How to Fall in Love with Anyone - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love."

—Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why

relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Politiquette - Nadia Asencio 2015-11-12

Partisanship is destroying the U.S. Whether you're an Independent fed up with your lack of representation in Washington, a moderate Democrat or Republican disappointed by the repeated failures of your party, or a Millennial whose disenchantment with our current political system has turned into apathy, you have options and the power to turn things around; in fact, We the People have an obligation to do so. But we can't change the current state of affairs until we realize that we're part of the problem: feeding into the fiction of the two party system and fighting amongst ourselves, even as our government creates policies to benefit its corporate friends at the expense of people everywhere. While no one can do everything, we can each do something; our nation's fate in the new millennium depends on it. The first step is effective communication. The first step, is Politiquette.

The Dateable Rules - Justin Lookadoo 2004-02-01

Take Wild at Heart by John Eldredge and *The Mystique of a Woman* by Jean Lush and turn it into something that gets the attention of busy teens and you begin to understand *The Dateable Rules*. This interactive guide takes up where *Dateable* left off and walks teens through the Bible's insights about men and women. Guys will learn that God loves adventure and that there's a difference between a spiritual and a physical adventure. They'll also learn how to be a gentleman (open her door and carry the box of leftovers from dinner, etc.) Girls will learn that beauty is defined by God, not supermodels, and that if they talk too much, they lose. They learn the secrets of staying confident and letting a guy lead. How It Works: Bible Study: a study that can be used by an individual couple or a whole youth group. Focus Group: a time when guys and girls get the lowdown on each other's gender. Guys and girls or groups can talk about what they learned in the week's study and discuss the truths of Scripture. Workbook: offers lots of things for readers to do, from writing down all the bad things they have said about another person and confessing them to God to going back to the point in time when their femininity or masculinity was squashed and allowing Jesus to redefine that moment. Each section is filled with interactive activities that help students better understand God's plan for men and women. *The Dateable Rules* isn't about teens getting more dates; it's about learning to understand the opposite sex and making good choices based on the truth!
