The Jealousy Cure - Robert L. Leahy 2018-03-01

"The Jealousy Cure unlocks the positive power of jealousy for happy relationships." —Foreword Reviews "Solid counsel for those whose relationships are plagued by jealousy and the individuals it targets." —Library Journal starred review Could jealousy be a positive thing? In this groundbreaking book, Robert L. Leahy—author of the hugely popular self-help guide, *The Worry Cure*—invites you to gain a greater understanding of your jealous feelings, keep jealousy from hijacking your life, and create healthier relationships. We've all heard tales of the overly jealous spouse or significant other. Maybe we've even been that jealous person, though we may not want to admit it. It's hard to imagine anyone sailing through life without either having feelings of jealousy or being the target of someone's jealousy. But what if jealousy isn't just a neurotic weakness? What if it signals that your relationship matters to you? In short—what if jealousy serves a purpose? In *The Jealousy Cure*, renowned psychologist Robert L. Leahy takes a more nuanced approach to tackling feelings of jealousy. In this compelling book, you'll uncover the evolutionary origins of jealousy, and how and why it's served to help us as a species. You'll also learn practices based in emotional schema theory, cognitive behavioral therapy (CBT), acceptance and commitment therapy (ACT), and mindfulness to help you overcome the shame jealousy can bring, improve communication with your partner, and ultimately make room for jealousy while also making your relationship more meaningful. You will learn that confronting jealousy in your relationship does not have to be a catastrophe, but can redirect you and your partner to build more trust, acceptance, and connection. We often feel jealous because we fear losing the things or people that matter to us the most. With this insightful guide, you'll discover how jealousy can both help and

hurt your relationship, and learn proven-effective skills to keep jealousy in its place. This book has been selected as an Association for Behavioral and Cognitive Therapies Self-Help Book Recommendation— an honor bestowed on outstanding self-help books that are consistent with cognitive behavioral therapy (CBT) principles and that incorporate scientifically tested strategies for overcoming mental health difficulties. Used alone or in conjunction with therapy, our books offer powerful tools readers can use to jump-start changes in their lives.

Jealousy - Lindsay Baines 2020-08-25

The following topics are included in this 2-book combo: Book 1: Most feelings of jealousy or envy are related to insecurities. They come deep from within a person's fears, doubts, self-esteem, and other variables, sometimes grounded in childhood experiences. Some people, however, are in denial. They go through life and never admit that they might envy what another person has, or they don't want to admit to feelings of inadequacy or fear that their partner might lose interest in them. In order to provide clarity when we can speak of real jealousy, this book lists seven signs or indications of jealousy. Finally, it ends with how you can turn things around positively if the green monster has gotten a hold of you. Feelings of jealousy can be used for beneficial purposes, and ultimately, this is what the book will focus on. Book 2: Most people have experienced simple manifestations of jealousy, but there are exceptional cases and disorders that must be mentioned. In this book, some of those brain functions that border on insanity will be discussed and explained. Aside from that, several chapters of the book refer to jealousy problems in marriage and other relationships. Apparently, this problem is more common than many presume it to be, so it is worth mentioning. Last but not least, some quotes, solutions, and tips are included in this helpful

guide. They will lead you along to happier feelings and emotions, so you can rid yourself of something that could be blocking you from progressing at your own pace. Get the guide now!

Do you go through your partner's things or demand detailed explanations of where they have been?Most people know this isn't the foundation for successful relationships, and they would like to stop reacting this way, but how? Author Jessica Riley outlines a 10-step plan for overcoming these hang-ups in her new e-book *Trust Issues*. Riley pulls no punches here - she gets straight to the heart of the problem from the first chapter. She addresses right from the start your thinking process, which is leading you to exhibit your possessive behavior. However, Riley is careful to explain the difference between our thinking and our actions. If that sounds too obvious, remember that your goal is to decrease the actions you're taking that are toxic to your relationships (the thoughts you are having may not feel good, but the problems with your partner don't start

until you start acting on those thoughts). *Trust Issues* begins with some questions for the reader's personal reflection, so you may want to have your journal handy as you read. These questions will start you on your journey to improved relationships with some knowledge about yourself. Armed with the answers to these questions, you can move into Riley's chapter on why you have difficulties believing what you're partner is saying to you. This will be a huge chapter for you if you're struggling with over-possessiveness, because your partners statements ("I'm working late tonight," or "That was my mom on the phone,"), are often the flash-points for conflict. If you want to see instantaneous improvement in your relationship, follow every word of this chapter, and you will have it! But *Trust Issues* is not a band-aid solution: Riley takes you into the dangerous process of comparison with others - an almost universal issue for those that suffer from repeated bouts of jealousy. She offers a brilliant strategy for handling it, too, which is yet another takeaway from *Trust Issues*. Many of you will get to Riley's chapter entitled "Be Prepared to Lose Your Partner" and think, What?? No, that's not what I want! But do not despair. In this chapter, you are about to learn one of the most valuable secrets of human relationships there is! Riley also includes a chapter on how to recoup from losing your cool when you see with your eyes behavior in your partner that you do not like and is setting your jealousy meter in the red zone (and that's when the real crises happen). She clearly outlines what to do, and just as importantly, what not to do. Do you often imagine your partner cheating? Riley's book has you covered there too, with an entire chapter devoted to getting your often fictional thoughts under control. Jealousy - Ryan James 2017-09-14

Jealousy Series Book #1 In this short but enjoyable book, you get to learn the intricacies of the green-eyed monster. You know the one - where you find yourself turning into bile and feeling enraged and confused while feeling stinging bits of your body prickling at you to let it out. Ah, now you know when it happened, that incident flying by in your mind. Yes, you just hit the spot. In this book, we are going to go into detail about jealousy. It so happens to explain the definition of jealousy, the different types of jealousy, and is for all of those who find themselves in the quagmire of disbelief with their partner. Jealousy is not warranted, but can only be a problem when the choice is made. Many relationships have no inkling as to how to handle jealousy. For some, it may lead to disputes that have no end, and even for some may lead to the collapse of homes as well as marriages. Children despair at the hands of this green-eyed monster. Those not trained in the art of handling their emotion with skill and fluidity can burn down something beautiful without even knowing it. The simple seed of doubt that is normally found within most children, or

friends, or lovers, creates a crack in the seam of joy and bonding, which can rarely be mended with unwilling parties. In the actual sense, it is not possible to completely cure jealousy, however, it makes sense to come from a place of humility and talk. Communication is essential when it comes to relationships, and a lack thereof can cause dramatic effects to a person, a household and a family at large. When two or more siblings bicker, it can be because of certain traits they have absorbed from their parents. In the case of couples in romantic relationship, judging your partner by where they have come from in the awkward hours of the night instead of supporting them with whatever they are going through and providing a shoulder to lean on may be an adverse change in direction of the boat set for a collision course with a reef. In this book, one is to find the in-depth analysis of; The meaning of jealousy and the varied myths and misconceptions surrounding this emotion. The different types of jealousy and how they affect different forms and kinds of relationships How jealousy affects self-esteem and how both are correlated. How jealousy can be linked to biological and psychological patterns of survival. The real reasons as to why you may feel jealous in a relationship. Studies that were done by fellows of science to prove the difference in jealousy between men and women of different ages. The trigger that sets the ball rolling in the jealousy park. Detailed steps on overcoming jealousy. Stages in dealing with jealousy. Fun ways of resealing the cracks of a relationship on the rocks. Do take your time to enjoy this book as we go deep into the dark, undoubtedly gruesome underbelly of the green-eyed monster, and have some fun while at it!
