Ahlulbayt Organization (www.shia.es) is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world, and it welcomes your involvement and support. Organization's purpose is to facilitate the dissemination of knowledge through a global medium, the Internet, to locations where such resources are not commonly or easily accessible or are resented, resisted and fought! Islam in Liberalism - Joseph A. Massad 2015-01-06

Joseph Massad's *Desiring Arabs* (UCP, 2007) was an intellectual/literary history that sought out links between Orientalism and representations of sex and desire, rebutting in the meantime Western efforts to impose categories of heterosexual/homosexual where (in Islam) no such subjectivities exist. His new book broadens the purview to show us what Islam has become in today's world, attending fully to the multiplication of meanings of Islam." *Islam in Liberalism* is an intellectual/political history, enabling us to understand that history in terms of how Islam operated as a category within western liberalism; another way to phrase this is to say that Massad underscores how the anxieties about what Europe constituted despotism, intolerance, misogyny, homophobia have gotten projected onto Islam. It is, he avers, only through this projection that Europe could emerge as democratic, tolerant, gynophilic, and hemophilic in short, Islam-free. But in fact Islam has been there since the birth of Europe. Liberalism has been the weapon of choice since the late 18th century against the internal" and external" others of Europe.

Massad's brilliant critique of anti-Muslim sexual politics in *Desiring Arabs* is now broadened provocatively to include NGOs, international organizations, and therapeutic programs. He moves from consideration of the meanings of democracy" (and the ideological assumption that Islam" is not compatible with democracy) through chapters on women in Islam, sexuality and/in Islam, psychoanalytic interpretations of Islamic themes, and the more recent development of the idea of Abrahamic religions" among those valorizing an inter-faith agenda. Overall, Massad sets this book up as a biting critique of the sort of liberalism Euro-American propagated and brought as good news" to an unenlightened Islam.

The Challenge of Islam to Christians - David Pawson 2022-02-11

The Challenge of Islam to Christians is David Pawson's most important and perhaps his most sobering - prophetic message to date. Moral decline and erosion of a sense of ultimate truth have created a spiritual vacuum in the United Kingdom. Pawson believes Islam is better equipped than the Church to move into that gap and it is far more likely to become the country's dominant religion in the future. This book unpacks and explains the background behind Pawson's claims. and - crucially - sets out a positive blueprint for the Church's response. Christians must rediscover and demonstrate to society the three qualities that make Christianity unique: Reality. Relationship and Righteousness. This book is essential reading for all Christians.

The Islamic Review - 1949**Islamic Guide to Sexual Relations** - Muhammad Ibn Adam al-Kawthari 2020-08-19

Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. *Islamic Guide to Sexual Relations* is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he

employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

Lost Islamic History - Firas Alkhateeb 2017-11-15

Islam has been one of the most powerful religious, social and political forces in history. Over the last 1400 years, from origins in Arabia, a succession of Muslim polities and later empires expanded to control territories and peoples that ultimately stretched from southern France to East Africa and South East Asia. Yet many of the contributions of Muslim thinkers, scientists and theologians, not to mention rulers, statesmen and soldiers, have been occluded. This book rescues from oblivion and neglect some of these personalities and institutions while offering the reader a new narrative of this lost Islamic history. The Umayyads, Abbasids, and Ottomans feature in the story, as do Muslim Spain, the savannah kingdoms of West Africa and the Mughal Empire, along with the later European colonization of Muslim lands and the development of modern nation-states in the Muslim world. Throughout, the impact of Islamic belief on scientific advancement, social structures, and cultural development is given due prominence, and the text is complemented by portraits of key personalities, inventions and little known historical nuggets. The history of Islam and of the world's Muslims brings together diverse peoples, geographies and states, all interwoven into one narrative that begins with Muhammad and continues to this day.

Indian National Bibliography - B. S. Kesavan 2017-05

Asian Children at Home and at School - Ghazala Bhatti 2002-01-04

This book is an ethnographic study of a comprehensive school in the south of England. It explores the views of teachers, Asian parents and their children concerning education and schooling. Young people between the ages of 13 and 18 were studied at home and at school and their experiences form the main focus of the study. The experiences of fifty Pakistani, Bangladeshi and Indian families - mostly of Muslim faith - are studied with a view to discovering what parents expect from their children's school and how the teachers perceive their own role with regard to their students. These young people are the first generation of Asians to be educated in Britain. Their location in terms of their social class positions, gender and ethnicity are inextricably bound together. They describe how they see their past and their future. This is the first study to take account of boys and girls in order to capture the complexity of their lived experiences.

Kunyaza - Habeeb Akande 2018-11-16

Originally from Rwanda, east-central Africa, the kunyaza sexual practice triggers female ejaculation and multiple orgasms in women during heterosexual encounters. The kunyaza technique is also practised in Uganda and Kenya, where it is known as kachabali. Benefits of kunyaza include: * facilitates female ejaculation and/or 'squirting,' * triggers multiple orgasms in women, * brings women to climax in less than five minutes, * helps men last longer in the bedroom, * enhances female pleasure, * stimulation of the K-Spot, and * an effective treatment for female orgasmic disorder. *Kunyaza* examines the cultural impact of Rwanda's pleasure-based sensual tradition and investigates whether it empowers women. The book also explores the psychology of female desire, analyses female ejaculation and G-Spot studies, and investigates the controversial practice of labia pulling. Drawing on extensive research from Western-trained sexologists, psychologists, and ssengas (female sex educators) from Africa, the book provides an intimate and illustrated guide on how to make a woman ejaculate.

Mappila Muslim Culture - Roland E. Miller 2015-04-27

Thorough exploration of the distinct culture of the Mappila Muslims of Kerala, India. This book provides a comprehensive account of the distinct culture of the Mappila Muslims, a large community from the southern Indian state of Kerala. Although they were the first Muslim community in South Asia, the Mappilas are little-known in the West. Roland E. Miller explores the Mappilas' fourteen-century-long history of social adaptation and their current status as a successful example of Muslim interaction with modernity. Once feared, now admired, Kerala's Mappilas have produced an intellectual renaissance and renewed their ancient status as a model of social harmony. Miller provides an account of Mappila history and looks at the formation of Mappila culture, which has developed through the interaction of Islamic and Malayali influences. Descriptions of current day life cycles, religion, ritual, work life, education, and leadership are included. Roland E. Miller is Professor Emeritus of Islam and World Religions at Luther College, University of Regina, and Professor Emeritus at Luther Seminary, Minnesota. He is the author of
