1997-02-19

A revealing examination of how lesbian and bisexual women come to see themselves and what those identities mean to them.

Education, Research, and Practice in Lesbian, Gay, Bisexual, and Transgendered Psychology - Beverly Greene 2000

This comprehensive resource manual provides information and references on important lesbian, gay, bisexual and transgendered issues which are required to make psychology curriculums and clinical competencies more inclusive.

Lesbian, Gay, and Bisexual Identities over the Lifespan - Anthony R. D'Augelli 1995-02-09

Over the last fifteen years, psychological research regarding sexual orientation has seen explosive growth. In this book, Anthony R.

D'Augelli and Charlotte J. Patterson bring together top experts to offer a comprehensive overview of what we have discovered--and what we still need to learn--about lesbian, gay, and bisexual identities. Writing in clear, nontechnical language, the contributors cover a range of topics, including conceptions of sexual identity, development over the lifespan, family and other personal relationships, parenting, and bigotry and discrimination. *Lesbian, Gay, and Bisexual Identities Over the Lifespan* is essential reading for researchers, students, social scientists, mental health practitioners, and general readers who seek the most up-to-date and authoritative treatment of the subject available.

Lesbian, Gay, and Bisexual Identities and Youth - Anthony R. D'Augelli 2001

Changes in biological processes, relationships,

and community interactions influence the emergence of sexuality in all young people. The process is more complex and difficult for lesbian, gay and bisexual (LGB) teenagers. This book explores the psychological dimensions of LGB identities from puberty to adulthood.

Counseling Lesbian, Gay, Bisexual, and Transgender Substance Abusers - Dana G. Finnegan 2002

This book, a completely revised version of the authors' 1987 *Dual Identities*, offers insight on the special treatment issues of lesbian, gay, bisexual, and transgender (LGBT) substance abusers. It describes stages of sexual identity transformation, looks at different counseling approaches, and gives practical suggestions for helping clients. Information is accessible to beginning and experienced counselors as well as patients. Finnegan, an alcohol counselor, and McNally, a psychologist and alcohol counselor, are co-founders and current board members of the National Association of Lesbian and Gay

Addiction Professionals. c. Book News Inc.

[Gay and Lesbian Asia](#) - Gerard Sullivan

2013-09-13

How do Asian cultures construct queer genders, sexualities, and eroticism? *Gay and Lesbian Asia* demonstrates the astonishing diversity of gay, lesbian, bisexual, and transgendered identities in countries including Korea, Thailand, Malaysia, China, India, Indonesia, Singapore, and the Philippines. Although many Asian cultures borrow the language of the West when discussing queerness, the attitudes, relationships, and roles described are quite different. *Gay and Lesbian Asia* discusses cultural issues as well as the unique political position of gays in Asian societies. For example, the Thai concept of phet--eroticized gender--is quite different from the Western view that classifies people by the sex of the partners they desire, not by their level of masculine or feminine traits. Similarly, some gay and lesbian Chinese people "come home" rather than "come

Downloaded from
legacy.opendemocracy.net on 2022-08-15
by guest

out.” By bringing their partners into the extended family, they can maintain the filial relationships that define them while being able to love whom they choose. The essays in *Gay and Lesbian Asia* cover a broad range of approaches and subjects: globalization theory exploring the political and cultural ramifications of the Western gay identity movement Foucauldian discourse on sexuality and sharply distinct erotic cultures political and cultural analyses of gay and lesbian comradeship and filial relationships in Chinese societies research on the “T” and “po” lesbians (similar to butch and femme) in Malaysian bars the formation of gay cybercommunities in Asia the effects of class distinctions on Jakarta lesbians studies of local historical forms of homoeroticism and transgenderism *Gay and Lesbian Asia* continues Haworth's landmark series of books on gay and lesbian issues in Asia and Australia. Along with Tongzhi: Politics of Same-Sex Eroticism in Chinese Societies; *Queer Asian Cinema*;

Multicultural Queer: Australian Narratives; *Gays and Lesbians in Asia and the Pacific*; and *Lady Boys, Tom Boys, Rent Boys: Male and Female Homosexualities in Contemporary Thailand*, this book presents some of the most original, powerful current thought available on cultural, political, sexual, and gender issues for queer subcultures within Asian cultures.

Sexual Identities and Sexuality in Social Work - Priscilla Dunk-West 2016-04-01

Sexuality and sexual identity have been relatively marginalized areas in both social work education and practice. However, changes in policy and legislation in the UK and other countries over the past decade have brought discussions of sexuality into the mainstream public service agenda. In social work and social care, gay and lesbian citizenship rights have been explicitly recognised. In the fields of adoption and fostering new regulations and guidance have helped improve and develop practice around assessment and intervention. It

Downloaded from
legacy.opendemocracy.net on 2022-08-15

remains the case, however, that sex is often perceived as a problem area within social work and social care, discussed only in relation to sexually diverse communities or in the realm of dysfunction or pathology. This collection aims to generate a more proactive and challenging discussion of sexuality and sexual identity in social work. Its starting point is that sexuality is an essential aspect of individual identity, that users must be able to express their sexuality, and that it is essential for social workers to be able to respond and discuss sexual issues appropriately. The contributions are informed by feminist research, considering, in particular, the experiences of women working in and using social care services since the 1990s. In addition to a consideration of the wider policy, legislative and service providers' perspectives, the book includes reflective accounts as well as researched contributions, offering a comprehensive and balanced account of this important field, which aims to inform both theory and practice.

Lesbian Epiphanies - Karol L Jensen

2013-12-02

Exploring identity development and gender orientation, *Lesbian Epiphanies: Women Coming Out in Later Life* contains firsthand information about the experiences and difficulties of women who discover and reveal their newfound lesbian sexuality in later life. Psychologists, social workers, counselors, and professors will find that *Lesbian Epiphanies* is the first book to extensively quote from interviews of lesbians and bisexuals who had entered into heterosexual marriages. From the analysis of these 24 interviews, the psychological, erotic, and social processes of women who come out as lesbians or bisexuals after a heterosexual marriage are clearly explained so you can better assist your clients throughout this coming-out process. Discussing the personal and societal standards which clouded early self-awareness for these women, *Lesbian Epiphanies* lifts the veil of confusion to clearly illuminate the issues at hand

to assist you in understanding and helping your clients. From the case studies in this important book, you will learn how some women came to realize their same gender attractions and the barriers they faced, including negative attitudes toward lesbian women and the lack of strong role models. Helpful and informative, *Lesbian Epiphanies* explores the development of sexual identity in women in the United States today and provides you with essential information to help you improve your services to lesbian and bisexual clients by: examining how the role of marriage in American culture stifles a woman's self-awareness of her sexuality in order to help clients avoid the mistake of a heterosexual marriage before husbands and children are involved examining reasons behind the lack of valuable sexual information in America that limits a woman's general awareness of herself, her body, her sexuality, and her life options understanding the challenges that lesbians and bisexuals experience when attempting to

establish their true identities to assist your clients in overcoming these barriers suggesting support groups for clients who are having a difficult time becoming used to the ideas and feelings of some same gender attractions This insightful book knocks down the sociological and psychological barriers that keep women from realizing or acknowledging their real sexual orientation by dispelling societal and cultural myths about what it means to be a woman in the United States. Offering you invaluable advice on how to help clients effectively and happily live with their new identities, *Lesbian Epiphanies* provides solutions to the challenges that women experience in establishing their other-than-heterosexual orientation in a heterosexist society.

Sexual Identity on the Job - Alan L Ellis
2014-01-09

Sexual Identity on the Job provides academics and practitioners with a solid resource for addressing sexual identity concerns and issues

Downloaded from

in the workplace. It offers corporate trainers, managers, and policymakers suggestions for creating a positive psychological environment of inclusion for all workers through policies of nondiscrimination, the availability of domestic partner benefits, and solid efforts to eliminate on-the-job discrimination toward lesbians, gays, bisexuals, and transgender individuals. It educates social service providers about company actions of which they need to know in order to effectively support their gay, lesbian, bisexual, and transgendered clients. As a compilation of scholarly and applied perspectives, *Sexual Identity on the Job* covers such topics as multicultural identity (multiple identities) development; legal and policy issues of employment; career development issues for lesbians, gay men, bisexuals, and transgender persons; and how inclusion improves productivity among all groups. By including both perspectives, this unique volume offers both academics and practitioners a broader

knowledge of the field and relevant issues, and possible solutions for sexual identity concerns and questions in the workplace. Chapters in *Sexual Identity on the Job* address a diverse set of issues relating to ways in which those concerned about the psychological well-being of gay, lesbian, bisexual, and transgender workers can address their needs while recognizing their desire to lead productive, fulfilling lives. The contributors, in promoting workplaces that offer all workers inclusion, safety, and a place to thrive psychologically and emotionally, cover such topics as: gay, lesbian, and bisexual career development and counseling issues managing multiple identities (race, gender, sexual orientation) in the workplace current trends in economic discrimination toward lesbians, gay men, and bisexuals and relevant legal concerns domestic partner benefits the relationship between inclusion and productivity *Sexual Identity on the Job* chronicles the development of research, specific concerns which have been

addressed, and where current research leaves this situation. It also provides some interpretation of the past and current research and its implications for lesbians, gay men, bisexuals, and transgender workers and their co-workers. It betters relationships among gay and straight workers, administration, and management by promoting equal and fair treatment, in regard to both legal and policy issues and in interpersonal relationships, to all employees. Corporate trainers of all levels, academic researchers, career and other counselors, and the general public will find its pages filled with applicable and helpful information.

Lesbian, Gay, and Bisexual Identities Over the Lifespan - Anthony R. D'Augelli 1995

Over the last fifteen years, psychological research regarding sexual orientation has seen explosive growth. In this book, Anthony R. D'Augelli and Charlotte J. Patterson bring together top experts to offer a comprehensive

overview of what we have discovered--and what we still need to learn--about lesbian, gay, and bisexual identities. Writing in clear, nontechnical language, the contributors cover a range of topics, including conceptions of sexual identity, development over the lifespan, family and other personal relationships, parenting, and bigotry and discrimination. cognitive revolution, developing perspectives on understanding individual differences and the role of culture, and the increasing role of neuroscience. The key figures are there as well — Harry Harlow, Kenneth Spence, Raymond Cattell, George Kelly, Albert Bandura, Carl Rogers, Carroll Izard, Walter Mischel, Sandra Bem, Sandra Spence, Herbert Simon, David Barlow, and many others. In late 2004, I met with a group of interested graduate students, and together we developed a proposal to join this long and proud tradition with a volume on sexual orientation. Our motivation stemmed, in part, from the events around us. The same-sex marriage debate was covered extensively in the media, reflecting a rapid and important discussion about sexual orientation that we were having (and are still having) as a society. Psychology and related fields have much to offer on many of the issues raised in this debate.

Journal of Gay, Lesbian, and Bisexual Identity - 1999

Bisexual Imaginary - Bi Academic Intervention
1997-01-01

This collection of essays focuses on historical and contemporary representations of bisexuality - both "real" and "imagined" - in literature, film and the visual arts. They ask questions concerning what it means to desire both men and women and explores the role of bisexuality in the construction of every person's sexual identity.

Lesbian, Gay, & Bisexual Identities in Families - 1998

Homoplot - Esther Saxey 2008

Homoplot analyses the lesbian, gay and bisexual coming-out story in fiction and autobiography from the late 1960s to the present day. These stories are recognised as an invaluable record of lesbian, gay or bisexual life. However, this book illuminates their equally vital role as active tools in the arduous project of creating gay, lesbian and bisexual identities - constructing the

identities they seem to describe. Homoplot shows how a popular twist of the plot, or a single common character trait, can be a powerful intervention into sexual politics. Approaching these texts with the tools of queer criticism, the book celebrates their success, but also illuminates their chief problem: how the need to create concrete sexual identities has often narrowed the range of queer experiences represented. Despite the ongoing popularity of coming-out stories, this is the first book-length study of the genre. Homoplot surveys hundreds of examples - including in-depth readings of authors such as Jeanette Winterson, Dorothy Allison, Rita Mae Brown, Oscar Moore, Paul Monette and Aaron Fricke - and provides an incisive account of the genre's defining features. The book is essential reading for anyone considering queer literature, or lesbian, gay and bisexual identity in the twentieth century and beyond. Researchers and students considering life history and autobiography will also benefit

from its analysis of feminist and queer politics. **Contemporary Perspectives on Lesbian, Gay, and Bisexual Identities** - Debra A. Hope
2010-11-19

Older Lesbian, Gay and Bisexual Adults - Andrew King 2016-06-03

Andrew King is Senior Lecturer in Sociology at the University of Surrey, UK and co-editor of *Sociological Objects: Reconfigurations of Social Theory*.

Lesbian, Gay, and Bisexual Identities in Families - Charlotte Patterson 1998

The authors bring together recent scholarship

and empirical research on family relationships and dynamics in families that do not follow the traditional assumptions that both parents and children are heterosexual.

Looking Queer - Dawn Atkins 2012-10-12

Looking Queer: Body Image in Lesbian, Bisexual, Gay, and Transgender Communities contains research, firsthand accounts, poetry, theory, and journalistic essays that address and outline the special needs of sexual minorities when dealing with eating disorders and appearance obsession. *Looking Queer* will give members of these communities hope, insight, and information into body image issues, helping you to accept and to love your body. In addition, scholars, health care professionals, and body image activists will not only learn about queer experiences and identity and how they affect individuals, but will also understand how some of the issues involved affect society as a whole. Dismantling the myth that body image issues affect only heterosexual women, *Looking Queer* explores body issues

Downloaded from
legacy.opendemocracy.net on 2022-08-15

based on gender, race, class, age, and disability. Furthermore, this groundbreaking book attests to the struggles, pain, and triumph of queer people in an open and comprehensive manner. More than 60 contributors provide their knowledge and personal experiences in dealing with body image issues exclusive to the gay and transgender communities, including: exploring and breaking down the categories of gender and sexuality that are found in many body image issues finding ways to heal yourself and your community discovering what it means to “look like a dyke” or to “look gay” fearing fat as a sign of femininity determining what race has to do with the gay ideal discussing the stereotyped “double negative”--being a fat lesbian learning strategies of resistance to societal ideals critiquing “the culture of desire” within gay men’s communities that emphasizes looks above everything else Revealing new and complex dimensions to body image issues, Looking Queer not only discusses the struggles and hardships of

gay, lesbian, bisexual, and transgendered persons, but looks at the processes that can lead to acceptance of oneself. Written by both men and women, the topics and research in Looking Queer offer insight into the lives of people you can relate to, enabling you to learn from their experiences so you, too, can find joy and happiness in accepting your body. Queer Studies - Brett Beemyn 1996

An anthology of expanded versions of papers presented at a November 1994 conference held at the University of Iowa, with sections on issues of identity and queer theory in practice. Essays are distinguished by their accessibility to undergraduates and non-academic readers, and cover areas that have often been marginalized by queer studies in the past, such as race, transgender, bisexuality, and s/m. Subjects include recontextualizing butch in 20th-century lesbian culture, and scientific racism and the
