it will take. Marriage is hard, which means that if a marriage lasts today, it is truly a miracle. *How To Be a Good Wife* gives you some great ideas for making your relationship work. This is not a book of tricks, or manipulations, but a book of genuine, heartfelt examples that truly work. Put aside your fears of what you have heard about marriage. Every marriage is different, and you will not experience anything exactly like someone else, even if it happens to your best friend. This book can give you ideas on how to stay married longer, and be happier with your spouse. You can be a good mother, a good wife, and you can work a full time job successfully. The key is to let your husband in to your world, and help him understand when you need his help. You just have to promise yourself that you will try. Many books will try and tell you how to change someone, or change yourself. This book is about embracing who you are and who the

person is that you married. Being a good wife goes beyond just saying the words, "I Do." It is about giving 100 percent, when there is a chance your spouse may not. It is about overcoming difficulties, and not knowing what lies around the bend, or what tomorrow brings. This book will help you see that love can get you through the hard times, whether you are rich or poor. You can survive gossip, temptation, and society. You can really let your hair down and not wear make-up, and he will still love you. Give him a chance, and you will see! There is advice on money management, sharing chores, and how to spend time together. You can truly be your husband's best friend, if you so desire. You only need to open your heart, even if it means putting it out there on your sleeve for your husband to see. You can laugh, or cry, or say it is just plain silly, but don't say it doesn't work. It really does, and has for twenty plus years. This book is full of ideas to help you kick start a dull marriage,

or a challenging one. You must be committed to one another, and you must be willing to give up the "old you." Even though the critics say, that women and men are from two different planets, it doesn't mean we can't live together and have a successful life together. If you value your marriage, or want to just "freshen up," take the opportunity and read *How to Be a Good Wife*. Click "Buy Now" to get it now!

STRONG IN THE STORM - Mutea Rukwaru 2017-12-20
Marriage is one of the oldest institutions in the world. It is an institution bedeviled with a

lot of challenges. It is ironical that you are given a marriage certificate without having graduated. You don't even graduate in the college of marriage. There are no leaves, half terms or holidays. Marriage is a relationship and all relationships have disagreements. How successful relationships are has a lot to do with how those disagreements are handled. Most of the problems encountered in marriage is due to the fantasy we have about marriage life. From the moment Romeo sets his eyes on Juliet to the fairy-tale climax when Cinderella captures her prince, young people are taught that falling in love is the one and only essential requirement for marriage. If you wish to make your marriage work, then the love between you can't simply be based on feelings. That's because feelings change like moods. If romance were the sole factor determining the duration of a union, most marriages would end in less than a year. Love must be both a feeling and a decision. Most

marital relationships are weakened by the issues of sex, money, identity and extended family members. In today's world time is becoming elusive. Remember a time a husband and wife devote to one another determines the quality of their relationship. The stresses of life whether they are financial, parental, family related or work related can negatively impact on marriage and lead to unnecessary arguments. Spouses who don't prioritize their time together get caught in the trap of drifting away from one another due to the pressures of life. As time goes on and children get older and jobs become demanding you may not realize that your needs are changing and you dread change. With time you will find that by investing in your marriage and spending time with one another, you will limit the number of disagreements you have. Your sexual life will improve and you are less likely to be involved in extramarital affairs. The quality of your marriage is the single most important factor in raising

healthy, well-adjusted children. Husbands and wives who love and respect each other raise children who have healthy values, self-esteem and good relationship skills. Wives should not neglect their husbands. Remember your husband was there before your children were born and he'll be there long after your children have moved on in life. If you show contempt toward your husband, your daughter will treat her husband that way and your son will expect his wife to have contempt for him. Your husband needs to occupy the number one spot in your heart. You cannot place your children or extended family ahead of him in your heart. If you don't put him first, not only will that injure him, but it will destroy your relationship and eventually make him run away and this will harm the lives of your children. Oftentimes men feel like they only get their wife's attention after everyone else the kids, the pets and the women have had their needs met. He gets what's left over after everyone else is taken

care off. It is also important to note that happily married spouses are satisfied with their sexual relationships. A spouse who makes you feel important, who is kind, gentle, exciting and good with children and who is sexually satisfying and prone to sexual experimentation most powerfully influences your marital satisfaction. You can add zest to your love life by enhancing appeal as a spouse by having more intimate conversations and by showing more consideration and non sexual affection. Then add some novelty and creativity to your lovemaking. Sex is so critical in marriage and any relationship at marriage level devoid of it is at risk. Sex can heal illnesses and alleviate depression. From a man's perspective, there are not many things more important than sex. Sex not only fulfils a physical need in men and women but it also fulfils a psychological need. In reference to men sex heals a man the same way food, sleep and medicine can heal an

injured sick body. Men are intensely physical and so the physical act of sex plays a big role in their lives. Women enjoy sex nearly as much as men do—they just don't obsess it quite as much. It is of interest to note that if a man's wife is not interested in him physically for whatever reason, of which probably it isn't necessarily her fault, and some young girls come along who shows an interest in him as a man, many men are easily swayed into having these needs fulfilled. Some of it may be due to ego, but much of that need involves the fact that a man cannot feel truly loved if he is not having his physical needs met. When both men and women are satisfied sexually they will all be having satisfied marriage lives. Sex is such a great power in the world. But it is women who have tremendous sexual power. What does this power look like? What are the dynamics of sex? Why do spouses stray? Is it a matter of life and death? What are the complex reasons behind extramarital sex? Is sex so

critical that without proper handling families will degenerate to the primordial times where "sexual punalua" ("sexual communism") was the practice? Take an exciting walk through "strong in the storm" to find answers to this life's maze. When you unearth the mystery of this labyrinth, then you will be in a position to advice colleagues, friends and those in the byways of orchestra of life how to paddle this tricky canoe. In a nutshell, a husband and wife should sail the seas of life in the same boat, rowing together, trimming the sails together and making sure the whole operation runs smoothly together, but ironically many spouses are actually in two different boats. Yet the two won't truly become one until they do get into the same boat. Rooting Out Relationship Killers - Stephen Matthew
2013-02-12

"Nothing matters like relationships. In this practical book Stephen shares down-to-earth wisdom to help us protect, strengthen and restore them." - ROB PARSONS, Founder and Chairman, Care for the Family PASTOR GARY CLARKE, Lead Pastor, Hillsong Church London: "A great read for everyone, regardless your age or stage of life, as we all want meaningful, thriving relationships." Healthy relationships enrich our lives

like nothing else We all want them and can have them if we embrace the principles explored by Stephen Matthew in this practical book. He unpacks the idea that nurturing and maintaining a healthy relationship is much like gardening. The soil of the relationship must be cultivated by rooting out any "weeds" that may threaten to stifle or kill the relationship in question. And it must also be nourished with appropriate relationship "feeds" to ensure fruitfulness and continued health. This life-affirming, positive book aims to strengthen and enrich all our relationships, keeping them healthy and strong. It is both positive - in that it focuses on relationship building - and it is preventative, because if we take the advice offered here, we can avoid the pain of major relationship dysfunction. Stephen's book will make you a better friend, husband, wife, mother, father, brother, sister, team member, business partner, leader, manager or employee. As a result, your life will enrich those you relate to

and do them good too. Everyone wins when we build relationships God's way. About the author: STEPHEN MATTHEW is a gifted Bible teacher and committed church builder. He is Senior Associate Pastor of LIFE Church Bradford, Principal of the LIFE Church Leadership Academy and the author of BUILDING CHURCH.

Whom Not to Marry - Pat Connor 2010-04-27

The new single woman's Bible that shows how to distinguish Mr. Right from Mr. Right Now Father Pat Connor knows marriages. Having presided over more than two hundred weddings and conducted pre-marriage and marriage counseling for more than forty years, he's something of an expert. And now he is sharing his wealth of experience with women everywhere on the subject of Whom Not to Marry. Father Pat's philosophy is simple: A love affair may lead to marriage, but love itself cannot make a marriage work. That's why it's important to weed out the bad seed's before

you fall in love. Sounds easy enough, but in the early stages of romance, when infatuation trumps judgment, it can be difficult to see the flaws in your mate and to think rationally about your future. That's where this book comes in. A heavenly how-not-to, Whom Not to Marry offers timely and time-honored advice such as: Never marry a man who has no friends, for he won't be capable of the intimacy that marriage demands. Never marry a man who isn't responsible with cash. Most marriages that flounder do so because of money, a case of 'til debt do us part. Never marry a man who lets you walk all over him. It's good to have a doormat in the house, but not if it's your husband. Life may seem random, but there are many things you can do to make sure your life partner is the right one. It all starts with being honest with yourself. Use your good judgment, Father Pat counsels. Know what you want. Know who is worth loving and who is worth marrying. Once you can do that, you'll stand a

much better chance of living happily ever after.

Getting It Right the First Time - Barry McCarthy

2005-10-05

A healthy marriage is the result of much more than a stroke of good fortune, the accidental meeting of two "soul mates," or a conscious commitment to stay together no matter what. Studies have found that romantic, passionate love is often just a memory by the wedding, or within the first year of marriage. Creating an intimate, satisfying, and stable marriage is by no means easy or guaranteed--it requires thought, communication, planning, and true commitment to each other (though luck and compatibility never hurt). The window of opportunity in which to build the foundation for such a relationship is narrow, and does not often last too long after the first two years of a marriage. Getting it Right the First Time provides the information every couple needs to know to understand what really makes a marriage work. Husband and wife team, Barry

and Emily McCarthy share clear, helpful guidelines for creating a healthy marriage and reveal the strategies, skills, and attitudes that can help prevent disappointment, resentment, and alienation from entering the relationship. Ask any happily married couple whether the time and effort spent in creating a healthy marriage has been worth it, and you should get a universal answer. Getting it Right the First Time can make getting there a little easier.
