Lovely, Lonely Life: a Woman's Village Journal, 1973-1982 (Volume I) - Mary Kelly Black 2007-10-22

These journal entries comprise two volumes of selections (Vol. I,

1973-1982, Vol. II, 1983-2003). Volume I includes an Introduction and some biographical memories. As Stephane Mallarme considered literature the antithesis of journalism, a journal is often the antithesis of a diary. It is of less interest to record moods and events, or barriers to self-realization, than to have ideas and insights about these. As a journal-keeper, I am generally disinterested in diurnal details, unless these form the compost of deeper exploration or revelation, seeking insight into my condition, not simply its description. A journal, therefore, is often more complex and difficult than a diary, far less personal in depictions of daily fortune, using everyday experiences as a stepstool (at the least) to peer beyond the walls of psychological enclosure. I did not choose the journal form to mask the personal, to belittle or avoid it, but to reflect my most intimate assessment of the personal as contributing to something greater: comprehension. It is not enough merely to record the frustrations, joys or barriers of living, without appraising these for what they represent and suggest, where we learn not merely reiterate. The ideal criteria of selection and discrimination apply not only to ones journal, but to life as well, adding a mythological drama and perspective that immersion alone does not permit. In some ways, journalizing is similar in impulse to the pastoral ethos or motif familiar in contemplative writing from Virgil to Thoreau: one withdraws from active society, toward natural or rural settings, in search of some form of respite, then returns to tell of their discoveries. Some critics have seen this as the organizing design of most North American fables--in fact, as the American mythology, seeking to heal the serious schism between our natural psyche and its more devastated environment; that is, a search for a middle ground (or via media) between the primitive and the technologically complex. This volume of journal selections resembles that motif, focusing on the withdrawal phase of a generally recuperative metaphysical cycle. Such solitude is intentional, a critical phase in the live/withdraw/live-again cycle of spiritual refreshment. A recuperative isolation can be experienced daily, if one is discriminating in how their time is spent, but is usually gained more intensely over long, purposefully reclusive periods. The motivations for my withdrawal were

several, perhaps the strongest a propensity (as described of another Irish writer) for being nearly overcome by the variety of life. If not overcome, certainly fatigued by events in and of themselves. A reflective silence seemed essential to examine the roots of this propensity. An ideal of pure time, free of most distractions (human or otherwise), was also necessary for writing of the sort that interested me, the personally contemplative or mystical. Only through such reflection could I ever achieve a meaningful connection with the more active life that surrounded me. The predominant experience of solitude--especially in a society where the value of withdrawal is suspect or sporadic--is the figurative isolation one experiences throughout the entire cycle of withdrawal and re-emergence. It is generally difficult for lovers of action to comprehend this attraction to non-doing. One of the aims of solitude is to reunite philosophy and religion, or rather philosophy and awe, to not accept the social impoverishment of these universal needs for knowledge and worship. The asceticism of retreat was not solely the traditional and philosophical appeal of simplicity, but the freedom from income-producing and time-consuming work it permitted. For the solitary, however, an ideal of pure time must be united with an ideal of intimate association, if the mystical quest is to be emotionally as well a

13 Things Mentally Strong Women Don't Do - Amy Morin 2019-01-10

The emergence of the #MeToo and #TimesUp movements have awakened society and encouraged women to find their voice and claim back their power. Contending with a host of difficult issues that demand psychological strength - in this crucial book, prominent psychotherapist

and licensed clinical social worker Amy Morin gives women the techniques to build mental muscle in 13 steps. Delving into critical issues like sexism, social media, social comparison, and social pressure, Amy offers thoughtful, intelligent advice, practical tips, and specific strategies; combining them with her personal experiences, stories from former patients, and both well-known and untold examples from women from across industries and pop culture. Throughout, she explores the areas women - and society at large - must focus on to become (and remain) mentally strong. Amy reveals that healthy, mentally tough women don't insist on perfection; they don't compare themselves to other people; they don't see vulnerability as a weakness; they don't let self-doubt stop them from reaching their goals. Insightful, grounded, and extremely timely, 13 THINGS MENTALLY STRONG WOMEN DON'T DO can help every woman flourish - and Amy will take readers on this journey with her, every step of the way.

I'm 30 Now What: A Woman's Guide To Living A Life Of Choice -
Ky-Lee Hanson 2017-11-02

I'm 30, Now What?! is a discovery through the perception of women born

between 1977 - 1987. At the time of writing this book, we are in our thirties. There is something about our generation that never quite fit in a traditional sense. Our authors are from, or have lived in, Canada, USA, Turkey, Germany, Barcelona, and Europe, yet there is a common feeling of displacement across the globe within our "lost" generation. We were the first generation to have vast choices around education, career, and our role in the household. We were able to stumble off the traditional path, and survive. We were raised in a very transitional phase from single to dual income households, and grew up during the rise of broken-homes. We saw war for its true colors - an industry and not an act of "freedom," the creation of the internet and watching it "burst," followed by an economic, banking, and housing crash. We also saw positive change: rapid gentrification, spirituality, equal rights, gay rights and same-sex marriage, the-everyday-feminist and females running the workplace, male nurses, stay at home dads, and moms to mompreneurs to childless-women-by-choice finding commonalities outside of mommyhood. As adults, we view diversity and open-mindedness as our way of life. We didn't start all these trends, but we are the outcome. We were born to be a generation of change; a generation of options. Maybe instead of being the lost generation, we were the born - Choice Makers. Yet, we don't fully own this... We CAN choose a life outside of a cookie cutter mold, and we have the right to be unapologetic when doing so. This book is a heavy, controversial eye-opener, while being a tool for healing, growth, owning your power, and embracing choice.

1995-08-22

NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's Our Shared Shelf Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

Beautiful Uncertainty - Mandy Hale 2016-02-02

To seek, pursue, and fall in love with Jesus with radical abandon. Single Woman Mandy Hale shares with readers what can happen in their lives by praying this powerful prayer. She has shown women how important it is to be secure in singleness by being smart, strong, and independent. In

this all new book, she will prompt readers to never settle and not miss out on the beauty that can be found in times of "waiting." The Single Woman Says: "Whether you're idling in stubborn sinfulness or walking in seeming never-ending singleness or living with any sort of waiting: Waiting for love, waiting for babies, waiting for marriage, waiting for a cure, or a miracle, or a sign, or for GOD . . . I hope my journey will make the wait a little easier and the uncertainty a little bit more beautiful." Starting with relationships, but going beyond into areas like career, friendships, and life, Mandy will guide readers through what you can achieve if you look beyond your current circumstances, never settle for less than what God has for you, and find beauty in the waiting.

Woman with a Movie Camera - Marina Goldovskaya 2006-10-01
Marina Goldovskaya is one of Russia's best-known documentary filmmakers. The first woman in Russia (and possibly the world) to combine being a director, writer, cinematographer, and producer, Goldovskaya has made over thirty documentary films and more than one hundred programs for Russian, European, Japanese, and American television. Her work, which includes the award-winning films *The House on Arbat Street*, *The Shattered Mirror*, and *Solovky Power*, has garnered international acclaim and won virtually every prize given for documentary filmmaking. In *Woman with a Movie Camera*, Goldovskaya turns her lens on her own life and work, telling an adventurous, occasionally harrowing story of growing up in the Stalinist era and subsequently documenting Russian society from the 1960s, through the Thaw and Perestroika, to post-Soviet Russia. She recalls her childhood in a Moscow apartment building that housed famous filmmakers, being one of only three women students at the State Film School, and working as an assistant cameraperson on the first film of Andrei Tarkovsky, Russia's most celebrated director. Reviewing her professional filmmaking career, which began in the 1960s, Goldovskaya reveals her passion for creating films that presented a truthful picture of Soviet life, as well as the challenges of working within (and sometimes subverting) the bureaucracies that controlled Russian film and television production and distribution. Along the way, she describes a host of notable figures in

Russian film, theater, art, and politics, as well as the technological evolution of filmmaking from film to video to digital media. A compelling portrait of a woman who broke gender and political barriers, as well as the eventful four decades of Russian history she has documented, *Woman with a Movie Camera* will be fascinating reading for a wide audience.
