

Just The Sex

Just Sex - Guy Brandon 2012-12-17

People today are hopelessly confused about sex. On the one hand, it is meant to be something special. On the other, it is casually dismissed as trivial - merely or 'just' sex. Sex has also become a big issue for Christians. Faced with a barrage of messages from a sexually permissive environment and lacking a clear rationale for biblical teaching, many Christians are unsure of what they think. This book encourages us to consider whether the impact of our sexual relationships on others around us is fair, or just. With conviction and pastoral sensitivity, Guy Brandon explains the strength and integrity of the Christian world-view of sex. In doing so, he also addresses the inconsistency and inadequacy

of the prevailing idea that consent alone is enough to sanction a sexual relationship. Demonstrating the damage created by this approach he offers a better, more just way, which brings with it the promise of God's shalom.

Relax, It's Just Sex - Leslie Spurr Ph.D.
2017-05-18

Surveying the many forms of non-possessive intimate relationships, this book explains how these alternative lifestyle arrangements work, psychologically, and describes the benefits and risks for those involved within contemporary contexts such as swinging, threesomes, polyamory, and recreational sex clubs. The thought that one could have sex with outsiders with the consent and support of your spouse or significant other, and still love and make love with your primary partner, is a radical notion for most men and women. And yet, an increasing number of married and unmarried couples are doing just this, and their relationships are

flourishing as a result. Relax, It's Just Sex: Understanding Non-Possessive Intimate Relationships examines a relatively new form of intimate relationship that is increasingly popular among contemporary couples and singles. The book introduces the term "non-possessive intimate relationships" and shows from a psychological perspective how these arrangements work, emotionally and cognitively, for the individuals involved. Licensed clinical psychologist and relationship therapist Leslie Spurr, PhD, explores the psychologically issues involved and then takes a close look at various examples of the non-possessive intimate relationship style within several, mostly covert, contexts, in which relationship partners agree to provide each other with the freedom to engage intimately with outsiders. Written in a nontechnical, accessible style, Relax, It's Just Sex uses humor and references to popular culture, including films, novels, and songs, to engage the reader in content that is primarily

informative but also entertaining. This important and eye-opening book makes clear the significance and reasons for the growing popularity of the non-possessive intimate relationship phenomenon and explains why and how this "lovestyle" may constitute a sexual revolution.

Just Sex - Susan Kay Law 2007-06-05

Ellen, as her best friend affirms, just got handed the dream of half of the wives in America. Her husband just told her to have an affair. With her CEO husband, her kids, and her house keeping her busy, passion was never Ellen's first priority. But somehow her husband managed to make time in his schedule for it—with other women. Now he wants Ellen to believe that his reckless liaisons were nothing more than “just sex.” In fact, he's so desperate to prove his point that he's challenged her to find out for herself. After so many years, Ellen is hauling out her rusty flirting skills and following her free-spirited best friend into a world she thought she'd left behind

at the altar. She might not have any more faith in this marriage, but she's about to find some in herself—and what starts out as “just sex” might end up being a second chance to find something better.

Just Sex? - Nicola Gavey 2005

This is a valuable contribution to feminist and social constructionist work on rape that will be of interest to those studying psychology, gender studies, cultural studies and sociology.

Love, Sex, and Romance - Sergio Garcia 2002

We spend so much time worrying about the little things in life, money, objects, bills, insignificant things really. We give these things much more importance than they deserve because these things are so truly trivial when compared to the significant things in life like love, health, family, and friends. We allow these trivial things to constantly overwhelm us and worry us sick. We always wish for the future, as opposed to rejoicing in the present and appreciating life for what it truly is, a gift, an opportunity to love and

to be loved and by doing so opening our eyes to a truly beautiful reality, a reality we fail to see without love. We fail to see the true beauty of life, the beauty of a brand new morning, the beauty of a butterfly resting in a rose, or the sweet melodies the bird sing. Instead, we focus on the petty things, and by so doing we keep ourselves from achieving the true happiness we seek. Time and time again I have encountered unhappiness in life and particularly in relationships. People do not understand why their relationships are not going in the right direction. People wonder why they are not as happy as they wish they could be, and usually the reason for this is not an insurmountable one. This unhappiness is mostly caused by a lack of communication, lack of trust, lack of honesty, lack of attention or understanding. Sometimes a combination of these prevents us from achieving true happiness, but they can be overcome, and with my help and your willingness to change, you will achieve just that. These problems,

unfortunately, are very common, but there is a solution, a simple solution I want to share with you. I want to change the status quo by providing you with the tools you will need to overcome these problems. I want to provide you with the tools you need to more successfully approach your love interest, to better deal with your significant other, and to even improve your marriage and everyday life. I will show you how to communicate, appreciate, and better understand your partner; above all, I will help you love again. The reason behind this book being written is the beautiful feeling one feels as soon as one falls in love, a feeling that should never disappear. It should evolve and become more objective, but no less beautiful; the flame of love should never vanish. The honeymoon period, whether you are married or have just entered into your first relationship, should not fade and pass; it should just transform and it can! It will require a little effort and awareness of each other's preferences, but remember all

worthwhile endeavors do. The origin of this book then rests in the predominant lack of understanding between the sexes, in the predominant complaint, "My boyfriend pays more attention to his car than to me," as well as "My wife is always nagging; no matter what I do, she's never happy." The origin of this book is due to the strong belief that I can change that, that I can provide you, the reader, with a happy medium. I strongly believe that I can show you how to meet halfway, and become a happier person and a happier couple in the process. I believe that I can help change those statements to something more positive. I believe I can change those statements to something like: "my boyfriend enjoys spending time working on his car, but he loves me; I'm the most important thing in his life" or "my wife is the greatest - she knows how much I love her, and she knows any opportunity I get I want to be with her because I'm the most important person in her life." Myabe you noticed the use of "thing" and

"person" and that is a purposeful mistake, as you will soon learn.

Just Sex - Jodi Gold 2000

Just Sex chronicles the movement to bring an end to all forms of sexual violence on campus and gives voice not only to rape victims but also to reformed rape perpetrators, who describe the twisted logic through which rape becomes "acceptable" to young males and their peers.

Just Sex also gathers testimonials about homosexual rape, minorities and sexual violence, and presents the most complete collection of essays and primary documents on a movement that has altered the sexual landscape of our campuses and communities forever.

No Sex Please, I'm Menopausal! - Stevie Turner
2018-11-27

After going through the menopause Lyn finds that she no longer wants sex. This is unfortunate, as her husband Neil still does. When he discards her after 35 years of marriage like an old worn out shoe, Lyn moves to Cornwall to start a new life. However, new friends are hard to find, and she feels lonely. On the spur of the moment she decides to join an online dating site, 'MatchULike', just for companionship. Amongst the peculiar people she meets is Peter; shy, and conscious that his 'gentleman's' operation has rendered him an unattractive prospect in the marriage stakes. Lyn makes a friend of Peter, but when Neil gets

It's Just Sex... (isn't It?) - Nerys McCabe
2020-11-13

Matt is married! Chris is a holiday romance! And then there's Lucy! (Oh and Sam!) When Kate realises that it's never just physical, life suddenly becomes very complicated! Kate, (over-thinker extraordinaire!) has never been in love. So when Matt, celebrity chef and overall hottie, sweeps her off her feet one night, she is confused and flattered and falls head-over-heels in love with him! But there's one big problem...he's married! In an attempt to get over him, she has a holiday romance with 'Richard Madden lookalike', Chris - he's gorgeous, rich and besotted with her. But she can't get past the

fact that he's nearly ten years younger than her! Is the age gap really the problem? Or is Kate still in love with Matt? Kate finds herself on a relationship rollercoaster as she works out what really matters! After all, it's just sex...isn't it? Nerys McCabe has a sharp, witty style that will have you laughing at Kate's exploits all the way through, whilst really rooting for her at the same time. Highly recommended. 5* amazon review

Just Sex - BJ Henderson 2022-11-03

This is a book of six short stories. First is about an inexperienced young girl who, when she was publicly humiliated, instead of running and crying, she gets the ultimate revenge when she becomes an Internet star. Next is an average girl who changed her life when she answered an ad to become a licensed sex worker at a brothel in Pahrump, Nevada. where after a tragedy, she finds unexpected love. The third story is about a girl who grew up in a very old house in Maine, only to find out she had been living with a ghost,

and something very unexpected happens. The next story is about a young girl thrown into unexpected circumstances when she thinks she has found love. Then there is Melody, an insatiable girl who decides to backpack across Europe and all the experiences she has along the way. Last is about a girl who finds unexpected pleasure through avenues on the dark Web.

Prime - Pepper Schwartz 2009-10-13

"Sex can be just gorgeous—and sometimes it is the most beautiful thing that can happen between a man and a woman. But don't you also think that it can be just practical? Like when you're hungry and don't want a three-course meal with wine, music, and ambience; you just want a sandwich. You don't love the sandwich. You don't hate the sandwich. You just want to eat the sandwich and feel satisfied." Dr. Pepper Schwartz has always encouraged women to embrace their sexual appetites. After three decades of answering people's questions about their emotional, sexual, and romantic lives; after

writing several books on sex and relationships; after thirty-five years as a sociology professor at the University of Washington, she has formed firm opinions about sex and relationships. However, when her own situation changes, when she becomes a single woman after twenty-three years of marriage, she has to reevaluate and discover how sex and dating can work for her at this unique time in her life. Masters and Johnson, the famous sex researchers concluded that you can have sex, and want sex, way into old age, if you never stop doing it. And Pepper is very sure that she never wants to stop doing it. Now, she must make the effort to put herself in the running—getting in shape physically, emotionally, and spiritually—and figure out ways to meet worthy and available men. Ideally, she would like to have a serious relationship, but if that isn't in the cards, she still wants sex and companionship. And while she may feel as sexually alive as she did when she was twenty-five, the number and availability of men has

changed. So, how do you look for a life partner after fifty and enjoy sexual adventures along the way? Prime is Dr. Pepper's response to this question. It's her story of exploration—sex, adventure, and romance—spread out like a road map for women of every age, because even as she is telling her own tale, she doesn't forget to exercise her talent for advice. Whether you're looking to wake up a tired sex life, start a new relationship, explore cyber-dating, indulge in a four-hand massage, flirt with gigolos on vacation, or commit to the love of your life, you can find tempting tips and genuinely helpful guidance. The prime of life has lengthened and as Dr. Pepper's experiences show, it would be wrong not to live every moment to the fullest. Calling for a brave and creative reevaluation of what is possible in the second half of women's lives, Prime invites every woman to relish her sexuality, take risks, and go after what she really wants—whether it's a sandwich or something substantially more satisfying. . . .

If It's Love You Want, Why Settle for (Just) Sex? - Laurie Langford 1997-05

In this testimony to self respect and discipline, Laurie Langford explains why any woman will want to consider postponing the sexual side of a relationship until a solid foundation of love and commitment is well established.

Just Sex? - Nicola Gavey 2013-10-14

Winner of the Association for Women In Psychology 2006 Distinguished Publication Award! The past two decades have witnessed a significant shift in how rape is understood in Western societies. This shift in perception has revealed the startling frequency of occurrences of date rape, obscuring the divide between rape and what was once just sex. *Just Sex?* combines an overview of the existing literature with an analysis of recent research to examine the psychological and cultural implications of this new epidemic. The result is the conclusion that feminist theory on sexual victimisation has gone both too far and not far enough. The reader is

presented with a challenging and original perspective on the issues of rape, sex and the body, incorporating subjects including: * rape as a social problem * the social constructionism of sex, subjectivity and the body * heterosexuality under the microscope This book succeeds in making a valuable contribution to feminist and

social constructionist work on rape that will be of interest to those studying psychology, gender studies, cultural studies and sociology. *Just Sex? The Cultural Scaffolding of Rape* was selected as a 2005 winner of AWP's (Association for Women in Psychology) distinguished publication award.
